

THE FORTY-SIXTH STAR.

Two Territories Which Are Claiming For Statehood.

During the next session congress will probably be asked to grant statehood to Oklahoma and the Indian Territory.

The boomers' campaign lasted ten years. The central portion of what is now Oklahoma was finally opened in April, 1889.

Another tract was opened in 1891 and the Cherokee strip or outlet in 1893. The census of 1890 showed a population of not quite 62,000.

THE TROTTING RECORD.

Conello, 2:12 1/2, has been traded for 100 acres of land.

Senator A. 2:10, has been retired from the European turf.

There will be five stakes amounting to \$35,000 for 8-year-old trotters in 1901.

The much touted George Alex, 2:23 1/2, will be in the string of George Spear in 1901.

Phil J. Leigh is training a 2-year-old by Rocky P., 2:10 1/2, in Atlantic City that is said to be a good one.

Gardner, 2:17 1/2, and Timberlake, 2:10 1/2, are driven on the Boston roads by Peter B. Bradley, the well known breeder of Arabs.

One of the best pacing prospects in Ohio is a brother to a couple of Jere O'Neill's former pupils, Jack, 2:13 1/2, and Jack's Brother, 2:15 1/2.

The old gelding Fleetwood, 2:25 1/2, that took his record in 1895, is owned by Isaac Shreve of Atlantic City and can still throw sand at many younger ones on the beach.

Charles Donnelly of Pittsburgh, the new owner of Joe Watts, 2:10 1/2, has three other good matinee horses in Dick Hubbard, 2:09 1/2; Little Edgar, 2:10 1/2, and Curta, 2:13 1/2.

The get of the French trotting sire Fuchala won about \$100,000 on European tracks in 1900. This is far more than the get of any American trotting sire won in this country during the same period.

Harry Wilkes, 2:13 1/2, a veteran trotter, whose whereabouts were unknown to most horsemen, has turned up in the hands of A. M. Weaver of Millford, N. J., who is driving him on the road. Harry Wilkes is now 25 years of age.

Golfing Officials.

"Attorney General Griggs," says the Washington Post, "is the only member of the cabinet thus far to succumb to the golf disease, and he plays at the Washington club under the name of 'William Paterson'."

"Even Dennis Flynn, the delegate from Oklahoma, likes the game immensely. 'Out in our country,' he says, 'we have no such room that the links stretch all over creation. They are bounded only by the north and south poles and the rising and the setting of the sun.'"

The Study of Weeks.

Palmiter, who is frowned on by the law, we must tell characters in another way. Why not study weeks? Thus the most stupid animals and birds, such as the giraffe, the ostrich, the swan and the goose, have the longest necks, whereas the most docile of brutes—the elephant, for example—possess the shortest.

"A man with a row of even teeth will bite off the end of his cigar squarely and evenly whereas one with jagged, uneven teeth will bite it unevenly and in such a manner as to leave clearly visible the marks of his incisors."

What Galveston Lost.

A complete study of the losses caused by the storm at Galveston shows that the damage amounted to about \$17,000,000. The largest losses were in residences and household effects.

Smash Actes.

An anonymous criticism, supposed to be the well known Clement Scott, has set the dramatic profession in England in a fine rage. The writer of the article declares that there are no great actors at the present day, as Kemble and Kean were great.

Queer Name For a Page.

A new weekly paper in Mexico bears the title of El Chirron del Diablo—otherwise, The Devil's One Horse Cart—Mexican Herald.

Smart Electors.

At an open air political meeting in the north of England a man cried, "Hurrah for Jackson!" to which a bystander replied sarcastically, "Hurrah for a jackass!"

All electors are not so gifted, as the following experience of a canvasser in Devonshire clearly indicates:

"Whom are you voting for, my good fellow?" he asked.

"I votes for the lady."

"But there is no lady candidate standing."

"Well," replied Hodge, "Poll Early's name comes on my voting paper before the names of the two men, and I thought I'd vote for her. See?"

Dosed Her With Cold Water.

"One autumn in Naples I was suddenly and seriously seized with a severe cold," says a society woman. "I couldn't, but he frightened away of there in a strange land from my own doctor, and my husband was more frightened than I was."

No foreign hotel proprietor was ever known to recommend a resident American physician.

"I simply kept a pitcher of pure cold water and drank away of the table at my side, and about every 15 minutes I quaffed a good, long draft. That cold was scattered like magic."

Cigars as Clues.

"Valuable clues toward the detection of criminals are obtained through an examination of cigar stubs," said a Scotland Yard detective.

Not Her Father's Friend.

A doting Chicago father whose first name is Arthur has a little daughter 4 years old. The family recently moved to a new locality in the city only a few doors away from a street car barn.

Smart Electors.

"Mamma, is that one of papa's friends calling him?"

"Yes, there is," said the small girl.

"Listen now, Don't you hear him call 'ing' Arthur, Ar-thur, Ar-thur?"

"Oh, yes," replied the mother; "I hear him calling now. But that isn't one of your father's friends. He has more sense than most of your father's friends."—Chicago Tribune.

At the battle of Hastings (A. D. 1066).

The weapons being swords and battle axes, 500 fell, fatally wounded, out of every 1,000 soldiers.

Fully two-thirds of a woman's troubles result from reasoning with her heart instead of her head.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with.

It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system.

Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble.

Mr. T. A. Williams, a leading dry-goods merchant of Savannah, S. C., writes: "For years I had a severe case of Catarrh, with all the disagreeable effects which belong to that disease."

This season there is a large death rate among children from croup and lung trouble. Prompt action will save the little ones from these terrible diseases.

LA GRIPPE coughs often continue for months and sometimes lead to fatal results after the patient is supposed to have passed the danger point.

Such little pills as DeWitt's Little Early Risers are very easily taken, and they are wonderfully effective in cleansing the liver and bowels.
