“Who Is Judge Carnes?”

Judge William Carnes, who presided in the Hargis cases at Jackson, will be practically placed on trial before the Court of Appeals today, when he will answer the writ requiring him to discontinue the hearing in the lower court.

“Who is Judge Carnes?”

“He is the man selected by Gov. Beckham, from the bar of Kentucky, noted for its jurists and attorneys, as the one right man to try Judge James Hargis; the most important case in Kentucky and a case which has attracted national attention because of its effects on the State. Judge Carnes now is on trial before the Court of Appeals under a writ prohibiting him from continuing with the case.”

“Yes, but who is Judge Carnes?”

“Judge William Carnes, of Williams-town; attorney at the bar for the last thirty years, practicing in the State Courts in Grant county and in the Sixth Congressional district. Ex-Republican, ex-Blackburn and ex-McCreary man, now a warm and close supporter of Gov. J. C. W. Beckham.”

Two men were talking in a seat on a train out of Cincinnati, Sunday night. One of them was a traveling man whose territory is in Kentucky. The other man lived in Williamstown. The two began talking about the Hargis trial at Jackson and the traveling man put the original inquiry.

**A Frame-Up to Defeat Bain.**

There is a frame-up in the Board of Directors of the Blue Grass Fair Association at Lexington, to defeat George A. Bain as Secretary the coming year. At the meeting of the stockholders last Tuesday the Directors were named by a committee and Bain's friends thought the persons named were friendly to him, but after this report was adopted a substitute was offered naming L. B. Shropshire, John Gund and L. G. Cox, in the place of Jouett Shouse and two others. The substitute carried by a good vote and now it develops that there is a majority of the board in favor of making Shouse Secretary. The board will hold a meeting for the election of officers and naming a date for holding the fair in the near future.

**Hospital League Getting Down to Business.**

The Paris Hospital League met Saturday afternoon at the court house, at 2 o'clock, and in the absence of the President, Mrs. Alice Anderson, was presided over by Mrs. E. F. Clay, Sr. It was more like a business meeting than any yet held, for the proper method of raising funds for the hospital was laid before them by Drs. C. C. Daugherty, F. L. Lapsley and W. C. Ussery, a committee from the Bourbon County Medical Society.

The physicians said they voiced the unanimous opinion of every doctor in the county, that the matter of erecting a hospital should be pushed with the utmost dispatch, that the method of securing the necessary funds should be by business methods, and that stock should be subscribed to the amount of \$15,000 in shares of \$25 each.

This method, they said, would appeal to the conservative and progressive business men of the city and county, and would enable the League to rapidly bring the matter to their attention. The above plan as outlined by the committee of physicians, seemed to meet the approval of those present and after calling a meeting for next Friday at the court house at 2 o'clock p. m., for the purpose of perfecting arrangements to incorporate the Hospital League, adjournment was had and each member requested to see as many people as possible and have them attend the meeting.

The above plan has been successfully carried out in Mt. Sterling and other cities.
