## AMUSEMENTS.

### "KING DODO."

"King Dodo," the musical furore of the country, with a reputation of having broken the record for long theatrical engagements in Chicago, will be seen at the Grand, Friday night in its entirety. The significance of this statement will perhaps be made clearer when it is understood that there are three score persons in the organization, a special orchestra and a scenic equipment of great elaborateness. It is believed, that the engagement will be the most important of the season, in the line of comic opera, and the long stay in Chicago undoubtedly give the production great prestige with theatre-goers. "King Dodo" is the creation of Messrs. Pixley and Luder, two young authors who have achieved fame far above the ordinary by previous successful efforts in the same line. The new piece is pronounced superior to any of their prior contributions to the stage, and the fact that it is produced under the direction of Mr. Henry W. Savage should insure a presentation of a dignified and conscientious description. This organization has been identified during the last half a dozen years with some of the most pretentious operatic offerings ever given to the American stage, and in "King Dodo," it is asserted that all the experience, skill and unlimited means at the disposal of the management have been brought into requisition. The lavish character of the costuming is a feature which is strongly dwelt upon by the management, and the display of finery seldom equalled, is expected upon the occasion of the visit of the company to this city.
