WOMEN IN TROUBLE.

The Approach of Motherhood is the Occasion of Much Anxiety to All. Every woman dreads the ordeal through which she must pass in becoming a mother. The pain and suffering which is in store for her is a source of constant anxiety, fear and dread, to say nothing of the danger which the coming incident entails. The joyous anticipations with which she looks forward to baby's coming gives way to an indescribable dread of the ordeal when she fully realizes the critical and trying event which will soon approach and have to be endured.

Women should hail with delight a remedy which insures to them immunity from the pain, suffering and danger incidental to child-bearing. Such a remedy is now offered, and women need not fear longer the hour of childbirth. "Mother's Friend"—is a scientific liniment—and if used before confinement, gently and surely prepares the body for the great requirements and changes it is undergoing, insures safety to both mother and child, and takes her through the event with comparative ease and comfort. This wonderful remedy is praised by every woman who has used it.

What woman is not interested in "Mother's Friend"? This wonderful remedy has been tested and its priceless value proven by the experience of thousands of happy mothers who have used it during the most critical period of woman's life—the approach and culmination of motherhood.

It has won their everlasting praise, for it gave them help and hope in their most trying hour, and when most needed. Every woman may some day need "Mother's Friend." The little book, "Before Baby is Born," telling all about it, and when it should be used, will prove of great interest and benefit to all expectant mothers, and will be sent free to any address upon application to the Bradfield Regulator Company, Atlanta, Ga.

THERE are eggs and eggs. The egg of yesterday looks, feels, measures and weighs like the egg of last month, but there's a difference in another respect, and that difference is worth money. Its just so with laundry. The difference between good work and poor is slight to the unpracticed discernment, but it's a difference that counts every time. It's a difference that changes your laundry bill from an expense to an investment. We do good work—it will cost no more than poor work but its worth double the difference.

What Shall Be Done FOR THE DELICATE GIRL

You have tried iron and other tonics. But she keeps pale and thin. Her sallow complexion worries you. Perhaps she has a little hacking cough also. Her head aches; and she cannot study. Give her

Scott's Emulsion

The oil will feed her wasting body; the glycerine will soothe her cough, and the hypophosphites will give new power and vigor to her nerves and brain. Never say you "cannot take cod-liver oil" until you have tried Scott's Emulsion. You will be obliged to change your opinion at once. Children especially become very fond of it; and infants do not know when it is added to their food.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.
Mrs. S. S. MARRY,
860 Elm St., Macon, Ga.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific,

S.S.S. For The Blood

reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral.
