Why Buy McClure's?

McClure's Magazine is bought and read in homes not because use it is a magazine, but because it is the magazine. Why?

FIRST—THE PRICE. It costs but one dollar a year, or less than ten cents a number, for over thirteen hundred two-column pages of reading matter. This amounts in actual bulk to twenty or twenty-five books costing any where from a dollar to two dollars a volume.

SECOND—QUALITY. The reading matter is written by America's leading writers—the best short story writers, the best writers on timely articles, the best writers of important serials, such as Schurz's Reminiscences or Baker's Railroad articles.

THIRD—TIMELINESS. The reading matter in McClure's is not only good; it is also about the subjects in which you and all Americans are most interested at the time. No subjects in the next twelve months are going to be so important as the question of railroad rates and rebates and the question of life insurance. Both of these questions will be discussed by authorities in an impartial, careful, interesting way.

FOURTH—ITS CHARACTER. McClure's Magazine is not edited for children, but at the same time, there is never a line in it that any young girl might not read. Its advertising pages are as clean as its editorial pages.
