PUBLISHED EVERY TUESDAY AND FRIDAY. GEO. D. MITCHELL, — EDITOR.

TWELVE native born Kentuckians have been governors of Missouri.

THE son of Democrat Whitney marries the daughter of Republican Hay, showing that love laughs at party lines as well as locksmiths.

RECIPE for making imperialism: Dissolve a keg of powder in a barrel of blood and throw in a handful of hypocrisy for seasoning. Drink while hot. —Bryan's Commoner.

NOW, as Mr. Caleb Powers and Mr. Jim Howard are confined in the Scott county jail, the jailer should issue an order to the prisoners prohibiting the throwing of inkstands —Georgetown News.

"Can a man with a family be a good Christian on a salary of \$5 a week?" is a question causing great discussion in eastern circles. If he is a Christian at all he would have to be a good one on that salary.

WHAT business has this country to participate in the coronation of King Edward? Is not the very existence of our republic a protest against kingscraft? Has imperialism brought our authorities to the point that they no longer have pride in a people's government?

MISS ALICE ROOSEVELT, daughter of President Roosevelt, will go to London as the guest of Miss Reid, daughter of Hon. Whitlow Reid, and attend the coronation of King Edward. She will not attend in any official capacity; only as an American lady, the highest title in the world.

TWENTY-FOUR good men and true—Democrats, Republicans, Populists and Prohibitionists—after weighing the evidence in the scales of justice, have unanimously declared, upon their consciences and their oaths, James Howard guilty of the murder of William Goebel. But Jim "jess lafs." —Louisville Times.

ON and after July 1st next it will be unlawful in South Carolina to sell or offer for sale any pistol weighing less than three pounds or being less than twenty-eight inches long. The South Carolina boys who imagine they can't get along without a gun, will now have to enlarge their pistol pockets.

THAT is a striking decision by the Indiana courts to the effect that the death of one of the parties to a marriage engagement constitutes a breach of promise and entitles the surviving party to the contract to receive compensatory damages from the decedent's estate in "a just and equitable amount."

IT appears that the legislature was not wrong in repealing the act in allowing the women in the cities of the second class to vote for school trustees, notwithstanding the plea made by ladies of Lexington. In Covington the registration books show 1,143 negro women registered to vote, against 113 white women.

A CENTRAL Kentucky Democrat has made a request that when he dies to be buried in Indiana. When asked why he wanted to be buried in Indiana he said:

"When the last day comes and we all rise up I feel sure that old Durbin will refuse to honor a requisition by the Devil for me, and I will be safe."

THE Marconi system of wireless telegraphy is so wonderful in its theory and so great in its possibilities that proof of its success is naturally received with some hesitation. Recent experiments, however, such as those just conducted between two ships one hundred miles apart and reported in the Chicago American, seems to demonstrate the practicability of the system.

THE man who annually announces the death of the peach crop in Kentucky has taken his pen in hand a little earlier this year, but in this day of wireless telegraphy and horseless carriages it behooves even the pessimist to get a move on himself. Of course the peach crop is killed, and killed dead as a herring. Did anybody ever hear of a time when the peach crop was not dead in February? —Glasgow Times.

You Do, or You Don't Need Glasses

The eye being a rather delicate organ, great care should be exercised in the selection of proper glasses. Many believe that glasses should be resorted to only when the sight becomes so defective as not to be able to do without. This is a great mistake which must be combated. Whenever there is unmistakable evidence of the need of their aid, they should be used. A neglect of this rule sometimes produces mischief which results in serious trouble if the course be persisted in.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Greens August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at W. T. Brooks' Get Green's Special Almanac.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES the GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and also wonderfully quick to relieve HAY FEVER and COLIC in the HEAD.

CATARRH when neglected often leads to CONSUMPTION. "SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once and write full particulars as to your condition and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent postpaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. H 612, EDWIN B. GILES & COMPANY, 238 0 and 239 1/2 Market Street, Philadelphia.
