## Cold Weather Brings Catarrh.

Though the disagreeable effects of Catarrh are felt all the year round, cold and disagreeable weather aggravates the disease and it is during the winter season that its severest form is felt. Each succeeding year seems to intensify the disease, so that it gradually fastens its hold upon the sufferer with a grasp that becomes firmer each season.

Catarrh often appears as only a cold at first, and is hardly noticed. But gradually the cold returns, and it is more difficult to cure, and stays longer than formerly. These symptoms cannot be mistaken; they mark the first appearance of a disease that will develop in severity and stubbornness, and which it is impossible to cure with the local treatment of sprays, washes, and similar applications. Being a disease of the blood, only a blood remedy can have the slightest effect upon it. S.S.S. (Swift's Specific) is the only cure for Catarrh, because it is the only blood remedy which goes to the seat of all obstinate and deep-seated cases, and forces out the disease.

Mr. T. A. Williams, a leading merchant of Spartanburg, S. C., writes:

"For four years I had nasal catarrh, and though the case was a mild one at first, it was not long until I noticed that it was gradually growing worse. Of course I was not a patient of S.S.S. (Swift's Specific), but their remedies were applied locally, and the disease seemed to be getting a firmer hold on me all the while. "After spending so much money for treatment which proved to be all in vain, I was urged to try S.S.S. This remedy proved to be the right one, for it got at the disease, and a few bottles cured me perfectly. The cure was a permanent one, and I have not had a touch of the disease for many years. Swift's Specific is the only remedy that will have the slightest effect upon Catarrh."

Sufferers from Catarrh should get a start on the disease before the cold weather aggravates it. Those who have been relying upon local treatment will find winter weather is all that is needed to show that the disease is still with them. A course of S.S.S. (Swift's Specific) will prove all assertions made that it is the only cure for Catarrh; it goes to the cause of the trouble—the blood—and forces out all traces of the disease. Swift's Specific is the only remedy which reaches real obstinate blood diseases; it cures Catarrh, Rheumatism, Cancer, Contagious Blood Poison, Eczema, Scrofula, and in fact every other disease of the blood. It is guaranteed
