Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nerve centers of the brain by over work, frequently brings on attacks of heart trouble, and nervous prostration. Rev. J. P. Kester, M. D., Pastor U. B. church, London Mills, Ill., himself a physician, writes Feb. 26, 1895: "Heart affection and nervous prostration had become so serious last fall that a little over work in the pulpit would so completely prostrate me that it seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed revival work of 40 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' grand remedies on hand." Dr. Miles' Heart Cure is sold on guarantee, first bottle will benefit or money refunded.

The first of the Blind Boone concerts was given last night to an audience which thoroughly enjoyed the interpretation of the great masters. The Paris admirers of handsome Dorothy Morton little dreamed as they gazed on her shapely form that she was a miniature electric plant—a 20-horse power magnet. Dorothy says: "I have risen from a 10, 20 and 30 cent attraction; I will be a five-dollar attraction within a few years. I study hard, work hard, and do what I have to do with all my might. I am full of animal vigor—so charged with electricity, that I cannot carry a watch. It stops, and will not run. When my maid combs my hair it stands out like furls on the fretful porcupine. Flowers wither on my breast as though by a current of electricity, and my father says of me that I am a galvanic battery that is constantly in action."
