Strong Charges Against Hager.

Rev. D. D. McLachlan, of Shelbyville, one of the leading ministers of the Christian church in Kentucky is out in an open letter "to the Friends of Temperance in Kentucky," in the course of which he attacks directly the conduct of S. W. Hager, candidate for Governor, and also calls attention to reports he has received on Governor Beckham's share in the matter.

Mr. MacLachlan states over his signature that he has seen a check for \$3,500 drawn by Charles P. Dehler, secretary of the Frank Fehr Brewing Company, in 1903, and payable to S. W. Hager, then a candidate for State Auditor, and now a candidate for Governor. Dr. MacLachlan also states that he has positive information that this check was cashed by Mr. Hager at the Union National Bank, of Louisville, and he says that he has seen the check with Mr. Hager's indorsements. He also states that he has been informed that this check was given to Mr. Dehler on the part of the brewery interests as the result of an understanding.

At the time the brewery check was given to Hager by Mr. Dehler, Mr. Hager was State Treasurer and was a candidate for State Auditor.

Mr. MacLachlan says that fully twenty-five people, including four or five ministers of the gospel, have seen this check with Mr. Hager's indorsement thereupon; that the money was given by Mr. Dehler personally, but that it was money belonging to the brewery interests.

A letter from Mr. Hager's stenographer is printed, in which Mr. Hager denies that he received the money as the result of any promise, but does not deny that the check was received.

Marines Leaving Cuba.

The exodus of American marines in Cuba began yesterday. Seven hundred marines sailed on the cruisers Minneapolis, Newark and Denver. Six hundred will remain in camp at Columbia, while 1,200 are still scattered throughout the island.

Rats Taking the Country.

Several of our prominent farmers tells us that rats are destroying almost everything in the country that is raised on the farm. One of them said that while his hands were shucking some corn the other day, four to six big rats were found in every shock; that a lot of baled straw he had stored in a barn had been cut to pieces by them. We find this complaint coming from all parts of the county.

Mr. Brooks Clay became mad the other day thoroughly disgusted with them, and called all his men from the fields and after arming them with guns, he secured a number of dogs and started on a big rat hunt. Great sport was had, the crowd of them bagging eight hundred rats.

Interstate Commerce Commission Investigating Price of Coal in Kentucky.

The Interstate Commerce commission called a meeting for Knoxville yesterday to investigate the recent increase in the price of coal in Kentucky. The commission will be in session there probably until Thursday, when it will adjourn to Louisville to continue the examination of witnesses. C. C. Me-Cord of the Kentucky State Railroad commission was requested to conduct the examination for the Interstate Commerce commission, and he has summoned a large number of witnesses. In connection with this investigation the Interstate Commerce commission will seek to determine whether or not the railroads of Kentucky or control the coal lands of the State. According to the local men the increase in prices is due to lack of transportation facilities.
