TRANS-POSING PIANO.

Piano Playing Made Easy

To play music in any key other than that in which it is written is difficult for most performers.

Norris & Hyde Pianos

instantly transpose any song to suit any voice. They are the only pianos which transpose a full chromatic octave. With them any player can just as easily play any piece in any or all other keys as in the original key, and any singer can sing any song in exactly that key in which the voice sounds best. Instrumentalists may play in any key easiest for them.

This adds great value to these instruments, which are also superior in all other respects. They suit the most exacting critic, and are endorsed by prominent musicians everywhere. Any child can operate the Movable Key-board, and it cannot be gotten out of order. While pre-eminently instruments for the home, voice teachers, singers, churches, schools, and theaters, find them an indispensable convenience. Our Catalogue No. tells all about them. Send for it free.

We are also Sole Representatives for the Celebrated Steinway Pianos.

The Turnpike Situation.

THE Bourbon Fiscal Court was in session all day Saturday and yesterday discussing the Maysville & Lexington turnpike question, but took no decided action. The Court has offered to lease Col. Baldwin's road for six per cent. of the \$19,000 (the sum awarded him by the Court) until the Circuit in November shall have decided the case, but Col. Baldwin holds out for \$25,000, his original price.

A committee appointed by the Fiscal Court will go to Maysville this week to confer with Col. Baldwin. The Court is making all the haste possible and using every available means to free the pike.

Raiders removed two of Col. Baldwin's gates in Mason Thursday night, and he applied for 25 guards to protect them, but was refused. The Judge claimed that the company had not filed its acceptance of the new constitution, and was not entitled to the benefit of legislation enacted since its adoption.
