**Hallowe'en Pranks.**  
Citizens of Paris suffered to no great extent from the pranks of the Hallowe'en prowlers on Saturday night. Gates that were movable were taken off in great numbers, carried to different parts of the city and owners of articles that had been left in the yards for the night awoke Sunday morning to find that they were missing.  
The prowlers continued their "innocent" mischief making until far in the night and after collecting all the lawn furniture, any other articles that came within their reach for squares around, blockaded Duncan avenue, and proceeding on down the avenue to Scott, turned in a fire alarm from box 16. The fire department responded to the call and after getting straightened out into Duncan avenue, prepared for a hair-raising run. Driver McGinley caught sight of the obstruction in time to prevent crashing into it.  
Bringing his team to a standstill the fire laddies set to work to remove the tangled mass, and forming an opening the department proceeded on its way. On arriving at the "scene of the commotion" an investigation proved it to be a prank of the "ghosts and goblins," so the laddies returned to their banks, swearing vengeance against all perpetrators of Hallowe'en jokes.

**Negro Cutting Scrape.**  
Henry Davis, colored, of Claysville, walked into the kitchen of a house on Pearl street, knocked Ida Davis, colored, down, and proceeded to carve her up with a big knife. While in the act of drawing the blade across the woman's throat another woman rushed in the kitchen and grabbed a pot off the stove and smashed it over Davis' head. The blow knocked Davis out for the time being and he was arrested and taken to jail by Chief of Police Hill. The Smith woman received several ugly cuts.

**Court Day.**  
Yesterday was a large crowd in town yesterday but little stock on the market. Only about six mules being offered for sale and no buyers.

**Delamothé**  
Real Rose Hat Pins

It does not seem possible, yet it is true, that these Hat Pins are made out of real live roses, changed entirely into metal by a secret process, preserving every detail of the rose from which each pin is made. They can not break, and will last forever. This discovery is without doubt one of the lost arts of the ancient Egyptians. They are the most beautiful of all Hat Pins. No two are alike. Finished in five colors, to conform to the prevailing fashions in millinery. Made in six sizes, from the smallest rose bud to the full blown flower. These pins are made by the genuine "DELAMOTHE" secret process, the only process by which an open rose can be perfectly metalized. Don't buy an inferior imitation. All genuine "DELAMOTHE" Metalized Real Rose Hat Pins have the name stamped on the pin.

We have the exclusive sale of "DELAMOTHE" products for this city. See the exhibit in our window of this wonderful discovery.
