Work for Blind Girls. It is found that one of the occupations in which blind girls can very well engage is that of telephone operator. With the loss of one sense another is even more acute, and the blind could easily work in exchanges where other girls are employed.

Over Thirty-Five Years.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained that record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by W. T. Brooks. You need no other guarantee. July

### Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine? Most intelligent and sensible people now-a-days hesitate on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle wrapper, what his medicines are made of and verifies it under seal. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, back-ache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in articulation. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which the "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

### No Offense Intended.

Robert Browning once found himself at a dinner at a great English house, sitting next to a lady who was connected with the highest aristocracy. She was very graciously inclined and did her utmost to make conversation. "Are you not a poet?" she finally asked. "Well," said Browning, "people are sometimes kind enough to say that I am." "Oh, please don't mind my having mentioned it," the duchess hastened to say, with the kindest of smiles. "You know Byron and Tennyson and others were poets."

### Liquor Stored in Church Crypt.

The ancient crypt beneath St. Peter's church, Shaftsbury, England, is used for a beer and wine cellar, but not with the consent of the church, which is now trying to buy the lease that has been held by the present owners since the dissolution of the monasteries.

### To Match His Coat.

Robert Walton Goelet, at a meeting of the Astor Trust company's directors, in New York, said of a certain broker:

"The man's nerve is amazing. I shocks me. It reminds me of a money lender to whom a friend of mine, a great rider to hounds, once resorted.

"Yes," said the money lender to my embarrassed friend, 'I will renew your note, but only on one condition, sir—namely, that during the next paper chase at Lenox you scatter from your bag these 5,000 pink slips bearing my name and the words, 'Money advanced on easy terms.' Is it a go, sir?'"

### Streets with Queer Names.

Edinburgh has some queerly named streets, among which are Jacob's Ladder, Gabriel's Ladder, Coffin Lane and Cuddy Lane. It is, however, in the "close" that this ancient city figures best. There are, for instance, Hole in the Wall Close, Little Jack and Big Jack Close, Lady Stairs, Heave-Away and Long Closes. The last is one of the shortest of these, and in that resembles Crooked and Turnagain lanes in London, the former being as straight as a die and the latter so narrow that a vehicle in it cannot possibly turn again.

### He Ate the Crust.

Little Dickie, aged six, and the son of wealthy parents, came home one day and said: "Mamma, will it make me sick to eat pie crust? Teacher said it would; she has pie every day for lunch and scrapes out the pie and throws the crust in the wastebasket, and I have been eating it every day, and I ain't sick."—Illustrated Magazine.

### Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.

"In 1902 I had a very severe attack of diarrhoea," says R. N. Farrer of Cat Island, La. "For several weeks I was unable to do anything. On March 18, 1907 I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by W. T. Brooks. You need no other guarantee. July

### Up-to-Date Bible History.

An old Dutch Bible found in the Humansdorp district of Cape Colony has a frontispiece depicting Cain shooting Abel with a blunderbuss.

### It Reached the Spot.

Mr. E. Humphrey, who owns a large general store at Omega, O., and is president of the Adams County Telephone Co., as well as of the Home Telephone Co., of Pike county, O., says of Dr. King's New Discovery, "It saved my life once. At least I think it did. It seemed to reach the spot—the very seat of my cough—when everything else failed." Dr. King's New Discovery not only reaches the cough spot; it heals the sore spots and the weak spots in throat, lungs and chest. Sold under guarantee at Oberdorfer's drug store. 50 cents and \$1.00. Trial bottle free. July

### Honest Difference of Opinion.

Judging upon the example of Mr. Kipling, it has been asserted that the man who knocks his pipe ashes out behind the parlor couch is usually a genius. But this is a somewhat empty assertion, and, at any rate, it comprises a belief that is in no wise shared by housewives and landladies.

### Valued Same as Gold.

B. G. Stewart, a merchant of Cedar View, Miss., says: "I tell my customers when they buy a box of Dr. King's New Life Pills they get the worth of that much gold in weight, if afflicted with constipation, malaria or biliousness." Sold under guarantee at Oberdorfer's drug store. 25 cents. July

### Two Sure Cures.

"If you want to know a sure cure for rheumatism," said the pretty woman, "take a long piece of twine and tie it around your waist, up under your arms and down again around your wrist, and let it stay there. In three days you will be perfectly cured." "I know a better cure than that," said the tall, thin boy. "Take a black cat out to a graveyard on a dark night and cut off both its ears and a piece of its tail. Put the ears and tail on the roof of the house to sun, and when there's nothing left of them you'll quit having rheumatism."
