The Store That Gives the Most Change Back

An Ordinance

For the construction of sidewalks on High street between Boone street and Fifteenth street, on High street between Fifteenth street and Sixteenth street, on Sixteenth street between Main street and High street, and on Third street between Vine street and the Paris Ice Manufacturing Company.

City Hall, Paris, Ky., June 23, 1910. Be it ordained by the Mayor and Board of Council of the City of Paris, Kentucky, that hereinafter named property owners be and they are hereby required to construct sidewalks in front of their property abutting on the streets hereinafter named. Said sidewalks are to be five (5) feet in width on said streets and are to be constructed of concrete according to the specifications of an ordinance for construction of sidewalks in the City of Paris passed by the Board of Council on the 29th day of April, 1905, recorded in the City Clerk's office, and are to be constructed on a grade established by the Mayor. The construction of said sidewalks must be completed not later than 60 days from the publication of this ordinance. If the said work is not completed by said time, the City Council shall, after advertisement for bids for the construction that remains to be done let the contract and issue warrants for the cost of the same, said warrants to be a lien on the property. The property owners required to construct sidewalks under this ordinance are as follows:
On High street between Boone and Fifteenth street,
Miss Fannie G. Ingles, Clarence Ashurst,
J. J. Reagan, King,
E. P. Clarke, Speakes Bros.,
J. S. Jones, Mrs. Frank Lowry,
R. R. Harris.
On High street between Fifteenth and Sixteenth streets,
Mrs. J. W. McIlvaine, C. L. Bobbett, Mrs. Greene, Mrs. J. H. Ewalt,
George Varden, R. B. Hutchcraft, Mrs. Alma Griffith.
On Sixteenth street between Main and High streets,
Holt Henry, R. B. Hutchcraft,
Leon Houston, C. Snapp,
Miss Eri Henry, Henry French,
James Moreland, Mrs. Tuttle.
On Third street between Vine street and the Paris Ice Manufacturing Company,
R. K. McCarney, 25 feet;
Mrs. E. B. Hedges, 50 feet;
E. B. Hedges, 50 feet;
Mrs. Huddleston, 50 feet;
Dr. J. C. Clarke, 130 feet;
Mrs. Ford, 100 feet.
J. T. HINTON, Mayor.
Attest: A. C. Adair, Clerk.

Circuit Judges Called to Meet.

Judge Thomas R. Gordon, President of the Circuit Judges Association of Kentucky, is sending out letters to the members notifying them that the first meeting of the association, since organization some months ago, will be held July 8 at the Galt House in Louisville. The purpose of the meeting will be to devise means for the successful operation of the new law relative to the service of circuit judges as special judges. The law is to the effect that a regularly elected circuit judge of one district shall sit in the trial of a case in another district, in the event that the regular judge of that district is ill or absent, or cannot serve for some other reason. The statute does not affect counties in which continuous court is held. It is proposed to arrange at the meeting next month for a memorandum for the Governor, so that, without difficulty or delay, he will be enabled to designate the judges to do special work when occasions arise.

Demonstration of Wireless Telephone.

Messrs. Wm. Russell and Geo. D. Kerr representing the Continental Wireless Telephone and Telegraph Co., were in the city Saturday and completed arrangements for the giving of a demonstration of the wireless telephone which will be held at the Windsor Hotel on Wednesday, June 29. The progress in the establishment of wireless telephone stations throughout the country has advanced rapidly in the past few years and the company now has stations in forty of the leading cities of the United States. Each station is proving a commercial success. It is the purpose of the company to establish a station in this city and the demonstration is to be given with a view of enlisting the interest of the citizens of Paris.

Recently Messrs. Russell and Kerr gave a demonstration of the wireless telephone at the State University in Lexington, which was a success, and the interest manifested by the Lexington people will be the means of securing a wireless station for that city and preparations are now being made, at an enormous expense, for its establishment. A free booklet on wireless will be supplied on application to Mr. Russell at the Phoenix Hotel Lexington.

Store Wrecked and Proprietor Injured.

After knocking Carl S. Sanders unconscious with blows from a sandbag, yeggmen Friday morning tried to blow up the safe in Sanders' store building at Stone, a small town in Boyle county, with dynamite. Their efforts resulted in the wrecking of the building and the probable fatal wounding of Sanders, who was blown out of the building by the explosion. One foot was cut nearly off and he was badly burned and otherwise injured. He is not expected to recover. The yeggmen did not get the safe open although the vault show mark of being tampered with.

Suing State Board of Equalization.

Suit is to be brought at once by Jefferson, Hardin and other counties of the State against the arbitrary raise in assessment made by the State Board on equalization. The suit rests upon the fact that one member of the board, whose vote determined the raises, was not legally qualified to serve under the law and that the board exceeded its powers and limitations under the act creating it. That instead of equalizing the assessment between the counties, it deliberately and purposely raised the assessment of many counties in order to increase the revenue of the State. It will be proven that a member of the Board stated that this would be done to relieve the financial condition of the State treasury which was without funds to meet the demand upon it.

We believe the Court of Appeals will decide this matter in favor of the contention of the counties, as the action of the State Board is a dangerous usurpation of authority belonging under the constitution to the legislative branch. The constitution specifically provides that all questions of revenue and taxation is especially delegated to the legislature and that all bills of such a nature must originate in the House of Representatives. Revenue can be raised in two ways; one by increasing the tax rate, and the other by increasing the assessments. If the State Board has a right to increase the revenue of the State \$375,000 by raising the assessment on certain kinds of property and exempting certain other kinds and in certain counties and excepting other counties, then it has the right to increase it a million or two million the same way. We do not believe that it has this right and we feel confident the Court of Appeals will so decide.—Elizabeth-town News.

Sixty First Congress Adjourns.
The second session of the Sixty-first Congress adjourned Saturday night and President Taft signed practically all matters of legislation that had been placed before him. He received congratulations from his cabinet members and from members of both branches of Congress, upon the successful passage of most of his pet measures.

Each House of Congress marked its closing hour by voting for an investigation of the Murray Indian contracts. Instead of the usual scene of comparatively undignified relaxation from the business of legislation both Houses devoted exceedingly serious attention to the charges of attempted bribery and their forms of improper influence made in the Senate Friday by Senator Gore, of Oklahoma, and subsequently by a report of Murphy, of Missouri. President Taft signed the Rivers and Harbors appropriation bill, rebuking Congress for its passage and declaring he would never sign another similar bill. The President said the Rivers and Harbors improvements should be made in accordance with an approved system, such as was not followed in the bill, but that he signed the bill in order that important improvements would not be delayed.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Paris women know how the aches and pains that come when the kidneys fail make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all these disorders. Here's proof of it in a Paris woman's words:
Mrs. Laura Lair, 1114 Pleasant street, Paris, Ky., says: "Doan's Kidney Pills were of greater benefit to me than any other kidney medicine I ever took and I consider them worthy of the highest endorsement. I believe that kidney trouble was inherited in my case. My back was painful, especially when I stooped or lifted and when I got up in the morning, I felt very lame. I was languid and nervous and was also subject to severe headaches and dizzy spells. Whenever I caught cold, it settled in my kidneys and made my condition worse. Doan's Kidney Pills helped me in a short time and the contents of one box effected a complete cure."

Dreamed Tobacco Prices Soared.
(Richmond Climax)
A Main street merchant tells us of a singular dream he had one night recently, in effect that the crop of tobacco for this year had already been put on the market and that it brought 190 cents per pound. He is a non-pooler, he acknowledged, and when he woke up next morning and found that he had only had a dream and there was nothing in it he has been thinking ever since that he had better join his fellow farmers in the pool and get a good price this year, and not continue to have only dreams. The above story is absolutely true.
STOCK, CROP AND FARM NOTES.
—The State Livestock Sanitary Board, in session at Frankfort Friday, declared quarantine against sheep in this state with scabies, the quarantine to go into effect September 1, and livestock inspectors will be appointed for every county.
—Reports from Nicholas county indicate that the wheat crop will be one of the smallest ever raised in this section, but the quality is above an average.
