

W. P. GUTHRIE

One of Our Most Prominent Merchants Left Monday For Greenville, Ala., Where He Will Locate.

Mr. W. P. Guthrie, who has been one of our most prominent clothing merchants for a long number of years, has closed out his business in this city and left Monday for Greenville, Ala., where he will open an up-to-date novelty store. He is one of our best known, most prominent and enterprising citizens and it is with deep regret that we see him leave Mt. Sterling, but it gives us pleasure in commending him to the good people of Greenville and we sincerely hope that he will be successful in the hustling little Southern city.

Mr. T. G. Denton will leave Thursday for the same city and will be associated with Mr. Guthrie in his new enterprise. Mr. Denton is one of the most popular citizens in Mt. Sterling and has had a long experience in the mercantile business. He is a gentleman of the old school we sincerely hate to see leave this city, but heartily commend him to the people of Greenville.

The families of these two gentlemen will join them within the next two months.

SCHOOL BONDS SOLD

Mt. Sterling Public Graded School Bonds Sell at \$105 to Foreign Parties.

At the meeting of the Board of Trustees of the Mt. Sterling Public Graded School held at the office of Mr. C. D. Grubbs last Friday the sealed bids which had been advertised for the sale of the school bonds for the erection of an additional school building were opened. There were 19 bids received by the Secretary of the Board and the bid of Seasongood & Mayer, of Cincinnati, Ohio, being the highest and best bid, was accepted. Their bid was \$15,750.00 for the \$15,000.00 worth of bonds, said bonds being dated Jan. 1, 1912, bearing 6 per cent interest, payable semi-annually, redeemable \$1,000 yearly beginning Jan. 1, 1913. The next nearest bidder was \$21.00 less than the successful bidders. In addition to the premium paid on the bonds, the purchasers agreed to furnish the lithographed bonds free of charge to the school.

The fact that bids would be received for these bonds was advertised in the ADVOCATE ONLY and that 19 sealed bids were received for same is evidence conclusive of its worth as an advertising medium.

GOVERNOR GRAY

AND COUNTY TAX

Crack Racers Burned to Death Last Sunday at Stockwood, the Country Home of Capt. J. T. Williams.

Governor Gray and County Tax, two of the crack racers of Capt. J. T. Williams, of Spring Station, were burned to death Sunday morning in a fire that destroyed a small barn on his place.

Governor Gray was estimated to be worth \$25,000, and County Tax \$3,000. The insurance on Governor Gray was \$10,000, and on County Tax \$2,000.

Governor Gray was one of the best three-year-olds in the State, having won the Latonia and Jacksonville derbies last season and a number of races at Latonia, Jacksonville, Louisville and Lexington.

Without going into detail as to his races let it be stated that he won as a two-year-old six races and that his earnings were \$4,112, and that as a three-year-old (this year) he won seven races and earned \$15,051, his record complete being 41 starts, 13 firsts, 12 seconds, 6 thirds and ten times unplaced with a total of \$19,163 net earnings to his credit.

He was the holder of many records, among them being the 1 1/2 mile record made in the Latonia Derby last spring, in which he came within 3-20 of a second of equaling the world's record for the distance, running the distance in 2:30 2-5. County Tax, while not in the class with Governor Gray, was a consistent performer and had won many races.

Besides losing the horses and barn there was a quantity of corn, oats and hay destroyed. The origin of the fire is unknown. Only the cook and Capt. Williams, who was sick in bed, being at home at the time. This is the second time that Capt. Williams has lost a high class horse as a few years ago he lost Rams Horn, who was considered one of the greatest racers in the world, and he has the sympathy of thousands of friends, being one of the best known men on the turf.

The citizens of West Main street are very grateful to the Mayor and City Council for clearing off the dirt from the recently constructed sidewalks and the construction of a temporary cinder crossing in that section, providing a way to get to the city without wading through the deep mud on the opposite side of the street, pending the settling of the suit, regarding the construction of a sidewalk, abutting the property of Mrs. Maguire, that should have built many years ago.

LOOSE LEAF

TOBACCO WAREHOUSE

To be Established in This City—Market Will Probably Open Early in December.

The tobacco meeting of the Burley Tobacco Society of this county was held at the court house here Saturday. Addresses relative to the 10 year pooling plan were made by Pres. Clarence LeBus, V. Pres. Ferguson and Col. A. W. Hamilton, of this city. Several signers were secured.

A movement was launched to secure the establishment of a loose leaf warehouse in Mt. Sterling, and after a good deal of discussion a vote of the growers was taken on the proposition to open the market here, and it was unanimous in favor of the project, and President LeBus agreed to open the market. There will have to be some improvements made at the warehouse of the society, where the loose leaf market will be held, and the market will be open as soon as these can be made, which will probably be early in December. The County Board of Control will employ capable men to take hold of the business and conduct the sales, and efforts will be made at once to get the factories and the American Tobacco Company to send buyers to this market.

Mt. Sterling has always been one of the best markets in the State, and for two years stood third in the amount of the weed hauled.

Harris preach some time ago said that he was amply repaid for his long trip by having the privilege of again hearing this good man.
