LAWRENCE instructed for Frich and Monday.

GEN. MARMADUKE will be a candidate for Governor in Mo.

RUSSIA seizes newspapers and England muzzles the editors.

PAT. DONAN is spoken of as a candidate for Territorial Delegate to Congress from Dakota.

GEN. WOOD climbed a tree yesterday. No other startling event marked the Egyptian war.

THE Yellow John is still sticking its nose around in places where it is not wanted, on the Texas border.

MASON COUNTY will hold precinct conventions to-morrow, to appoint delegates to the Congressional Convention at Grayson.

A NEW ENGLAND medicine man who makes cod-liver oil out of damaged lard and sells it at \$2 per bottle, ships 3,000,000 bottles West, to say nothing of what he uses for home consumption.

Why is it that the Republicans all want Owens nominated for congress and don't want Tilden nominated for the Presidency? Democrats, think a moment, and the answer will come to you.

ROCTOR KNOTT'S opinion of the recent session of Congress, as given to a Louisville Commercial reporter, is that "it was neither a brilliant Congress nor a bad one. It was rather commonplace."

READERS should remember always that the Alexandria dispatches pass through the hands of an English censor. If Arabi also was allowed a censor we might get at the true inwardness of the situation.

E. F. CLAY, Chairman of 7th Congressional District, calls on chairmen of county committees to meet at the Phoenix Hotel, in Lexington, on Aug. 30th to designate a time and mode of selecting nominees of this district.

THE St. Louis Post-Dispatch says Democratic prospects in Pennsylvania brightening. Don Cameron has just been compelled to pay a security debt of \$10,000. The withdrawal of this amount of money from the canvass may turn the scale.

AN Iowa book canvasser, who did not deliver his goods, found himself at one end of a rope Tuesday, and four able-bodied citizens at the other. They mercifully spared his life, however, which shows how patient mankind can be under great provocation.

A HEN out West has laid an egg with a needle in it. That's nothing. Paris had a hen to go to setting on a bushel basket of eggs, from which were hatched two sewing machines and a red hot cook stove. This hen can do anything she wants to—but she doesn't court notoriety.

"Is the fly a nuisance or a blessing?" asks the Inter Ocean. Of course it depends on the circumstances. A fly in the butter is recognized as a nuisance, but a fly on man's nose when he is sitting for a photographer lends a pleasant expression to his features, and is indisputably a blessing.

THE poison Louisville Commercial has espoused the cause of Owens and vilified Joe Blackburn with a lying vindictiveness that will give him a majority like Tom Henry's. The best thing Owens could do, would be to kill off the unscrupulous lying reporter that is following the racket around. But, it suits Blackburn, so will not grumble.

In the Maysville District, it appears settled that there will be a high old time at the Grayson convention. It will be the field against Keene Britch and a regular Hargis and anti-Hargis element, in which it will be a death struggle for the mastery. Every true Democrat will regret that this feudal element of bitterness has been dragged into this race unnecessarily, but it should not necessarily endanger the district, no matter who may be the nominee.

Fine Bourbon Farm PRIVATE SALE.

I wish to sell privately my farm of 250 acres, lying one mile south-east of North Middletown, Bourbon county, on the turnpike leading to Mt. Sterling.

The farm is in a high state of cultivation, well timbered, well watered and well fenced—nearly all of the outer line being stone.

The improvements are first-class, and are comparatively new. The dwelling is a two-story brick, with ten rooms. All of the out-buildings are good and convenient. The barn has a capacity of housing ten acres of tobacco.

The place is located convenient to good schools and churches, and is in as fine neighborhood as there is in the bluegrass region.

For further information, address, or call on me at the premises.

I mean business.

THE LOUISVILLE Weekly COMMERCIAL.

THE LOUISVILLE COMMERCIAL, with daily and weekly editions, for years past recognized as a leading paper of the South and West, was established in 1869 by a number of Kentuckians for the purpose of disseminating those principles of individual liberty, civil equality, public honesty, and devotion to national unity and the supremacy of the National Constitution on which they believed the welfare of the whole country to depend, and which they felt it was especially important that the people of Kentucky and the Southern States should cordially accept and act upon. The paper has steadfastly advocated and defended these principles during its whole career, and still devotes itself to their maintenance. It is a special friend to the development and prosperity of the South on that foundation of justice to all, which is the only sure basis of permanent tranquility and healthful progress.

COL. L. T. FOSTER.

YOUNGSTOWN, OHIO, MAY 10TH, 1880. B. J. KENDALL & Co., Gents;—I had a very valuable Hambletonian colt which I prized very highly; he had a large bone spavin on one joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it, and got our druggists here to send for it; they ordered three bottles, I took them all and thought I would give it a thorough trial, and used according to directions and the fourth day the colt ceased to be lame, and the lumps had disappeared. I used but one bottle and the colts limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very Respectfully, L. T. FOSTER.

Send for Illustrated Circular which gives positive proof of its virtues. No remedy ever met with such success to our knowledge, for best as well as man. Price \$1. per bottle or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price, by the proprietors, B. J. Kendall & Co., Enosburgh Falls, Vt. SOLD BY ALL DRUGGISTS.

GIVEN AWAY! THE HORSE AND HIS DISEASES. A TREATISE

A merciful Man is merciful to his beast. Giving an index of diseases and the symptoms; cause and treatment of each, a table giving all the principal drugs used for the horse, with the ordinary dose, effects and antidote when a poison; a table with an engraving of the horse's teeth at different ages, with rules for telling the age of the horse; a valuable collection of receipts and much valuable information.

BY B. J. KENDALL, M. D. 65 ENGRAVINGS 65

This book, during the short time since its original publication, has been recognized as one of the most reliable authorities on anything pertaining to the horse's condition or treatment. The best evidence of its popularity is the immense sale which it has met with, over 650,000 have been published and sold in all parts of the northern states. Hundreds of testimonials to the efficacy of the treatment advised can be shown, and in many cases a reference to this book and prompt following of its advises has saved the lives of valuable animals. It is plain and simple in its terms, and can be understood by anybody. A distinguished veterinary surgeon, who possesses a library comprising the most costly books on the horse, recently said that he would part with almost any of them rather than with this treatise, which comprises so much.
