Called Meeting of Democratic County Committee.

The Democratic Committee met in Paris yesterday, to take such action as might be deemed necessary with reference to a proposed change of the call of the District Committee, for a convention to nominate a candidate for Congress.

Mr. Morrow, Chairman of the Committee, stated that he had signed a request of the Chairman of the District Committee to call the latter committee together, but the petition signed by him did not state the purpose of the proposed meeting. He stated further that he was willing to abide by the wishes of the County Committee in any action he should take as a member of the District Committee. The County Committee unanimously passed a resolution instructing Mr. Morrow, in case any meeting of the District Committee should be held, to oppose and vote against any change in the call heretofore made, and Mr. Morrow, after the passage of this resolution, stated to the committee that he would abide by its action. Mr. Morrow telegraphed Mr. Lee, Chairman of the District Committee, to erase his name, from the petition now in his hands.

Mr. Thomas, Bourbon county's candidate for the Democratic nomination, made a statement to the committee as to his wishes in the matter, and expressed entire satisfaction with Capt. Morrow's attitude as to the situation. Mr. Thomas is making a dignified canvass of the District, and people acquainted with the situation of affairs, believe that he will certainly be the nominee of the Democratic party.

News from Woodford county is to the effect that no candidate at present is in better position before the Democrats of Woodford than he. Every Bourbon County Democrat owes it to himself and his party, as well as Mr. Thomas, to earnestly work for his nomination, and if this is done, we believe that Mr. Thomas will bring back to Bourbon Congressional honors, of which she has been deprived for nearly half a century.

A MISTAKEN IDEA.—It is reported that there is no Bock Beer on draught in this city, but this is a mistake, as the Jung Brewing Co. has its storage full of Bock Beer, and you can get any quantity from the following saloons—Coughlin Bros., Wm. This gives Mr. Wilson the property adjoining and running back to pleasant street. He will be in immediately the erection of a large three-story structure to extend from street to street. A part of the third floor of the new building will be used by the Masonic order, as a lodge room, and the corner room will be fitted up for Geo. Alexander & Co.'s bank.

WALL PAPER.—A fine stock of wall paper at J. T. Hinton's, and you can be easily suited for any room you want.

SERIOUSLY HURT.—Ashby Anderson, of Cynthiana, was kicked in the head by a horse at the horse show in Georgetown, yesterday. He was standing close to T. Porter Smith, of this city, to whom he was talking, when the accident happened.

A Handicapped Fire Company.

On Friday night, about 11:30, the Fire Department was called to the corner of Tenth and Pleasant streets to put out a fire which had considerable headway in the house of Mr. Pat Kehoe, used by Wm. Maringer as a saloon. The four members of the fire department, with the assistance of bystanders, did most excellent work in saving the building from burning to the ground. It is safe to say, that with same number of men (four) no fire department in the world can do better work than our boys, handicapped as they are without ladders that will reach to the roof of a second-story building and no water pressure. The council pays no attention to warnings, but will surely one of these days realize that the gentlemen who compose the Committee on Engine and Hose are not worthy members of that Committee. First, at the fire Friday night, the water pressure was not of sufficient force to break the thin glass in the second-story windows and the boys had to break them with rocks before the stream could reach the blaze. Second, they had only the ladders carried on the chemical engine, not one of them long enough to reach the roof, and this deficiency caused the most damage, as the fire could have easily been put out if the firemen could have reached the roof when they arrived. The longest ladder of the company would not reach the roof of a good-sized chicken coop. They have one driver for two wagons, no Chief, and in fact, no organization whatever.

The burning of the Court House was enough to show the council that they need a ladder wagon—the building should have been saved. Do you want another \$300,000 fire before you wake up to this important duty? The Chairman of the Fire Committee is Mr. Hugh Montgomery, a travelling salesman, who is only here a few months in the year. Is there not a member of the council with enough backbone to bring these matters up before the council and push them? Take a little interest in the welfare of our property owners. The way things are at present we might as well abolish the council and let James O'Brien act as Mayor and let him run the city without a board, as it seems a one-man town anyway.

Christian Unity.

The services at the Christian church Sunday night illustrates the good feeling and Christian unity of the churches of Paris. Dr. J. M. Worrall, of Danville, who is temporarily filling the pulpit at the First Presbyterian church, was invited by Elder Carey Morgan, of the Christian church, to preach for him, and accepted. Dr. E. H. Rutherford also accepted the invitation to be present and was on hand with his flock.

Dr. Worrall was at his best and his sermon on the Divinity of Christ was a grand one. The distinguished man of God is over eighty years old, and retains the vigor of both mind and body to a remarkable degree.

The singing of Mrs. Princess Long, of Paris favorite was as sweet as ever and highly enjoyed by the large crowd, bringing tears to the eyes of quite a number. The singing of the quartette and by the choir was also features to be remembered by this large gathering of Christian people.
