

Absolutely Pure

From Grapes, the most healthful of fruits, comes the chief ingredient of

ROYAL BAKING POWDER

The only baking powder made from Royal Grape Cream of Tartar

Costs a little more than the injurious alum or phosphate of lime powders, but with Royal you are sure of pure, healthful food.

HONOR ROLL

Of Paris Public School For Month of March—List of Honor Students and Grade Secured.

March has been a good month. Sixteen new pupils were enrolled making a total of 923. The work in most of the grades is good and the schools are undoubtedly prosperous. One hundred and seven white and fifty-one colored pupils secure a place on the honor roll. It is interesting to note the leader in each grade. The pupil receiving the highest mark in each grade is as follows:

GRADE ONE.—Blanche Chapman, 95.
 GRADE TWO.—Mary Arnold Strother, 94.
 GRADE THREE.—Hattie Hughes, 95.
 GRADE FOUR.—Elizabeth Watts, 93.
 GRADE FIVE.—Temple Ashbrook, 94.
 GRADE SIX.—Edward Myall, 96; Ailine Rose, 96.
 GRADE SEVEN.—Elsie Heller, 97.
 GRADE EIGHT.—Frieda Heller, 98, Margaret Buchanan, 98.
 GRADE NINE.—Sam Atlas, 90, Margaret Grinnan, 98, Frances Hancock, 98.
 GRADE ELEVEN.—Hazel Cottingham, 96.

THE COMPLETE ROLL.

GRADE ONE.—Cornelius James, 92; William McIntyre, 92, J.W. Hayden 91; Stanley Rule, 90; Lillian Redmon, 90; Teddy Templin 93; Edward Sparks, 90; Charles Clarke, 94, Blanche Chapman, 95; Elenor Lytle, 94; Margaret Ratliff 93; Eunice Strother, 93; Mary Fitzgerald 93, Erna Arkle, 93; Lillian Ewalt, 92; Anna Fitzgerald 90; Mary McKinzie, 90.
 GRADE TWO B.—Martin O'Neil, 90; Aurel Campbell, 91; Ethel Buchanan 90; Ruby Elder, 91; Fannie Williams, 90, Sallie Crowe 92.
 GRADE A TWO.—Sherman Gardner 96 (promoted to 3rd Grade) Mary Strother, 94; Elise Varden, 94; John Brannon, 93, Edna Snapp, 93; Hester Watts, 92; Aileen Ewalt, 92; Ada Myers, 91; James Parker, 91; Claude Redmon, 90; Nettie Dykes, 90; Clyda Moore, 90; Richard Talbott, 90; Russell Roberts, 91.
 GRADE THREE.—Edith Bobbett, 91; Sterling Short, 90; Mattie Ecklar 91; Robert Hughes, 90; Hattie Hughes, 95; Ethel Campbell, 90; Elizabeth Galbraith 90; John Talbott Redmon, 90; Nanmie Linville, 90; Elmore Allen, 91; Clifton Ansparger, 90; Madison Smoot, 91; Mable Templin, 91; Gertrude Lusk, 91.
 GRADE FOUR B.—Julia Fronk, 90; Landram Payne, 90; Mary Spradling 90; Irene Veatch, 90; Elizabeth Watts, 93.
 GRADE FOUR.—Elizabeth Brown, 91; Maggie Hughes, 91; Willie Mastin, 91; Vella Mastin, 91; Edith Mellinger, 90; Ava Neal, 90; Bessie O'Neill, 90.
 GRADE FIVE B.—Margaret Allison, 90; Mary Brown, 90; Lina Crow, 91.
 GRADE FIVE.—Grace McCord, 94; Ellen Henry, 90; Gertrude Slicer, 93; Marguerite Douglas 94; Temple Ashbrook, 94; Mary Cavanaugh, 90; Lawrence Hill, 90; Emmet Curtis, 91; Lancy Waters, 93; Finnell Galloway, 92; Thomas Kearns, 92.
 GRADE SIX, B.—Chas. Dickerson, 90; Eli Friedman, 92.
 GRADE A SIX.—Edward Myall, 96; Aline Rose, 96; Ruth Chambers, 95; Ida Mae Erion, 95; Sello Wollstein, 95; Hazel Durrall, 94; Lillie Hoffman, 94; Matilda James, 94; Florence Paynter, 94; Elmer Thompson, 94; Frank DeJarnett, 91; Annie Embry, 91; Wayne Cottingham, 90; Fred Crouch, 90; Louis Meglone, 90; Sarah Meglone, 90.
 GRADE SEVEN.—Goldia Saoshin, 90; Olive Taul, 93; Nellie Rummans, 93; Clara Chambers, 94; Lena Thompson, 94; Clara Beets, 94; G. C. Thompson, 95; Duke Brown, 95; Clarice Collins, 95; Earnette Arnold, 95; Elsie Heller, 97.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. E. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

An Ordinance

Regulating the Sale of Milk.

Be it ordained by the Mayor and Board of Council of the City of Paris, Kentucky:

Section 1. That no person shall bring or send into the city for sale any milk without a permit to do so from the Health Officer, said permit to be furnished gratuitously by the Health Officer to all applicants, and to be renewed in one year to be valid.

Section 2. All milk wagons shall have the name of the owner and the number of the wagon or vehicle painted thereon plainly and legibly.

Section 3. All grocers, bakers, and other persons having or offering for sale milk, shall at (all) times keep the name or names of the dairyman or dairy company from whom the milk for sale was obtained, posted up in a conspicuous place wherever such milk may be sold or kept for sale.

Section 4. No milk which is unwholesome or which has been watered, adulterated, reduced, or changed in any respect by the addition of water or other substance, or by the removal of cream, shall be brought into, held, kept, or offered for sale at any place in the City of Paris, nor shall any one keep, have, or offer for sale in the said City any such milk, except as provided for in this ordinance.

Section 5. The terms "adulterated or unwholesome," as used in this ordinance, are held to mean in this ordinance:

First—Milk containing more than eighty-seven (87) per centum of water or fluids.

Second—Milk containing less than thirteen (13) per centum of milk solid.

Third—Milk containing less than three and seven-tenths (3.7) per centum of fats, or having a specific gravity of less than ten and twenty-nine one-hundredths (10.29).

Fourth—Milk drawn from animals within forty-five (45) days before, or twelve (12) days after parturition.

Fifth—Milk drawn from animals fed on distillery waste, or any substance in a state of fermentation or putrefaction, or on any unhealthy food or drink.

Sixth—Milk drawn from cows kept in a crowded or unhealthy condition.

Seventh—Milk from which any part of the cream has been removed.

Eighth—Milk which has been adulterated with water, or any other fluid, or to which has been added, or into which has been introduced, any foreign substance whatever.

Ninth—Cream sold or offered or kept for sale as such must contain at least twenty (20) per centum butter fat.

Section 6. No dealer in milk by himself or his agent, shall sell, or have in his possession with intent to sell, milk from which cream has been removed in part or in whole, unless sold as skimmed milk and unless there shall appear in a conspicuous place on both sides of the vehicle from which such milk is sold the words "skimmed milk," distinctly and legibly made in letters not less than one inch in height; nor shall any dealer in milk, nor his agent or agents, sell as skimmed milk any milk which has a less percentage of casein and salts than that contained in unskimmed milk.

Section 7. Every dealer in milk selling such skimmed milk shall, on each and every vessel from which he sells, have attached in front and side, a notice stating in legible letters that such skimmed milk is for sale.

Section 8. Any person who offers for sale milk, skimmed or unskimmed, in the City of Paris, whether a resident or non-resident, shall furnish a sample of such milk to any officer representing the Health Department of the City of Paris who may request the same for the purpose of examination or analysis.

Section 9. No dealer in milk, or his agents, shall serve milk in bottles to any dwelling or other house that has in it any contagious disease or diseases, or that is placarded by the Health Officer for contagious disease or diseases, until said placard has been removed by the proper authorities, nor shall any person remove from such dwelling or house any bottle or receptacle which has been for its use for the purpose of receiving or storing milk. No person suffering from, or who has knowingly, within a period of twenty days, been exposed to diphtheria, scarlet fever, erysipelas, smallpox or other dangerous contagious disease, shall work or assist in or about any dairy or dairy farm; no proprietor, manager or superintendent of any dairy or dairy farm, who supplies milk to the city of Paris, Ky., shall knowingly permit any person suffering, or exposed as aforesaid, to work or assist in or about said dairy or dairy farm.

Section 10. The Health Officer shall not issue a permit to any person to sell milk in the City of Paris who does not furnish once in every three months the Health Department with a certificate from a duly qualified veterinary surgeon to the effect that the cattle from which the milk he proposes to sell is obtained are entirely free from disease and said certificate shall be kept on file in the Health Department, and shall embrace a descriptive enumeration of the cattle examined. The Health Officer may require the tuberculin test if any herd is suspected of infection with tuberculosis.

Section 11. Every person maintaining a dairy shall keep the same and all appurtenances thereto clean and wholesome at all times, and shall change the water in the coolers at least once in each day, and no building or space shall be used for dairy purposes which is not well lighted and ventilated, and which is not provided with a suitable floor and properly drained, or which contains less than six hundred cubic feet clear space for each cow.

Section 12. Every person using premises for keeping cows for dairy purposes shall keep the entire premises clean and in good repair, and the buildings well painted or whitewashed, and no accumulation of dung shall be allowed, but shall be removed daily.

Section 13. Milkers and those engaged in the handling of milk or cream shall maintain strict cleanliness of

their hands and persons while milking or while so engaged. The receptacles for milk and all cans for carrying and delivering same must be thoroughly cleaned with hot water and soap and rinsed with boiling water once every day. All bottles used in delivering milk must be sterilized by boiling once every day.

Section 14. Every person keeping cows for the production of milk for sale shall cause them to be kept clean and wholesome at all times, and shall cause the teats and, if necessary, the udder, to be cleaned by brushing, washing or wiping before milking, and shall cause each of said cows to be properly fed and watered.

Section 15. Any person using any premises for keeping cows for dairy purposes shall provide and use a sufficient number of receptacles of non-absorbent material for the reception, storage and delivery of milk, and shall keep them clean and wholesome at all times, and at milking time shall remove each receptacle as soon as filled from the stable or room in which cows are kept; nor shall any milk or cream be stored or kept within any room used for stabling cows or other domestic animals.

Section 16. It shall be the duty of every person having charge or control of any premises upon which cows are kept to notify the Health Officer of the City of Paris of the existence of any contagious or infectious disease among such cows, by letter, delivered or mailed within twenty-four hours after the discovery thereof, and to thoroughly isolate any cow or cows so diseased, or which may reasonably be believed to be infected, and to exercise such other precautions as may be directed, in writing, by said Health Officer.

Section 17. All dairies from which milk is offered for sale in the City of Paris shall be open at all times to the inspection of the Health Officer of the City of Paris, or any officer representing him.

Section 18. That any person, firm, company, or corporation, who shall violate any of the provisions of this ordinance, shall be fined for each offense not exceeding One Hundred Dollars nor exceeding One Hundred Dollars.

JAMES M. O'BRIEN, Mayor.
 Attest:
 A. C. ADAIR, City Clerk.
 Paris, Ky., March 26, 1908.

Removal.

I wish to inform my patrons that on and after April 1st, I will be found at my new stand--the Bourbon Marble works, Hill's Old Stand, between 6th and 7th street.

MARGOLEN.

Fashion Notes.

"Fashions are changing," says Grace Margaret Gould, the fashion editor, in the April Woman's Home Companion. "The new idea emphasizes the simple, classic forms of dress. Paris is looking to ancient Greece for her inspiration. Surely that is stepping back a bit. Nevertheless the new gowns are extremely artistic, even though it will be hard to make them appeal to the practical, economical American woman. They are characterized by graceful, clinging lines, and generally are one-piece models.

"The princess dress is a good illustration of the modified Greek effect. It is made of one of the rough silks, which are so fashionable this season, and in a shade which suggests bronze as the coloring. The gown would also look well developed in olive silk voile.

"In making the costume, the short-waisted bodice is mounted on a fitted guimpe, which may be of flannel or all-over lace, dyed to match the color of the fabric. The bodice is made with two plaits on the shoulders, back and front, and it is cut round at the neck and has a large armhole, though not in the extreme Japanese effect. Rounded revers, which extend over the guimpe, give a touch of novelty. They may be in the same shade as the gown or a tint lighter.

"The graceful Empire skirt is gored and extends above the waistline, where it is also mounted on the guimpe. The skirt is attached to the lower edge of the bodice. Where the joining occurs a band of the material is applied, or a piping of satin, or an embroidered band may be used. The skirt has a demitrain and at the back falls in a triple box plait.

"A gown of this sort made of soft black satin would be extremely beautiful using cream net for the guimpe and draping it in dull art shades of silk floss."

Sixteen Raiders Killed.

Details of a bloody battle recently fought between the "night riders" and the independent growers near Birmingham, Marshall county, were conveyed to Governor Willson Tuesday in a letter from a grower, and given out by him. The name of the farmer will not be given, as it is feared that he would be assassinated if he were known. The informant writes to Governor Willson that he saw the "night riders" as they went on their raid and when they returned. One man was missing and another is believed to have been buried on the battlefield. Another was fatally wounded. The eyes of a second had been shot out, another was lying wounded across his horse's back, and four others, three of whom have died and were secretly buried, were being carried by men on foot.

The writer tells Governor Willson that he has heard of 16 "night riders" who have been killed in that section of the State and buried secretly in the last two weeks. Governor Willson puts credence in this report and will have the matter investigated.

The Governor has a report upon the negroes in one raid. The outlaws were to an old negro's house, and when he was ordered, he came forth, holding out both hands, his wife with a three-year-old babe in her arms at his side. All were shot down by the mob.

There were two negroes stopping in the house and they attempted to escape by a back way, but ran into a large crowd of the "night riders." In their desperation they fired their guns and fought until they made their escape in the confusion.

Will Revolutionize School System.

Governor Wilson Tuesday approved the Sullivan County Board bill reorganizing the system of selecting the trustees who will select teachers in the State of Kentucky. This bill will practically revolutionize the school system in Kentucky.

The bill provides that each county shall be divided into district and that a trustee shall be elected from that district and that these trustees, with the county school superintendent who is chairman of the board by virtue of his office, shall constitute the county board and they will select the teachers for the county. The teachers will be chosen according to the highest average and their qualifications for the common school work. The bill also provides that there must be a high school in each county seat.

DOING THEIR DUTY

Scores of Paris People Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty. When they fail to do this the kidneys are sick. Backache and many kidney ills follow:

Urinary trouble, diabetes, Doan's Kidney Pills cure them all. J. W. B. Lee, College Hill, Carlisle, Ky., says: "I think so much of Doan's Kidney Pills that I would never use any other remedy for any trouble arising from inactive kidneys. I have sufficient proof to thus assert myself, as I have used them off and on for two years and they have never failed to give me the best of results. I first took them for a severe backache and a distressing kidney weakness and they quickly cured me. Since then I have been constantly telling others about their merit, as I believe that for kidney complaint they are unequalled."

Plenty of proof like this from Paris people. Call at J. A. Wilson's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other

IT IS ALWAYS A JAY BIRD.

LOCANDA 2:02

A superb individual, a race champion, and a royally bred stallion. Fastest son of the mighty Allerton 2:09 1/4, who is the fastest son of Jay Bird. Allerton is the champion living stallion to high-wheels and the greatest living sire. LOCANDA'S dam was a daughter of Alcyone, sire of McKinney 2:11 1/4. He holds the record for one and one-half miles, 3:15 1/4; was the champion racing stallion of 1904-5; 3-year-old record 2:16 1/4, 4-year-old record 2:13 1/4, 5-year-old record 2:07 1/4, 6-year-old record 2:05 1/4, 7-year-old record 2:03 1/4, 8-year-old record 2:02.

\$50 For a Living Foal.

NORAB 36915, trial 2:18 Trotting.

Brown horse 16 hands high, splendid bone and substance; sired by Baron Wilkes 2:18, dam Episode 2:18, by Ambassador 2:21 1/4, granddam Santos (dam of Peter the Great 2:07 1/4), by Grand Sentinel.

\$25 For a Living Foal

BLACK NIGHT 623

Saddle Horse, \$10 living foal.

Two good Jacks, \$10 a living foal.

NIGHT SCHOOL.

Maud Fitzpatrick, 95; Summers Martin, 92; Claud Crow, 94.

Simple Home Recipe.

Get from any prescription pharmacy the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

No Opposition to Kimball.

Judge W. A. Lee, chairman of the Congressional Committee of the Seventh district, has called a meeting of the committee at Lexington on Saturday to fix the time and manner of placing in nomination a Democratic candidate for Congress from this district. The incumbent, the Hon. W. P. Kimball, is a candidate for re-election, and so far there is no evidence that he will have opposition. Mr. Kimball is serving his first term and has made a good record, and there is a strong sentiment that he should be sent back without opposition.

Cats Always Do.

"And the cat came back." She came clear from Chicago this time to Whitman, Mass. How she made it no one knows, but it took her seven months. The cat is a prize winner and belongs to Mrs. Alexander Packard, of Whitman, Mass.

Seven months ago Mrs. Packard exhibited the cat at a Chicago show. In some way pussy escaped. Mrs. Packard advertised, but kitty could not be found. Then Mrs. Packard returned home. Tuesday morning pussy wandered in fat and fine, after making a thousand miles trip on foot.

Harness!

My Store is Headquarters For the Biggest and Best Line of . . .

Buggy, Surry, Plow and Wagon Harness

In Central Kentucky. Also, a complete line of Whips, Horse Blankets, Collars, Hames and everything needed by farmers and horsemen. Repairing of all kinds neatly and quickly done.

N. KRIENER,
 PARIS, KENTUCKY

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer of West Franklin, Maine. "They keep my stomach, liver and bowels working just right."

If these pills disappoint you on trial, money will be refunded at Oberdorfer's drug store, 25c.

Baby Sent By Mail.

Postmaster C. Olerach, of Portales, N. M., has reported to E. L. McKee, chief postoffice inspector of the Rocky Mountain region, the discovery of the body of a dead infant in the mails. The package was addressed to Roy W. Carr, Roswell, N. M., and bore the return address of Ida Rhodes Carr, Woodstock, Ill. Under the cover of the package was the following unsigned: "I did not know what else to do. Burn or do something right away. Do not open."

Postmaster Olerach turned the body over to the authorities at Portales. Inspector McKee states that an investigation will be made.

Will Revolutionize School System.
