ANNOUNCEMENT.

JUDGE T. F. HARGIS,
CANDIDATE FOR
Judge of Court of Appeals.

In concluding her letter in which much valuable but alleged "incompetent" testimony was brought to light bearing on the case, Mrs. Walter Davis thus very sensibly and pathetically winds up her lengthy letter published Sunday:

"This is the whole story. Is it possible that a gentleman cannot with propriety invite a lady to his room on a cold night, when no fire is convenient, and when she is barred admission into Miss Buckner's room? Is it necessary to kill a man, and heap slander and aspersions on his name when the bullet has forever sealed his lips and the only living witness is suppressed by the judge who presided at the trial? If this is so, and Kentuckians look on with approval, then indeed is justice fled to brutish beasts, and men have lost their reason."

How truly does she allude to the fact that men have lost their reason. Joan of Arc inspired an army of ignorant soldiers to believe that she was supernatural and led them into the jaws of death, and only herself being burned at the stake dispelled the foolish illusion. Later on, men void of reason burned a sow and pigs in England and hundreds of old women for "witchcraft." Thousands of instances can be numbered down to to-day where men and nations consult not reason and rush wildly and headstrong into death like brutes. It was only Wednesday last, that thousands of men, women and children rushed pell-mell on to the New York and Brooklyn bridge, and like two grand processions of hogs or wild beasts meeting in the center, crushed the life out of twenty persons, and hundreds of them falling and fainting had to be hauled away sick and bleeding with crushed limbs. Reason commanded the myriads steadily tramping on the bridge at both ends to desist. Policemen with clubs commanded them to halt but they halted not.

Talk about reason, men are afraid to reason; they are moral cowards and do not wish to array themselves against the precepts of their various churches. They desire to cling to that ignorant and brutish myth of "chivalry"—dubbed "Southern chivalry" by the extremely brutish and illogical, for the alleged replacement of lost virtue, alms of "wounded honor," &c.

In conclusion, we are forced to remark, that it is only the man who strives to elevate himself and fellowmen above the level of the brute by means of cool reasoning, that can be termed the brave man and good citizen—and they are too remarkably few in Mercer county, or even in Kentucky, for the innocence of Mrs. Davis' dead husband to ever be vindicated.

Gov. BLACKBURN, in speaking of the recent speech of Col. Knott, wherein it was said that "Justice was mercy," remarked: "Now there is a pile of 125 petitions for pardons which I received yesterday, and all of which I rejected because of justice. So you see where justice is needed, I, too give justice, but still I have not drained myself of mercy, which 'becomes the throned monarch better than his crown.'"

KENTUCKY could not have selected a man of wider experience, profounder knowledge of the law or of greater popularity throughout the state. He will prove a safe and practical yet progressive Governor.—[Atlanta Constitution.]

THEY sang "Nearer My God to Thee," at the Republican convention at Lexington. We imagine that an all-wise Deity didn't care to intrude into a conclave where the devil occupied a front seat.

THOMAS WELSH, of Pittsburg, struck his wife Monday, and she immediately ran him through with a red-hot bayonet. Women are slowly gaining ground in the march of progress.

COL. MORROW, Republican candidate for Governor, joined the Presbyterian church Sunday, at Somerset, but this will hardly elect him Governor.

CURIOSITY drew immense crowds to Moscow on Sunday. About half the people went to see the Czar crowned and the other half to see him blown up.

THE Auditor of State refused to pay the military escort of Governor Blackburn to Nashville last week.

S. W. Hopkins, of the L. & N. R. R., says: "I suffered from indigestion and ill feeling when Brown's Iron Bitters gave me immediate relief."

Boyle's Revolving Barrel Churn.

Boyle's Revolving Barrel Churn without dash or paddle has accomplished a revolution in butter-making. It will make more butter out of the same amount of cream and a better quality with less labor than any other churn. A boy can churn ten gallons of cream with ease. It is suspended on its journals, and, as it revolves, the cream falls from end to end, and the agitation being equal throughout the whole mass, the globules separate at the same time and are preserved to a larger per cent. than by the old process. It follows that no half churned cream is left in the buttermilk, or to mix with the butter, which would give it a bad appearance, the dead cream would injure its keeping quality and decrease its value. The cream acts upon the inner round surface of the barrel, and the butter is made by concussion and not by friction. The head is easily removed, and being air tight, the atmosphere is excluded, thereby holding the cream at the proper temperature. I am the agent for this churn for the State of Kentucky, and any one wanting to buy a churn or county right can find me for the present at Thos. Phillip's meat store, my23-1m SELBY LILLESTON.

In commendation of the Boyle Revolving Barrel Churn, the following well-known gentlemen of Paris and Bourbon county, speak as follows:

It is easily worked and churns perfectly, bringing butter in twelve or fifteen minutes; it gathers perfectly and is easily cleaned. W. W. MASSIE.

I consider it superior to anything I have ever tried. It will make more butter and quicker, with less labor than any other churn. W. W. GILL.

Have used it three years; it is the best I ever used. It requires less labor in working and cleaning than any. Mine makes itself each year in the increase of butter. J. L. TRUNDLE.

It is easily worked, easily cleaned and works perfectly. I cheerfully recommend it to all needing a churn. HENRY HALL.

The Secret

of the universal success of Brown's Iron Bitters is simply this: It is the best Iron preparation ever made; is compounded on thoroughly scientific, chemical and medicinal principles, and does just what is claimed for it—no more and no less.

By thorough and rapid assimilation with the blood, it reaches every part of the system, healing, purifying and strengthening. Commencing at the foundation it builds up and restores lost health—in no other way can lasting benefit be obtained.

77 Dearborn Ave., Chicago, Nov. 7.

I have been a great sufferer from a very weak stomach, heartburn, and dyspepsia in its worst form. Nearly everything I ate gave me distress, and I could eat but little. I have tried everything recommended, have taken the prescriptions of a dozen physicians, but got no relief until I took Brown's Iron Bitters. I feel none of the old troubles, and am a new man. I am getting much stronger, and feel first-rate. I am a railroad engineer, and now make my trips regularly. I can not say too much in praise of your wonderful medicine. D. C. MACK.

BROWN'S IRON BITTERS does not contain whiskey or alcohol, and will not blacken the teeth, or cause headache and constipation. It will cure dyspepsia, indigestion, heartburn, sleeplessness, dizziness, nervous debility, weakness, &c.

Use only Brown's Iron Bitters made by Brown Chemical Co., Baltimore. Crossed red lines and trade-mark on wrapper.

CARPETS!

The attention of the citizens of Bourbon and surrounding counties is respectfully called to my spring stock of carpets, which were never prettier, cheaper, and more abundant in stock.

ATTENTION, HORSEMEN!

We call the attention of the farmers and breeders of horse stock, that I breed at my place, horses for beauty and symmetry as well as for trotting purposes. In a careful inspection is one to the sire and offspring of any horse, I would then most respectfully call attention to Caliban and his offspring—some ten or twelve of which can now be seen at my stable. Caliban will be permitted to serve a limited number of mares the coming season, offered by first-class men, (no others need apply,) at \$25 to insure.

Caliban has a record of 2:34, and in the opinion of such horsemen as Dr. L. Herr, he could have trotted as well or better than 2:30 on the day which is his record. Two of Caliban's yearling colts showed better than a four minute gait on my independent track last Spring.

I will call the attention to the fact that Mambrino Chief, with the Pilot and Clay cross, has produced some of our most noted horses. I breed for speed as well as sixteen-hands high horses, high style and rangy.

Caliban is the sire of Cyclone and Coaster, both with records better than 2:27.

W. S. BUCKNER, Cane Ridge, Ky.
