Eld. Sweeney's Cows Found.

WEDNESDAY Eld. J. S. Sweeney found near Stamping Ground the two milk cows which he lost on the 19th of March. They were purchased by a Mr. Collins at Georgetown court from Clarence Williams and Henry Walker, colored, of this city. Since the cows were stolen both Williams and Walker have been arrested and are now confined in the Paris jail, Williams being charged with murdering Josie Tillman, in Claysville. Both of the negroes have recently returned from the penitentiary.

Lexington's Streets Examined.

MAYOR PERRY and Councilman James O'Brien, who were appointed by the City Council to investigate the brick street question, have examined the brick streets at Lexington, and have talked with men versed in street construction. They were taken over the streets by the Lexington officials and were shown many courtesies.

A member of the Home Construction Company, of Lexington, will come to Paris in a few days to examine Main street, and make some figures on the cost of paving it.

Mayor Perry and Councilman O'Brien will probably have their report ready to read to the Council at its next meeting, which will be Thursday night.

Lexington has several miles of brick streets and they have given universal satisfaction.

Paris is over one hundred years old and every city council during that time has put cracked rock on Main street—and every city council has failed to make it a good street. It is almost time to begin the work of paving the street, and making it a good street for once—and for all.

A month ago Main street was a sea of mud, now it is covered with dust several inches deep, except where it is sprinkled—and there is the mud again. Hurry up the paved streets, please. The people all want them.

Fiscal Court Meeting.

THE Bourbon Fiscal Court met yesterday with Judge Wm. Purnell and Magistrates T. P. Woods, A. C. Ball, P. S. See, H. C. Smith, S. L. Weathers, E. P. Claybrook, J. T. Barlow and John Howard present.

The turnpike contractors were allowed further time to file their bonds, and failure to file said bonds makes void their contracts.

The county tax levy for 1899 was fixed as follows: For general purposes, .09 1/2 turnpike repairs, 25 cents; new turnpikes and bridges, 65 cents; state tax, 42 1/2 cents; poll tax \$1.50.

The names of P. I. McCarthy, James McClure and C. Alexander were placed in nomination for County Treasurer, and P. I. McCarthy was elected. The salary was fixed at \$250.

A. J. Weathers was granted permission to erect platform scales on the North side of the court house. A number of claims were allowed, and other business of minor importance was transacted.

A Court Day Episode.

Two court day visitors—a big fellow and a little one—furnished amusement for about fifty people on Main street Monday night. In sampling the various varieties of liquid refreshments offered in Paris the little fellow had imbibed some fighting liquor, and wanted to whip his tall friend. The big fellow, however, had only used a peace brand of whiskey and ignored the challenge. Failing to provoke hostilities the little fellow looked up at the big one and remarked "I'm the biggest blankety blank little fellow you ever saw," and jumped up to hit his tall friend—but his foot slipped and he sat down kerflop in the middle of the street, and got the horse laugh from the crowd. After walking a few steps he lauded a heavy blow on the big fellow's countenance. Then he smashed the hats of four or five Paris boys and bought them new ones. Then he got arrested and fined \$7.50 which held him for awhile.

M. & L. Turnpike Trouble.

THE deposing of Col. W. W. Baldwin as President of the Maysville & Lexington Turnpike Company, has caused quite a sensation. The Lexington stockholders of the road elected Judge Frank Bullock President, and then selected a board of Directors composed of Fayette men. The Mason county stockholders held another meeting and elected Col. Baldwin president, and elected a Mason county board of directors.

Col. Baldwin has filed an injunction to prevent the Fayette board from interfering with the management of the road.

The Fayette board claim that Col. Baldwin was voted \$15,000 for extra services for managing the road during the last four years.

Valuable Distillery Property.

THE purchase of the distillery at Paris, Ky., belonging to James Walsh & Co., together with the stocks of whiskey in the warehouse at the distillery, says the Enquirer, has been completed by the combination, and the money passed in the transaction. Alfred Austrian, one of the attorneys for the Kentucky Distilleries and Warehouse Company, came to Cincinnati for the purpose of settling with the former owners of the plant, and the amount paid over was \$550,000. It was in New York exchange, and the cash was turned over yesterday. The total amount paid out includes, as near as can be figured, \$175,000 for the distillery itself and \$375,000 for the 25,000 barrels of whiskey that the firm has in the warehouses.

The new owners of the distillery have appointed A. W. Cottingham manager of the Paris Distilling Company. The new manager has been connected with the company for a number of years and is a capable and popular official. The places of the nine men who struck on Monday because of a reduction in their wages, have been filled by new men.
