TRANS-POSING PIANO.

Piano Playing Made Easy

To play music in any key other than that in which it is written is difficult for most performers.

Norris & Hyde Pianos

instantly transpose any song to suit any voice. They are the only pianos which transpose a full chromatic octave. With them any player can just as easily play any piece in any or all other keys as in the original key, and any singer can sing any song in exactly that key in which the voice sounds best. Instrumentalists may play in any key easiest for them.

This adds great value to these instruments, which are also superior in all other respects. They suit the most exacting critic, and are endorsed by prominent musicians everywhere. Any child can operate the Movable Key-board, and it cannot be gotten out of order. While pre-eminently instruments for the home, voice teachers, singers, churches, schools, and theaters, find them an indispensable convenience. Our Catalogue No. tells all about them. Send for it free.

We are also Sole Representatives for the Celebrated Steinway Pianos.

Dun & Co. on Prosperity.

"There is no halting in the advance," says Dun & Co.'s weekly business review. "Business grows better in all ways, for while its speculative end breaks conspicuous gamblers for a decline, a steady increase in production, in working force and in the power of the people to purchase is the feature which overshadows all others. Reports of New York trade unions show an increase since one year ago of 34 per cent. in the number of men at work, and a similar increase among men in like positions throughout the country would exceed 340,000, while every week adds many establishments to the active list."

SAM SMALL, the ex-evangelist, lectured a couple of times in Lexington, Sunday. A well known silver man told THE NEWS the other day that many silver men were glad Small didn't get here last Thursday night to lecture on "Free Silver."

RION & CLAY.

The Cruel Knife!

The alarming increase in the number of deaths which occur as the result of a surgical operation is attracting general attention, and a strong sentiment against such methods of treatment is fast developing among the most intelligent classes. It seems that in almost every case for which the doctors' treatment is unsuccessful, the learned physicians decide at once that an operation must be performed, and the keen blade of the surgeon is recklessly resorted to.

Doctors are human, and of course are liable to make mistakes, but their mistakes are too fatal to be indulged in promiscuously, and as so many lives are sacrificed in this manner, it is but natural for the public to believe that half the operations are unnecessary, besides being a fearful risk to human life, even if successful.

It is a positive fact, however, that all operations are not necessary, and that a majority of them are absolutely undertaken without the slightest chance of success. The doctors have never been able to cure a blood disease, and a surgical operation is their only method of treating deep-seated cases, such as cancer and scrofulous affections. Aside from the great danger, an operation never did and never will cure cancer, as the disease never fails to return. Cancer is in the blood, and common sense teaches anyone that no disease can be cut from the blood.

Here is a case where the pain inflicted on a six-year-old boy was especially cruel, and after undergoing the tortures produced by the surgeon's knife he rapidly grew worse. Mr. J. N. Murdoch, the father of the boy, residing at 279 Snodgrass street, Dallas, Texas, writes: "When my son, Will, was six years old, a small sore appeared on his lip, which did not yield to the usual treatment, but before long began to grow. It gave him a great deal of pain, and continued to spread. He was treated by several good doctors, who said he had cancer, and advised that an operation was necessary. "After much reluctance, we consented, and they cut down to the jaw bone, which they scraped. The operation was a severe one, but I thought it was the only hope for my boy. Before a great while the cancer returned, and began to grow rapidly. We gave him many remedies without relief, and finally upon the advice of a friend, decided to try S.S.S. (Swift's Specific), and with the second bottle he began to improve. After twenty bottles had been taken, the cancer disappeared entirely and he was cured. The cure was a permanent one, for he is now seventeen years old, and has never had a sign of the dreadful disease to return."

S.S.S. is far ahead of all other blood remedies, because it is the only one which cures deep-seated obstinate blood diseases such as Cancer, Scrofula, Eczema, Catarrh, Rheumatism, etc. It is the only blood remedy guaranteed

Purely Vegetable

containing not a particle of mercury, potash, or other mineral ingredient, which are so injurious to the system. S.S.S. is sold by all druggists.

Books on Cancer and Blood Diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Ga.

Before submitting to the knife, try SSS the only real blood remedy.
