Folks who are inclined to kick against the buying of the M. & L. turnpike should stop to consider that had the case been tried in the Kenton County Court the probabilities were that it would have cost us forty thousand dollars before we got through with it. The law says that in condemnation suits the calculation should be made on the earning basis of six per cent, and as Col. Baldwin was prepared to prove the road had been paying this interest on \$38,000 for seven years past, he would have had almost a sure thing against us. People should look at business facts in a business way.
