A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.—W. T. Brooks

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Beschoe's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size 75c. At all druggists.—W. T. Brooks

Passenger Trains on the Southern Railway Collide.

Sixty-Two Persons Are Dead and Several of the 162 Injured May Die—One of the Engineers Evidently Disobeyed Orders.

Knoxville, Tenn., Sept. 26.—Running on a railroad in a supposedly high condition of maintenance, and having about them every safeguard known to modern railroading, two trains on the Southern railway, carrying heavy lists of passengers, came together in a frightful head-end collision near Hodges, Tenn., Saturday.

The appalling loss of life and maiming from the disregarding of orders given to the two trains to meet at a station which has for a long time been their regular meeting point.

The claim of failure to see either the station or signals can not be set up by the engineer of the westbound train were he alive to enter a plea of defense, as the accident happened in broad daylight, and, according to the best information obtainable, he had the order in a little frame in front of him as his monster of iron and steel rushed by Newmarket Station and soon after came full upon an eastbound passenger train making for Newmarket, in compliance with instructions to meet the westbound train which carried the sleepers from the east for Knoxville, Chattanooga and other southern cities.

The possibility exists that the ill-fated engineer may have been asleep, or that death had suddenly taken the sight from his eyes before Newmarket was reached. But nothing is known save that the orders were not obeyed. The trains were on time and not making over 35 miles an hour, yet the impact as they rounded a curve and came suddenly upon each other was frightful. Both engines and the major portions of both trains were demolished, and why the orders were disregarded or misinterpreted will never be known, as the engineers of the two trains were crushed, their bodies remaining for hours under the wreckage of the monster locomotives.

The death list as a result of the fearful wreck had grown Sunday night to 62 and it will probably exceed 70 before Tuesday, as many of the injured are in a serious condition and more deaths will occur at the hospital. Sunday there were six deaths at that institution, the last one occurring at 8 o'clock Sunday night, when M. P. Gant, a prominent North Carolinian, residing at Shelby, N. C., passed away. Others who died Sunday at the hospital were the two colored firemen, two little girls and Nep Miller, colored, of Johnson City. To the list of dead there must be added an unknown infant found Sunday at the scene of the wreck and two other unidentified bodies.

A force of 150 men tolled all day long at the scene of the wreck. Before 2 o'clock Sunday morning the track was clear for through trains, but it required many hours to clear the debris.

Engineers Parrott and Kane were found beneath their engines, but their bodies were not badly crushed. Small fragments of bodies were found in many instances Sunday, but it is thought that they belong to bodies already found and brought to this city. One little baby was found by the wreckers, but that was all.

The cause of the terrible loss of life in the heavy eastbound train was explained Sunday. It seems that the second coach ploughed its way into a bank in such a manner that the other cars were jammed into it and pushed on by the weight of the heavy Pullmans, were crushed like eggshells.

Physicians at the hospital stated Sunday night that of the long list of injured which they have in their care it is probable that not more than four will die. The complete list of injured as given by the railroad officials shows a total of 162, but this includes all persons who were only slightly hurt or scratched.

Columbia, S. C., Sept. 26.—A telegram has been received at Gaffney, this state, announcing the death of Lee Hill at Jellico, Tenn., who was killed in an explosion in a powder mill. The body was expected at Gaffney Saturday night but instead a telegram was received stating that the body, accompanied by Scott Hill, his father, Lee Hill's wife and four children and a single sister were all on the ill-fated Southern train which was wrecked Saturday and that all were killed. The bodies of all seven of the family are expected to reach Gaffney Monday morning.

Secretary Taft in Washington.

Washington, Sept. 26.—Secretary Taft returned to Washington Sunday night from Point-a-Pic, near the mouth of the St. Lawrence, where he has been for several weeks. He was accompanied by his brother, Henry W. Taft.

Shanghai, Sept. 26.—It is reported in Chinese quarters here that measures are in progress looking to the restoration to American ownership of the Canton-Hankow railroad. The company was chartered in New Jersey.

WAR ON THE UNION.

Leadville District Mining Association Will Issue Working Cards.

Leadville, Col., Sept. 26.—The Leadville District Mining association, which takes in every mine manager in the district, has decided to issue working cards for the purpose of carrying on the fight against the Western Federation of Miners. Notices were posted at every mine in the camp Monday to the effect that no person will be employed who shall not have deposited with the timekeeper his card of recommendation from the mining association. An office will be opened in the city where the cards will be issued. Every applicant will be required to sign a statement that he is not a member of the federation or any order controlled thereby. If he is a member of the federation he will be required to renounce his allegiance to the federation.

The mine owners here believe that the federation is seeking to secure a foothold in Leadville, a large number of Cripple Creek miners having come here since the trouble in that district. Cripple Creek, Col., Sept. 26.—Sheriff Bell has concluded that the alleged confession of Edward Romaine, a prisoner at Topeka, Kan., implicating union miners who formerly lived in this district in the Vindicator mine and Independence Depot murders, is entirely false.

"I found many discrepancies in Romaine's story," said Sheriff Bell, who has just returned from Topeka, "and many of his statements were easily disproved. He was in La Junta on the day of the Independence Depot explosion."

Colorado Springs, Col., Sept. 26.—Deputy United States Marshal Davis has taken charge of the Telluride mill of the General Metal Co., at Colorado City, under an order of Judge Fallett, of the federal court, who has adjudged the company bankrupt. This action was taken on application of local creditors whose claims aggregate over \$2,000,000.

MOUNT VESUVIUS.

The Eruption is Now More Violent Than at Any Time Since 1872.

Naples, Sept. 26.—The eruption of Mount Vesuvius continues to increase in force and is now more violent than at any time since 1872. Red hot stones are hurled to a height of 1,600 feet, falling down the flanks of the mountains with a deafening sound, the director of the observatory says that between 5 o'clock Sunday morning and 6 o'clock Sunday afternoon his instruments registered 1,844 violent explosions, and that one stone thrown out weighed about two tons. Lava flowing from the crater has melted the metal of the Funicular railway, destroyed the upper station and burned the wooden huts in which guides live.

IN A RAILWAY WRECK.

Wife of the Vice President of the Pere Marquette Railroad Killed.

Rochester, N. Y., Sept. 26.—Six people who were injured in a wreck on the New York Central a short distance east of Lyons were brought to Rochester hospital. Three sleepers of the western express left the track because of a split rail, and threw the passengers to the floors of the coaches. Just as the train came to a standstill a fast freight eastbound ran into the derailed cars. Mrs. Newman Erbs, wife of the vice president of the Pere Marquette railroad, who was brought here with both limbs cut off, died at the hospital. Mr. Erbs was bruised and injured.

FELL FROM STREET CAR.

Wealthy Lumber Man Killed in Presence of Prospective Bride.

Savannah, Ga., Sept. 26.—D. M. Pierson, a wealthy lumber man of Waterboro, S. C., while about to assist his prospective bride from a street car, lost his balance and fell, his head striking the pavement with such force that he became unconscious, dying several hours later. He was to have been married Wednesday. In what was to have been his wedding suit he will be buried at Sumter, S. C.

The rule does not apply to laborers. The order affects a large number of the most expert steel men.
