Imperial spectacles and eyeglasses have perfect lenses, always perfectly centered and made of purest material, set in frames of the highest elasticity and consequently of greatest durability, united with the utmost lightness and elegance. When both frames and lenses are scientifically fitted by Dr. C. H. Bowen's system they always give satisfaction for they are perfect. Never buy cheap spectacles, nor of men who do not know how to fit them. You will get poorly adjusted spectacles, or poor, imperfect lenses, and are better off without any glasses than with either of these defects. Buy imperial spectacles of a reliable, skillful fitter, and they will last longer without change and be cheapest in the end.

We have engaged the services of Dr. C. H. Bowen who will visit our store on the second and last Thursdays of each month and invite all to call and have their eyes examined, for which there is no charge. Satisfaction guaranteed or money refunded.

Next visit—Thursday, March 9 1899.
