Telephone Values—Single System vs. Dual System.

Our friends at Knoxville are in a bad way over their telephone service. That city, it should be understood, is maintaining two telephone companies and they are getting as a consequence poor service according to a report made of the action of the board of trade recently taken. It appears that Knoxville has to ring the old fashioned crank still, although we believe they do not have to all for "one on two" as they had formerly to do. Still the people of the village appear to have waked up and found that with the old "crank ring" they are about ten years behind. The occasion for this antedated system is that neither of the companies feels that it can afford to spend any very large sums of money for additions and up-to-date improvements and take the chances of securing business enough to justify it, for each seems to feel that whatever improvement one installs will be added by the other and the same old nuisance and ruinous competition will continue without any appreciable financial benefit to either.

Chattanooga forestalled all that sort of trouble some years ago by the sensible contract it made with the East Tennessee Telephone Company. As a result we have had the automatic central energy system for years and at the same price the Knoxville subscriber pays to either or the two companies there and we get an infinitely better service. The Knoxville patrons who use both companies pay twice as much as the Chattanooga who uses only one.

Besides improving the service the policy adopted here has proved of immense benefit not only to the company, but to the people themselves. It has enabled the company to double its list of subscribers and the people to get in direct communication with each in a reasonable cheap and convenient manner. It might be stated, incidentally, that the telephone exchange in this city has 6,000 subscribers, which is fifty per cent., or nearly so, more than both companies together have in Knoxville. Of course a large part of this superior number is due to the fact that Chattanooga is a larger city than Knoxville, but that hardly explains why Chattanooga has double the telephone subscribers for the East Tennessee Company's service Knoxville has, and nearly three times the

number of the independent company, for we are not yet quite double the size of our neighbor, although we hope the problem is a serious one for our neighbor to solve and we shall watch with interest how it is to be done.—Editorial Chattanooga Times, March 16.

Held to Grad Jury.

Robert Ramsey, giving his place of residence at Shawhan, was arraigned in Judge January's court Wednesday morning on a charge of petit larceny, and held to await the action of the grand jury in the sum of \$250 bond, in default of which he was remanded to jail. Ramsey was arrested by officer Bishop in a saloon on Main street after he had entered the store of Daugherty Bros. and stolen half a dozen phonograph records, which he had taken across the street to the office of the Bourbon Laundry, where he requested Mr. O. P. Carter, Sr., to wrap them up for him, stating he would call for them later. When he went out he picked up a coat belonging to Mr. Carter, which contained \$13 in money. Mr. Carter reported the theft to the police and accompanied Officer Bishop on the search. When Ramsey was arrested a part of the money and the coat were recovered.

Wilmoth Resigns as Councilman

In a communication to the Mayor and Board of Council, C. O. Wilmoth, member of the Paris City Council from the Second Ward tendered his resignation as member of that body at the regular meeting of the Council last night, and Mr. Jos. W. Davis was elected in his stead.
Mr. Wilmoth in his resignation stated briefly that inasmuch as he had received the appointment of Assistant Postmaster of the Paris office, it would be necessary for him to relinquish his seat in the Council and asked that body to name his successor.
A motion was made to enter into the election of another member of the Board and Councilman Link placed Mr. Jos. W. Davis in nomination which was seconded by Councilman Hinton. Councilman Dempsey then placed in nomination Mr. D. C. Parrish, which was seconded by Councilman Taylor. A vote was then called which resulted as follows: For Davis—Hinton, Baldwin and Link; for Parrish—Dempsey, Wollstein and Taylor. The vote resulted in a tie the deciding vote was cast by Mayor Hinton in favor of Mr. Davis, who was called to the Council Chamber and the oath administered by City Attorney C. A. McMillan, with the power of notary public.

A check for the amount of \$25 was received by the Council from H. C. Howard, acting for the Paris Natural Gas Co., in payment upon the franchise held by the company.

The Indian Refining Co., of Cincinnati, O., applied for a permit to erect two storage tanks near the F. & C., crossing also a wagon shed, which was referred to the Improvement Committee.

Building permits were granted as follows: L. T. Lilleston frame house on Cypress street, between Fifteenth and Sixteenth, to cost \$1,500; same frame house on Cypress between Twelfth and Boone, to cost \$1,500; M. H. Dailey permit to erect stable in the rear of his residence on Stoner Avenue; Lucy Taylor, permit to erect one story frame house on Lilleston Avenue.

Claims to the amount of \$1,107.42 were approved and allowed by the Council after which they adjourned.

Bourbon Circuit Court.

TUESDAY.
The case of Paul Hanly vs. the Bourbon Warehouse Company occupied the time of the court, and was warmly contested. The attorney for the plaintiff was Judge Denis Dundon. The defendant company was represented by E. M. Dickson and N. C. Fisher.
Hon. R. B. Franklin who has been engaged as one of the attorneys for the Indian Refining Company in suits for damages by farmers of Scott county, in the Federal Court at Frankfort, returned Tuesday and is representing the Commonwealth in Circuit Court.

THURSDAY.
Wednesday and Thursday in Circuit Court were consumed in the taking of evidence in the suit of K. I. Richey against the Aetna Insurance Company.
