LIVE STOCK, CROP, ETC.

—Thomas McClintock & Son
bought two broke mules at Owings-
ville court, Monday.

—Earl Ferguson sold his crop of
tobacco, Wednesday, to Dan Peed
at 8 1-2 cents. He had 20,000
pounds.

—S. T. Boler, of Woodford, sold
his wheat crop, 1,300 bushels, at
75 cents. It averaged 22 1/2 bushels
per acre.

—Judge B. F. Day, of Mt.
Sterling, sold to a Menefee com-
pany, 2,500 acres of timber land in
that county, for \$15,000.

—The yield of California lemons
and oranges for the season of
1903-4 is estimated at 35,000 car-
loads, the biggest crop on record.

—Montgomery Chief, the most
celebrated show stallion in the
United States, belonging to Bell
Bros., of Versailles, has been sold
to C. T. Hewitt, of Quincy, Ill.,
for \$20,000.

—Several carloads of Nebraska
horses sold this week at Union
Stock Yards, Lexington, all the
way from \$50 to \$90. About 300
stock ewes sold Wednesday at the
yards from \$3.50 to \$4.

—McIntyre & McClintock ship-
ped two double-deck loads of
lambs from Austerlitz and Escon-
dida, Tuesday and Wednesday.
They cost 5 1-2 per pound. They
have shipped this season 7,000,
and have 6,000 more to go in
July and August.

—In Woodford, Joe A. Cohen
bought 270 lambs from H. B.
Campbell, of Jessamine, averaging
86 pounds, at 5 1/2c. Dr. Alex. J. A.
Alexander, manager of Woodburn
Farm, sold 517 lambs and ewes to
John M. Jones, of Georgetown.

—Within a radius of three
miles in Mason county, there has
been 138 head of lambs killed by
dogs since February last. At \$5
per head this makes a money loss
of \$690. When it is considered
that all this destruction occurred
within a radius of three miles,
what must the loss have been in
entire county.

WEEKLY CROP BULLETIN.

—Below is U. S. Department of
Agriculture's crop bulletin for
week ending July 14:

Wheat is more than half thresh-
ed the former estimates of a light
yield are verified. Corn has made
a very rapid growth and shows
considerable improvement. The
tobacco is doing very well; some
being topped. Oats are being har-
vested; the yield will be short,
though winter oats are generally
good. Hay cutting has progressed
well. In the western portion of
the State the crop is good, but it
is generally light elsewhere. Clo-
ver has yielded fairly well. Past-
ures are in fair condition, but need
more rain. Irish potatoes are very
good. Gardens are in need of
rain. Apples have been affected
by the hot weather and are drop-
ping badly in some localities.
There is an immense crop of
blackberries. Hemp is doing fairly
well, but needs more rain.

THE WORLD'S GRANARY.

—The inspiring yet almost in-
conceivable figures given out by
the Department of Agriculture in
estimating the grain crops of the
present year show that this coun-
try is still the world's "bread-
basket." The official report sug-
gests the several crops as follows:

| | 1903. | 1902. |
|---------------|---------------|---------------|
| | Bushels. | Bushels. |
| Winter Wheat. | 456,000,000 | 411,788,666 |
| Spring Wheat. | 235,000,000 | 258,274,342 |
| Corn | 2,233,000,000 | 2,523,628,000 |
| Oats | 782,000,000 | 987,842,712 |

The falling off in the prospec-
tive yield of winter wheat is almost
made good by the increase in the
spring wheat, while the corn crop,
it is estimated, will be nearly three
hundred million bushels less than
last year. The weather since July
1, however, has been very favorable
to all grain crops and particularly
to corn. America will still be
ready to feed the world—at a price.

QUIET PLACE.—If you desire to go to a
nice quiet place for a cool glass of beer,
or country toddy made out of the best
whisky that is sold over the counter,
