The Massachusetts voters knew Gen. Butler to be a Democrat, because they saw the cock in his eye.

The grand jury of Memphis has indicted a man who bet \$4,000 on the result of the Tennessee election.

SILVER spoons are now a legal tender in Massachusetts. They pass current where brass medals will not.

The President didn't interfere in the hanging of Brave Bear Wednesday. The President has had his dose from interfering with outside business lately.

The Courier-Journal has nominated McDonald and Cleveland, on the Democratic ticket for President, and Bob Ingersoll nominated Gen. Tecumseh Sherman and Bob Lincoln as the Republican nominees. Let's reverse the former and call it a "go."

BOB INGERSOLL refused to take an oath on the bible the other day. He did not object to being sworn ordinarily, but did not desire to encourage that mode of swearing. Ordinarily, a man's oath ought to be golden, when given on a blue-backed spelling book, a dictionary, or a bible.

SENATOR VEST, nominates Cleveland, of New York, for President, and Joe McDonald, of Indiana, for Vice President. To quote his words: "I had rather vote for Joe McDonald for President than any man in the United States; but if Cleveland can keep the New York Democracy united, nothing can prevent his nomination and election. With him or Joe McDonald for President, and Carlisle for Speaker, the Democracy would hold the country for fifty years. It would mean the dawn of another and a new Democracy—a Democracy in full accord with the age and day in which we live, a progressive, liberal and broad-gauge policy."

We have met the enemy and we are his'n. We have made our remarks and we are now ready to listen to the gentleman from New York. We could have dug out, perhaps, and explained about New York, but when almost every state in the Union rose up and made certain statements yesterday, we found that the job of explaining this matter thoroughly would be wearisome and require a great deal of time.

We do not blame the Democracy for this. We are a little surprised however, and grieved. It will interfere with our wardrobe this winter. With an overcoat on Wyoming, a plug hat on Iowa, a pair of pantaloons on Pennsylvania and boots on the general result, it looks now as though we would probably go through the winter wrapped in a bed quilt and profound meditation.—[Boomerang.]

PUBLIC opinion is becoming outraged to some extent in Bourbon county, inasmuch as a horrible murder was committed on Main Street, of this city, just sixteen days ago, and no examining trial has been held yet, against the alleged murderer—Hooker Stivers. This delay business is what works up the mob spirit which is becoming so prevalent in the State. There is at present a very ill spirit brewing, and there is no doubt but what the case against Stivers has been injured by the delay. It is claimed by his council that certain things can be proven by certain witnesses.

If this be true, the defence ought to bring said witnesses into Court and prove them, and give Stivers the full benefit of them, and not have the public clamoring and breathing bad forbodings. We repeat that the case against Stivers becomes injured each day the examination is postponed.

The time is fast approaching when water, as a beverage, will be counted among the relics of a past age in this country. Sixteen million barrels of beer sold in the United States in one year would indicate that the next generation might possibly speak of the "good old times when our fathers drank water."

We are offering genuine Bar gains in fine Jewelry, Watches, Diamonds. Monogram Lace Pins Gold or Silver Plated 50c sent by mail on receipt of price. (Remit in stamps or currency.) Spectacles to suit all conditions of sight.

KENDALL'S SPAVIN CURE

The Most Successful Remedy ever discovered as it is certain in its effects and does not blister. Also excellent for human flesh. READ PROOF BELOW FROM

COL. L. T. FOSTER.

YOUNGSTOWN, OHIO, MAY 10TH, 1880.
 B. J. KENDALL & Co., Gents:—I had a very valuable Hambletonian colt which I prized very highly; he had a large bone spavin on one joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it, and got our druggists here to send for it; they ordered three bottles, I took them all and thought I would give it a thorough trial, and used according to directions and the fourth day the colt ceased to be lame, and the lumps had disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very Respectfully,
 L. T. FOSTER.

Kendall's Spavin Cure.
 ON HUMAN FLESH.

Patten's Mills, N. Y., Feb. 21st, 1878.
 B. J. KENDALL & Co., Gents:—The particular case on which I used your Kendall's Spavin Cure was a malignant ankle sprain of sixteen months standing. I had tried many things but in vain. Your spavin cure put the foot to the ground again, and for the first time since hurt in a natural position. For a family liniment it excels anything we ever used.
 Yours truly,
 Rev. M. P. BELL,
 Pastor of M. E. Church, Patten's Mills, N. Y.
