

ELEVEN MEN

Arrested Charged With Criminally Assaulting a Young Covington Bride.

Threats of Lynching Became so General That It Was Deemed Advisable to Remove the Men—The Grand Jury Will Act on the Case October 19.

NEWPORT, Ky., Oct. 8.—Mrs. Thomas Gleason, of Covington, a bride of but a few weeks, was dragged from her husband, while they were walking on the Alexandria pike, back of this city, near George Kellar's farm, about 7:30 o'clock Wednesday night, and assaulted by 11 men.

George Greer and "Dad" Minor were arrested by Sergt. Reilly shortly after the assault, and Thursday morning Officer Matthews brought in Matt Meiner, John Meyer, Dick Bushmiller and Cooper Mitler, and Officer Stemler arrested "Red" Bushmiller and Edward Hinding.

All live in Newport. Mrs. Gleason and husband Wednesday night said they could positively identify "Dad" Meiner and George Greer as the two men who first halted them on the pike.

As the news of the terrible deed spread a crowd began to collect at the Newport court house Thursday morning.

It became necessary for Sheriff Plummer to clear the corridors of the courthouse at 9:30 a. m.

Mrs. Gleason said Thursday that 12 men were about her in the field, but that she fainted after she had been repeatedly assaulted.

The men accused are between the ages of 23 and 31 years.

Mrs. Gleason is only 17 years old.

Judge Bennett's courtroom was packed almost to suffocation during the preliminary hearing. Mrs. Gleason was the first witness. She detailed the story related above. When she pointed out Meiner as the man who had the revolver he leaped to his feet and shouted that he could prove his innocence. He said it was another man whom he named who drew the revolver. "How do you know?" he was asked. He answered that that was what some of the men had told him.

Meiner made contradictory statements in his testimony. First, he said he was out in town to get a keg of beer at the time the assault took place. Later he admitted that he had been out the Alexandria pike. He said he saw a lot of men out there, but he was not one of the crowd. Gleason said the man who drew the revolver wore a slouch hat. Meiner had on a derby when arrested. Meiner said he recognized Greer and Duhfoss in the crowd out the pike.

Judge Helm, Commonwealth Attorney Lockhart, Sheriff Plummer and County Judge Bennett held a conference at 1 p. m. Thursday, and it was decided not to have a special grand jury, but await the one at Alexandria, which convenes October 19.

Three p. m. over the C. & O. was this time and route decided upon to take the accused to Maysville.

During the preliminary trial Mrs. Gleason was given a test to identify the men charged with the crime.

The prisoners were placed in various parts of the courtroom in the crowd, and in each instance Mrs. Gleason positively identified the prisoners.

Greer testified that he was with Meiner going out the pike, but did not see the couple.

George Youtsey, keeper of the tollgate, and Ed Huber testified to seeing Greer and Meiner passing the tollgate. Greer and Meiner told conflicting stories in their testimony.

All the other prisoners denied having been out the pike.

After hearing all the evidence Judge Bennett announced that he would bind "Dad" Meiner and George Greer over to the grand jury in \$5,000 bond and the other eight under \$3,000 bond each. But he made a more careful examination of the statutes, and then held all of the men to the grand jury without bond.

Greer was drunk, and said he was ready for trial at once.

A few minutes after the prisoners were bound over Circuit Judge Helm, into whose care they passed, stated that he would send all of them to the Maysville jail Thursday afternoon to avoid the possibilities of a lynching. Judge Helm will impanel a special grand jury at once.

The community is terribly wrought up over the affair and threats of lynching the miscreants are freely made. The excitement is far more intense than that caused by the finding of the body of headless Pearl Bryan over a year ago. It can hardly be conceived that a crime so fiendish could be perpetrated in an enlightened community.

The men charged with the crime are mostly of bad character and that quick justice will be meted out to them is assured by the authorities. The penalty for criminal assault in this state is death.

MAYSVILLE, Ky., Oct. 8.—Sheriff Plummer and posse arrived in this city with the ten prisoners at 5:25 p. m. When the train arrived here nearly 500 people were awaiting it at Market street, and here there was intense excitement. Several of the crowd wanted to handle the men roughly, and there were cries of "Let's take them." They were landed in jail safely, however.

There was no undue excitement here after the prisoners had been locked up. Little knots of people congregated on the streets and discussed the affair, but there was no signs of an outbreak.

Death of Egbert Starr. NEW YORK, Oct. 8.—Egbert Starr, a resident of this city for over sixty years and one of the most prominent merchants of three decades ago, died at his home Thursday, aged 84 years. His gifts to Middlebury college are estimated to have amounted to \$100,000.

Weyler Will Be Recalled. MADRID, Oct. 8.—It is semi-officially announced Thursday that Capt.-Gen. Weyler will be recalled from Cuba this month, and that it is probable the Cortes will be dissolved in December, and a new parliament convoked in March.

WEST POINT.

Col. Ernest, of Engineer Corps, Makes His Annual Report—Number of Cadets September 1, 1897, Was 338, Largest Known.

WASHINGTON, Oct. 9.—Col. O. H. Ernest, of the engineer corps, superintendent of the military academy at West Point, has made his annual report to the secretary of war. The number of cadets on September 1, 1897, was 338, the largest number that has ever belonged at any one time. There are now 34 vacancies and there will be more at the end of the academic year. The superintendent recommends a moderate increase over the present limit of 371. The health of the command has been decidedly better than the year before. Various improvements have been made about the academy during the year. The superintendent recommends that the sword master be given military rank on account of the discipline he is required to maintain over the cadets. Col. Ernest concludes his report by saying:

"I have to report that the military academy is doing the work assigned to it as thoroughly now as at any period of its history. Its equipment is better than it ever was before, and its professors and officers are characterized by the same ability, industry, zeal and patriotism for which they have always been distinguished."

Capt. Merry Will Be Received as Minister. The state department has been in correspondence for some time with the authorities in Nicaragua respecting the recognition there of Capt. Wm. M. Merry, who was appointed minister to that country as well as Salvador and Costa Rica. As a result it can now be stated that the objections that were at first broached by the Nicaraguan government against the appointment have been entirely removed and that Capt. Merry will be received as United States minister.

Transfer of Congressional Library Completed. The transfer of the congressional library from the capitol to the new library building has been completed. The library has been closed since the 1st of August, and it is claimed that the removal, with the incidental displacement and packing of books, papers, etc., is the quickest ever made in so extensive a library. Many of the books have been put in place, and it is expected that the new library will very soon be opened to the public.

Cabinet Meeting. WASHINGTON, Oct. 9.—The cabinet was in session for an hour and a half Friday, all members being present except Secretary Gage. Foreign affairs did not occupy much of the time and the discussion was devoted mostly to the forthcoming annual reports of the several heads of the departments. These reports, or an abstract of them, are desired by the president so that they may be discussed in his annual message to congress.

Presidential Appointments. WASHINGTON, Oct. 9.—The president appointed George H. Bridgeman, of New York, minister to Bolivia; Ambrose E. Nawlin, collector of internal revenue for the Sixth district of Indiana, and David W. Henry, collector of internal revenue for the Seventh district of Indiana.

Extension of the Money Order System. WASHINGTON, Oct. 9.—The post office department has adopted a policy of general extension of the money order system. First Assistant Postmaster General Heath believes that any post office wanting money order facilities should be given them. Complaints have been constantly filed by business houses that their correspondents at villages are unable to send money orders because their post offices have no such facilities. During the past fiscal year almost 27,000,000 money orders were issued, amounting to little less than \$200,000,000. The international money orders issued during the year, purchased principally by workmen sending money to friends or relatives in foreign countries, amounted to \$15,000,000, while the amounts drawn on the United States by foreign countries did not exceed \$5,000,000.

Life Sustained For Five Days By Means of Artificial Respiration—May Recover. ST. PAUL, Minn., Oct. 9.—Sustaining life for five days by means of artificial respiration with a prospect of ultimately saving the life of the patient, is what has been done in the city hospital. Last week a domestic named Anderson was brought to the city hospital in a serious condition, and Saturday night City Physician Aneker was called when she appeared to be dying. Assisted by an attendant he produced artificial respiration by working the arms, and this has been kept up steadily since, as it had the effect of keeping the girl alive. Friday Dr. Aneker stated that there seemed to be a chance for her recovery. The disease is said to be laudrine paralysis, a very rare disease, due to poison generated in the blood.

Fever Epidemic Near West Union, W. Va. WEST UNION, W. Va., Oct. 9.—An epidemic of fever six miles south of here is causing consternation among the inhabitants. Physicians differ as to the kinds of fever, some claiming it is typhoid, while two of the most prominent physicians in the state claim it is a mild type of yellow fever. Thirty-one deaths have occurred in the past 18 days. The citizens of this town are demanding that the board of health quarantine against it. Action will be taken at once.

Breaker Hands Strike. HAZLETON, Pa., Oct. 9.—The Lehigh and Wilkesbarre Coal Co.'s breaker employes are again on a strike. They were given their checks Friday and are to be paid Saturday afternoon, but when the breaker hands found that they had been granted less than what they claim they were promised at the time of the settlement of the recent strike they refused to work and say that if the officials offer no satisfactory explanation or give no advance the 1,500 men of this company who were out during the late difficulty will again idle.

A VOLUME.

Embodying Annual Reports of the Consuls Upon the Trade Conditions

In Their Districts, Being Prepared for Publication—An Electric Railway in Hanover—The Swiss Watch Trade Decreasing—Botkinne Arrives.

WASHINGTON, Oct. 11.—The bureau of foreign commerce of the state department is just now busily engaged in the preparation for publication of the volume known as "Commercial Relations of the United States," embodying annual reports from United States consuls in every country in the world upon the trade conditions in their respective districts. Within the past three years the quality and the value of this annual publication to the business interests of the country have improved in an astonishing degree owing to careful selection of material, patient suggestion to consuls of information likely to be desired, and the addition of a compendious and thorough review prepared by the chief of the bureau, setting out conclusions as to general trade tendencies that may be impartially drawn from the vast store of matter supplied by the consuls.

A Volume of Large Scope. The forthcoming volume is of larger scope even than its predecessors and instead of being little more than the dry compilation of figures that it formerly was, the "Commercial Relations" for 1896-'97 will present a mass of information of such variety as to be valuable and interesting not only to exporting merchants, but to public men, to manufacturers and to technical workers. An indication of the character of the work is afforded by the extracts that have been made from the reports received within the last week only and have been given the benefit of advance publication.

Electric Railway in Hanover. From Hanover comes an account of the installation of an electric railway for handling heavy freight; suggestions for placing American tools in Germany, and talk of an opening for breakfast cereals. The consul at Barcelona reports upon the trade of Spain as affected by the Cuban war; upon the Spanish woman's aversion to the bicycle, and upon tariff and financial questions. From nearby Santo Domingo comes a report of railway development; of tariff changes, and a comparison of European and American credit systems.

The Swiss Watch Trade. The depressing effects of American competition upon the Swiss watch trade is described by the consul at Geneva, who also tells of the preference for American bicycles and of the growing demand for American canned goods, California fruits and sole leather. The leather trade is also treated by the consul at Bristol, a trade center, and he adds a chapter on bacon that should be interesting to hog raisers and packers because of the technical hints upon growing and curing for the English market. The inroads that American lead pencils are making into the formerly exclusively German foreign markets is the subject of a chapter in the report of the consul at Nuremberg; the consulate at Stratford reports upon corn and barbed wire, and the consul at Coaticook throws out some hints to American newspaper publishers as to the means of obtaining a sale of their publications in the dominion.

Prince Botkin in Washington. WASHINGTON, Oct. 11.—Prince Botkin, the Russian delegate to the international seal conference to be held in this city in a few weeks, has arrived here. He is the first of the foreign delegates to reach Washington. Of the two experts who are to assist him, Commercial Agent Routkowsky is already here and Mr. Grebnitzky, the governor of the Commander (seal) islands is expected very soon. Prince Botkin says the seals on the Commander islands suffer from pelagic sealing as do those of the Pribylov islands and Russia is anxious for some amicable arrangement for their preservation.

Appointments by the President. WASHINGTON, Oct. 11.—The president Saturday made the following appointments: Consuls—John C. Ingersoll, of Illinois, at Copenhagen, Denmark; Joseph T. Hoke, of West Virginia, at Windsor, Nova Scotia; W. Irvin Shaw, of Pennsylvania, at Barranquilla, Colombia; Henry Brendel, collector of customs for the district of Buffalo Creek, N. Y.; David N. N. Comings, collector of internal revenue for the Sixth district of Kentucky; Maj. William R. Livermore, corps of engineers, member of the Nicaragua canal commission.

Street Car Hurled From the Track. ELGIN, Ill., Oct. 11.—A well-filled street car on the State street line of the city railway was hurled from the track by a Chicago & Northwestern train at 8 o'clock Sunday night. Three people were injured. The escape of the passengers from death is miraculous. The car was lifted bodily and hurled to one side, landing on its wheels and half demolished.

Death of Thomas William Adams. NEW YORK, Oct. 11.—Thomas William Adams, who was prominent in the Tammany society 45 years ago, and who was chairman of the committee which escorted the body of President Monroe to Richmond, Va., died at his home in Brooklyn Sunday, aged 75 years.

A Loan for Railway Construction. LONDON, Oct. 11.—A dispatch to the Times from Santiago de Chili says that a German syndicate has offered to the Chilean government \$100,000,000 pesos at 4 1/2 per cent. interest to be invested exclusively in the construction of railways. The offer is favorably received.

Curative Serum for Yellow Fever. LONDON, Oct. 11.—A dispatch to the Times from Montevideo says that Prof. Sanarelli, who discovered the yellow fever bacillus, announces the discovery of a curative serum. Another dispatch says that the locusts have reappeared in the north and west of Uruguay.

CONFESSIONS.

Minor and Greer Tell of the Assault on Mrs. Gleason—Startling Assertion That Only Three of the Men Arrested Are Guilty.

MAYSVILLE, Ky., Oct. 9.—"Dad" Minor has made a full statement. Sheriff Plummer's long interview with him late Thursday night resulted in that, if nothing else. Minor's statement was put down in writing and signed by him without much hesitation in the presence of witnesses. In this statement thus made Minor fully exonerates seven of the men under arrest with him, implicating two others now locked up, and six more men, whose names have been given to the authorities. His confession is full and complete in detail and he gives every particular of the assault. His written statement is now in the hands of Sheriff Plummer and in the event of Minor repudiating his statement in court the written statement will be offered in evidence. The two men under arrest whom Minor implicates are said to be George Greer and Elwood Hending. The names of the others still at large are for the present withheld, as the officers expect to apprehend them soon.

Early Friday morning Ed. Hending, one of the prisoners, sent for Judge Wadsworth and made a clean breast of his connection with the affair. He said that the only actually guilty men in the crowd were himself, Dad Minor and George Greer. He says there were three others in the ten who were present, but did not participate in the crime. Minor and Greer were seen and both acknowledged that they were guilty.

George Greer sent for Judge Wadsworth Friday morning and made a clean breast of the entire affair. He says "Dad" Minor, Ed. Hending and himself were the only ones among the ten arrested who were actually guilty of assaulting Mrs. Gleason. John Shannon, Wm. Schorle and John Duhfoss were present, but did not participate actively in the crime. Hubert Mittler, Frank and Henry Buschmiller and Frank Minor were not present. "Dad" Minor and Ed. Hending corroborate Greer's story.

COVINGTON, Ky., Oct. 8.—Detective James Gaffney, to whom Greer claims to have made a confession, was seen at police headquarters at noon Friday and admitted that Greer had told him of the entire affair before he (Greer) was taken to Maysville Thursday afternoon. Gaffney said that Greer told him that there were nine men in the party, including himself, "Dad" Minor, Croxon and Hending. They had met at the end of the bridge and split up into small parties to follow Mr. and Mrs. Gleason. The rest is known. Greer stated further that the four men mentioned are the only ones under arrest who were implicated in the crime, and that the other five still are at liberty. Detective Gaffney has the names of the others and will arrest them as soon as possible.

TERRIBLE CONFESSION. Gustave Muller Murdered Fourteen Wives, His Parents and One Child. ROTTERDAM, Oct. 9.—A man named Gustave Muller has surrendered to the city police, confessing the murder of his wife and child. As proof of the truth of his confession, he produced from his pocket four human ears.

The police, on searching his house, found the two bodies. Muller subsequently confessed that he had also killed his parents, mutilating their remains in the same fashion, and then he made the astonishing statement that he had similarly disposed of 14 wives whom he had married in various parts of the world.

Gov. Pingree's Return. NEW YORK, Oct. 9.—On the Red D line steamer Venezuela, which arrived here Friday from Venezuelan ports, was Gov. H. S. Pingree, of Michigan. Gov. Pingree looked the picture of perfect health. He said it was his first vacation in nine years and he had enjoyed the trip immensely. He met President-elect Andrade and dined with him at his country seat. He was most favorably impressed with Senor Andrade, who appeared to be a broad-minded, liberal statesman. Gov. Pingree left for home at six o'clock Friday night.

Bradley Polytechnic Institute Dedicated. PEORIA, Ill., Oct. 9.—Friday afternoon occurred the exercises dedicatory of the Bradley Polytechnic institute, to which a wealthy Peoria lady, Mrs. Lydia Bradley, has given \$2,500,000. The building is a very handsome and spacious one of white stone, and nearby is another large edifice of the same material, which will be occupied by an horological institute under the control of the same board of trustees. A number of prominent educators from abroad, including college presidents, were in attendance.

Gen. Blanco Weyler's Successor. MADRID, Oct. 9.—The cabinet has decided upon the immediate recall of Gen. Weyler from Cuba. A decree will be issued appointing Capt. Gen. Blanco Y Arenas, marquis of Pena-Platta, governor general of the island. The queen regent will sign the decree Saturday. According to El Herald, 20,000 reinforcements will accompany Gen. Blanco to Cuba.

Wife Murderer Hanged. MONROE, La., Oct. 9.—Pat Paine, the wife murderer, was hanged privately at 2:30 Friday afternoon in the jail yard here. He asserted his innocence to the last.

Earthquake Shocks. NEW MADRID, Mo., Oct. 9.—Friday at 5 a. m. an earthquake shock was felt here, but no damage was done. New Madrid was the scene of a violent earthquake in 1811, when a great part of the land in the entire county sank several feet and was overflowed by water from the Mississippi.

To Succeed Senor Dupuy de Lome. MADRID, Oct. 9.—Among the diplomatic changes reported here as being imminent is that the duke of Almodova or Senor Murruaga will replace Senor Dupuy de Lome as Spanish minister to the United States.

THE SPANIARDS

Under Col. Rotger, Defeated by Gen. Castillo's Command.

Spanish Forces Lost 46 Killed and 60 Wounded, Including the Commander and Seven Officers—Spanish Troops Capture the Town of Cangre.

NEW YORK, Oct. 11.—A dispatch to the Herald from Tampa, Fla., says: Details of the defeat inflicted on the Spanish, under Col. Rotger, by Gen. Castillo, on October 5, are just to hand. Gen. Castillo, Maj. Myares and Col. Andres Hernandez were encamped in the Carmen hills. Col. Rotger with 1,800 men, appeared before the rebels position, early in the morning. He was expected and the insurgents had occupied three positions, Gen. Castillo commanding the center. He had two rapid-fire guns. Myares' command was the first to open fire as the Spanish charged up the hill. Castillo's guns did great execution and the Spaniards retired in confusion. After rallying his men Rotger ordered another charge. In the second attack Rotger fell wounded and his men lost heart and retired. The Spaniards lost 46 killed and 60 wounded, including their commander and seven officers. Gen. Castillo still holds his position. Rebels under command of Col. Lazo attacked the town of Cangre, in Pinar del Rio, before sunrise on October 6 and after sacking several stores and setting fire to the place, the insurgents hanged two volunteers and four Cubans who had acted as guides to the Spanish troops. On the approach of a Spanish column under Gen. Lono the rebels fled. Cangre is within two or three miles of Pinar del Rio city, and the inhabitants of that city are greatly frightened.

The Cuban government has bestowed special honors on Gen. Calixto Garcia for the capture of Victoria de las Tunas. The military commander of Metana del Sur has been replaced by Gen. Weyler's orders. The commander captured a rebel captain and placed him in a cell without taking away his macthete. When the warden carried food to the captain, the latter struck him down, rushed out and mactheted four guards who attempted to bar his progress.

There have been so many deaths from disease and starvation in Guanabacoa, a suburb of Havana, that in order to bury the dead in the cemeteries the authorities have been compelled to exhume bodies which have been less than a year under ground.

COASTING STEAMSHIPS. Contracts to Be Let for the Construction of Two or Possibly Four of the Fleetest for Trade Between New York, Cuba and Mexico. PHILADELPHIA, Pa., Oct. 11.—Within a few days a contract will be awarded to Delaware river shipbuilders for the construction of two, and possibly four of the fleetest coasting steamships flying the American flag. The ships will be built to the order of the bidders for the United States mail contract between New York, Havana, Cuba and Tuxpam, Mexico, and an expenditure of \$1,200,000 will be involved. Each ship will be at least 4,000 tons register and about 48 feet beam, 21 1/2 feet deep and from 370 to 400 feet long. The new craft are to be built under the special inspection so as to comply with the regulations of the United States government as laid down for auxiliary cruisers.

GEN. WEYLER Will Return to Spain Immediately—Gen. Castellanos Will Direct Affairs Until Gen. Blanco's Arrival. MADRID, Oct. 11.—Capt. Gen. Blanco will sail for Cuba on the 15th and Capt. Gen. Weyler will return to Spain immediately, Gen. Castellanos assuming the direction of affairs in the island until Blanco's arrival. The Marquis de Alameda, who was Capt. Gen. Weyler's second in command has resigned.

At a meeting of the cabinet Saturday it was decided to send re-inforcements to the Philippine Islands. Marshal Primo Rivera, who succeeded Gen. Blanco as governor General of the Philippines, will be recalled immediately.

Perished in the Arctic Ocean. SAN FRANCISCO, Oct. 11.—The Chronicle says that the fate of the crew of the steam whaler Navaroh, of New Bedford, which was wrecked in the Arctic on August 11, is no longer in doubt. As is already known the captain, his wife and the first and fourth officers, who succeeded in escaping from the vessel after she was caught in the ice, were picked up by the United States revenue cutter Bear. The other 30 men on board the ill-fated vessel were supposed to have perished.

New Orleans Fever Condition No Better. NEW ORLEANS, Oct. 11.—The fever situation here grew no better Sunday. Early in the evening there was a promise that Saturday's record would be equalled if it was not exceeded. New cases appeared in various portions of the city, many of them, however, being reported in houses where there was already infection. There were five deaths and in one case the fatality occurred not long after the report of the case was brought to the attention of the board.

Good Showers in Iowa. SIOUX CITY, Ia., Oct. 11.—This section of the country had a good rain Sunday, the first in many weeks. Reports from numerous northwestern points tell of good showers.

Much-Needed Rain in Nashville. NASHVILLE, Tenn., Oct. 11.—After many weeks of terrific drought a good hard rain began falling in this city and the surrounding country at 10 o'clock with indications pointing to a continuance for several hours. It will prove of immense benefit not only to the city but in the country.

Insurrection in Asiatic Turkey. CONSTANTINOPLE, Oct. 11.—It is rumored here that there has been a serious Arab rising at Bassorah, in the Pashalik of Bagdad, Asiatic Turkey, and troops have been sent to suppress the insurrection.

HOW TO WASH EMBROIDERED LINENS.

To wash embroidered linens so as not to fade the colors, fill a tub half full of warm water, to which add a little Ivory soap, wash each piece through the suds carefully, rinse in blue water to which a little thin starch is added. Hang on the line to dry. Iron on the wrong side, pressing down heavily to bring out the stitches, thus restoring their original beauty. ELIZA R. PARKER.

Acting Upon It. Miss Elder—I have decided to buy a husband. Miss Tommey—What on earth do you mean? "That seems to be my only way to get one, and I have always heard that every man has his price."—Judge.

Shake Into Your Shoes. Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting feet and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous, hot, tired aching feet. Try it to-day. Sold by all druggists and shoe stores, 25c. Trial package, FREE. Write to Allen S. Olmsted, LeRoy, N. Y.

Guess from Experience.—She—"Who was it that said that a woman's best friend was her dressmaker?" He—"Probably the dressmaker."—Tit-Bits.

When lumbago sets in St. Jacobs Oil Sets out to cure and cures it. Bargains are never offered us until it is too late to do us any good.—Washington Democrat.

It Is True

That Hood's Sarsaparilla cures when all other medicines fail to do any good whatever. Being peculiar in combination proportion and process Hood's Sarsaparilla possesses peculiar curative power. It absolutely and permanently cures all diseases originating in or promoted by impure blood. Remember

Hood's Sarsaparilla. Is the best—in fact the One True Blood Purifier. Hood's Pills the best family cathartic and liver stimulant. 50c.

TEXAS LADIES SPEAK THE TRUTH.

Mrs. Aureilia Seals De Leon, Tex., writes: I am a widow, and can strongly recommend Dr. M. A. Simmons Liver Medicine, it having saved my life 6 years ago, when I was down with Liver Complaint and Kidney Disease. I think it a far better medicine than that made by "Zellin" and "Black Draught."

Gestation. During the period of gestation the tension upon the muscles and ligaments of the womb is greatly increased, and the blood vessels are taxed to their utmost. If there is any tendency to uneasiness or pain, we recommend frequent warm injections of our Mexican Female Remedy and two or three doses, every day, of Dr. Simmons Squaw Vine Wine. This treatment will strengthen the ligaments, will assist in holding the uterus in place, lessen pain, make the uterus more pliable and elastic, and prepare the system for the discharge. It also lessens the danger of death to child and mother, and fortifies her against liability to convulsions, flooding and other dangerous symptoms, and with ordinary precaution guarantees a rapid recovery.

Dr. M. A. Simmons Liver Medicine is the best in the world for Biliousness, Indigestion and Torpid Liver. Have used it 10 years, and recommend it to my friends, and they all praise it. I think there is as much difference between it and "Zellin" and "Black Draught" as between day and night.

Paleness. Anemia is a condition often called "poverty of blood" from deficiency of the red corpuscles which give to this fluid its characteristic color. It arises from insufficiency of assimilation of the proper materials of food to replenish the blood, as in chlorotic girls. It may occur in persons who have long suffered with hemorrhoids, or in women from repeated discharges of blood from the uterus. The lips and tongue lose their natural red color and become white and the face looks like wax.

The most efficient remedy for this condition is Dr. Simmons Squaw Vine Wine. The improvement produced by its use is frequently almost magical; an enfeebled heart becomes strong and equable in its action, digestion improves, the lips and cheeks lose their palor, and the eye becomes bright and the step elastic.

OPUM and Whiskey Habit cured at home without pain. Book of particulars sent FREE. R. M. WOOLLEY, J. D. ALLEN, 241 EDGAR TATE & CO., 241 Broadway, New York.

PISO'S CURE FOR BRUISES WHERE ALL ELSE FAILS. Best Cough Syrup. Tastes Good. Use in time. Sold by druggists.

CONSUMPTION
