The City of Paris yesterday surrendered to the Fiscal Court forty shares of the Maysville & Lexington pike, the county, in return for same, is to keep in good repair all of Main Street and also that portion of the approaches of the various county pikes that lies within the city limits. ELD. J. T. SHARRAD will resign his charge of the Stanford Christian Church, to take work in a new field.

The Long Drouth Broken.

RAIN fell here yesterday and last night and after the ten-weeks' drouth was indeed welcome. Water for domestic purposes and for stock was extremely scarce. More than half the cisterns in Paris were exhausted and in the country many springs and pools were dried up. A number of farmers are boring wells, and as a consequence of the prolonged drouth the grass was parched to a crisp and all kinds of stock were being fed as in winter.

The dispatches state that rain fell Saturday and Sunday in Western Kentucky and very generally in Tennessee, Georgia, Alabama, Arkansas, Missouri, Kansas, Nebraska, Colorado, Iowa, Minnesota, Wisconsin, Upper Michigan and Illinois. The weather bureau predicts showers all over the country for to-day.

DRESS GOODS.

My importations for this Fall and Winter of Ladies' and Children's Dress Goods exceed in cost of investment \$10,000 any other purchase I ever made in this one line of goods. With forty years' experience in Dry Goods business in Paris I saw it was to your and my interest to secure these goods under the low tariff, consequently I invested every available dollar I had in goods at low prices. The new Dingley tariff bill has already made and will when set fully at work make all classes of Dry Goods fully double in price what they were under the Wilson or low tariff. I have the advantage of this: My goods were bought when cheap, and it is my intention to hold them down as long as a yard of them lasts. If you want to save money in your purchase this Fall and Winter come and see me and examine my stock and hear prices before you invest elsewhere.
