A FEW FACTS!

Longfellow could take a worthless sheet of paper, write a poem on it and make it worth \$5,000. That's Genius.  
J. P. Morgan can write a few words on a piece of paper and make it worth \$1,000,000. That's Capital.  
A mechanic can take a pound of steel and work it into watch springs, and make it worth \$300. That's Skill.  
We can write a check for \$1,000,000 and it would not be worth a dime. That's Rough.  
Your wife can buy a coat worth \$10 but prefers one that cost \$50. That's Natural.  
There may be merchants who will tell you that they have better stock than we have. That's Gall.  
We have a good stock of all kinds of Lumber that we are willing to sell at a reasonable profit. That's Common Sense.
