Waited 35 Years to Marry.

Thirty-five years has made some difference in the appearance of Miss Harriet Dietrich, of Hopkinsville, Ky., but it has not altered her love for Guilford Seaward, of Akron, O., whom she wedded the other night. Miss Dietrich is 62 years of age and has taught in the High School in her home town. Thirty-five years ago she was ready to become the bride of Seaward. Then her mother objected and the engagement was broken. Seaward married twice, but his original sweetheart quietly folded her troussseau and went about her daily duties with a heavy heart vowing never to marry another. The recent wedding was a quiet one. Miss Dietrich has been rewarded for her constancy.

Brute Father Wired Son's Tongue

Albin Hasbrock, of Tenton, N. J., is under arrest, without bail, charged with inhuman treatment of his wife and son. Because the son threatened to report the cruelties to the police, Hasbrock twined a piece of wire about his son's tongue and tightened it with a stick until the lad was almost paralyzed. It is alleged he frequently hanged the boy by the thumbs and deprived him of his meals. The boy's mother has been forced to go to the hospital several times on account of injuries inflicted by her husband. Neighbors caused his arrest.

Bullets Used in Sham Battle.

In a sham battle at the Chickamauga park encampment, a regular infantry private was wounded by a bullet. It is alleged the first Georgia regiment used bullets instead of blank cartridges. An investigation has been ordered.

The Teachers' Institute.

The Bourbon County Teachers' Institute which convened Monday, closed yesterday afternoon.

It was an interesting and profitable session in which the 32 teachers present took an unusually active part. The Institute was conducted by Mr. R. M. Shipp, of Winchester, a most capable and successful instructor.

The opening address to the Institute was made by County Superintendent F. L. McChesney and was highly complimented by all present.

The exercises were interesting from the beginning of the Institute to its close.

Among the visitors who attended and addressed the Institute were: Superintendent Leonard, of Cynthiana; County Superintendent Farmer, of Winchester; Prof. Ramsey, of Lexington; Superintendents Sharon and Chapman, of Paris; Prof. E. A. Gullion, of Henry county, candidate for Superintendent of Public Instruction. Former County Superintendents Miss Kate Edgar and Mrs. Nellie Bedford Clay also attended the sessions of the Institute.

The following resolutions were unanimously adopted by a rising vote:

Whereas, That, we, the members of the Bourbon County Teachers' Institute, feel that we have been more pleasantly and profitably entertained this year than at any previous Institute, from the fact that each teacher has been led to express his own ideas and discuss the subjects presented.

Second—That we tender our thanks to our honored County Superintendent, F. L. McChesney, for his many encouraging talks and readings.

Third—That we extend our sincere thanks to Prof. R. M. Shipp, our ever wide awake instructor, for the efficient and instructive manner in which he conducted the Institute. He is certainly a man of enthusiasm, power and ability and we ask his return to us as instructor next year.

Fourth—That, to the City School Board, we tender our thanks for the use of the City School building.

Fifth—That we extend our thanks to Rev. Dr. Rutherford and Rev. Lon Robinson for their attendance and for the interest they have shown and services they have rendered.

Sixth—That a copy of these resolutions be printed in the Paris papers.

At each district meeting a basket dinner will be spread. Due notice and program of exercises of the meetings will be given in The Kentuckian-Citizen.

The first meeting will be held at Little Rock, September 28.

The following teachers filed application with the County Superintendent for appointment to the State Normal School at Richmond, Ky.:

Refused the Money.

The case against the two negroes, Tom Steele and Will Thomas, who were arrested Friday night while engaged in setting up and operating a game of chance at the picnic given by the colored lodge of Elks, was dismissed in Police Court Saturday afternoon. It transpires that the negroes were running a jingle board, the same as conducted at the street fair last spring.

The board, which is about four feet wide and eight feet long, is covered with a black cloth and placed about eighteen inches above the ground. Coins of the denomination of five cents, twenty-five cents and one dollar are placed promiscuously over the board. Those who play the game purchase rings, usually five for ten cents, and endeavor by throwing, to place the ring over a coin, which is theirs if successfully done.

When Steele and Thomas were arrested by Officers Elgin and Burke, the money was gathered up by the officers and the negroes taken to jail. Before being locked up, they demanded to know how much money was on the board at the time of their arrest and to see it counted. This was refused them, and after being locked up the officers proceeded to count the money in the presence of Jailer George W. Judy and found the sum of \$36.

When the case was dismissed, his Honor Judge Hinton tendered them the money, which they declined to accept, claiming the amount was \$75 or more. Judge Hinton, after adjourning court, placed the money in the First National Bank. It is said the negroes have employed an attorney and will bring suit for the recovery of the amount they allege was on the board and for false arrest.

Old Government Clerks Must Go.

Negligent and inefficient clerks will be dismissed from the Government, as orders have been given to all bureau chiefs to make a written report of all clerks whose records for efficiency fall below the standard. The result of the work of the Keef commission is causing the present activity in securing reports. Since 1890 no systematic effort has been made to weed out "dead timber" from the various departments.

Violence in North Carolina.

Deeds of violence continue in North Carolina and mobs intent upon lynching are becoming more numerous. The middle of the week, at Greenwood, "Bob" Davis, a negro, attacked Miss Jennie Brooks, daughter of a merchant, in the store she was tending in her father's absence. The negro secured a meat knife, slashed the young woman across her throat with it. She made a desperate fight and drove off the negro. A mob of about 1,000 citizens is searching the woods for Davis.

There is much excitement throughout North Carolina over the order of the governor to the militia to shoot to kill into any mob which attempts to take a prisoner from jail.
