HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours: a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention The Paris (Ky.) News and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer. (2isp-1mo)

Catarrh to Consumption

Catarrh invariably leads to consumption. Growing worse and worse each winter, those who rely upon the usual treatment of sprays, washes and inhaling mixtures find that it is impossible to check the disease with these local applications which only reach the surface. The offensive discharge increases all the while, and gets deeper until it is only a question of a short time when the lungs are affected.

The importance of the proper treatment can therefore be readily appreciated. But no good whatever can be expected from local applications, as such treatment never did cure Catarrh, and never will. Being a blood disease of the most obstinate nature, Swift's Specific (S.S.S.) is the only remedy which can have the slightest effect upon Catarrh. It is the only blood remedy that goes down to the bottom of all stubborn diseases which other remedies cannot reach.

Mrs. Josephine Polhill, of Due West, S. C., writes: "I had such a severe case of Catarrh that I lost my hearing in one ear, and part of the bone in my nose sloughed off. I was constantly treated with sprays and washes, but each winter the disease seemed to have a firmer hold on me. I had finally been declared incurable when I decided to try S. S. S. It seemed to get right at the seat of the disease, and cured me permanently, for I have had no touch of Catarrh for seven years."

The experience of Mr. Chas. A. Parr, of Athens, Ga., was like that of all others who vainly seek a cure in local treatment. He says: "For years I suffered from a severe case of Catarrh, the many offensive symptoms being accompanied by severe pains in the head. I took several kinds of medicines recommended for Catarrh, and used various local applications, but they had no effect whatever. I was induced to take S. S. S. (Swift's Specific) and after four months I was perfectly well, and have never felt any effects of the disease since."

Those who have had the first touch of Catarrh will save endless suffering by taking the right remedy at the outset. Others who have for years sought relief and found only disappointment in local treatment will find it wise to waste no further time on sprays, washes, inhaling mixtures, etc., which are only temporary, and cannot save them from dreaded Consumption. They should take a remedy which will cure them because it can reach their trouble. S.S.S. is the only blood remedy which can reach Catarrh; it promptly gets at the very bottom of the disease, and cures it permanently.

S.S.S. (Swift's Specific) is a real blood remedy, and cures the most obstinate cases of Catarrh, Rheumatism, Contagious Blood Poison, Cancer, Scrofula and Eczema, which other so-called blood remedies have no effect upon whatever. S.S.S. is the only blood remedy guaranteed.
