

# THE NEW BETTER VALUE STORE.

The World-Renowned and Only Absolute Smoke Consuming Stove on Earth. The Wonder of the Age.

## THE HOT BLAST AIR-TIGHT FLORENCE

PATENTED JUNE 13, 1899.

Patent Sustained by U. S. Circuit Court July 5, 1905. Patent Sustained by U. S. Circuit Court of Appeals March 6, 1906.

Beware of imitations and unscrupulous people who claim to have a stove like or just as good as the Florence. Do not be deceived by such false claims and find it out when too late. Examine the Florence carefully before you buy.

**NO SMOKE! NO SOOT! NO DIRT! NO CLINKERS!**  
EVERYTHING IS CONSUMED.

At the end of a season's use with soft coal, there will be no soot in the pipe or flue.

## THE ZENITH OF STOVE PERFECTION!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry. The jointless leg bottom and base make the stove air tight below the grate, which is the only true fire keeping principle. It will be as good a fire keeper twenty years hence as it is today. The Hot Blast Air-Tight Florence will heat twice the space that can be heated by any other stove on earth at half the cost. The only perfect floor heater that has ever been made. All the features are patented, and no stove manufacturer, dealer or user can copy or use same for seventeen years from date of patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:  
The No. 21 will heat one small room all winter with 2 tons of slack or lump coal.  
The No. 49 or No. 23 will heat 2 or 3 small rooms all winter with 2 1/2 tons of slack or lump coal.  
The No. 51 or No. 25 will heat 3 or 4 small rooms all winter with 3 tons of slack or lump coal.  
The No. 53 or No. 27 will heat 5 rooms all winter with 4 tons of slack or lump coal.  
The No. 55 will heat a large store or school room with 6 tons of slack or lump coal. For a church less coal will be required.  
Will burn a ton less coal than a hard coal base burner of the same size and heat twice the space.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal or slack and all the smoke and gases. No filling up the stove, pipe or flue with soot. No dirt inside or outside the house. It will burn hard coal and all the gases which escape from the hard coal base burner. It will burn wood and sawdust, wet or dry. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half-consumed fuel.

The fireless cooker, the voiceless hog, the tireless hired man, the creakless windmill, the louseless poultry house and the ruthless road would add much to the enjoyment of farm life.

**Not Sorry for Blunder.**  
"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a nerve-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, la-grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. [50c. \$1.00. Trial bottle free. Guaranteed by Oberdorfer."

**Blighted Affections.**  
Now, the ashes of my heart are entombed in my breast, as in a sepulcher of ice; yet once that heart was formed of fire and burnt and raged until it perished, self-consumed.—From "The Parricide."

**Saves an Iowa Man's Life.**  
The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless remedy completely cured him. Its positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50 cents at Oberdorfer's.

## GIRL CLIMBS CLIFF 400 FEET HIGH TO ESCAPE TIDE

CAUGHT ON SANDS BY RUSHING WATER AND FORCED TO SCALE PROMONTORY.

London.—The fishing village of Runswick, beloved by artists, on the Yorkshire coast, recently witnessed an exciting adventure.

Three visitors—two young women and a man—set out from Whitby to Runswick, walking by way of Kettle-ness and the sands of Runswick bay. They were overtaken at the bay by the tide, which was running in very strongly before a stiff northeasterly breeze. The imperilled party endeavored to escape by climbing up the cliffs, which there rise about 400 feet. The man and one young woman found the task beyond their powers

Forced to Scale a Promontory.

and descended again to the beach. Their predicament was observed from Runswick and three men—George Patton, John Clark and Edward Clark—hurried down to render assistance. By scrambling through the surf and over rocks the young woman and her companion got around the foot of the cliff and escaped with a droning. The remaining young woman, with commendable skill and nerve, persevered in her very difficult ascent of the "Clammer" and reached a stage fifty feet from the top, where a layer of perpendicular freestone barred her progress. She was watched by the inhabitants of the village from across the bay, and the young fisherman already named descended to her and eventually guided her to safety, after a climb the equal of which is not remembered in the locality.

## DOG WINS OVER THE JURY

Makes Friends With Men in the Box and Secures Verdict in His Owner's Favor.

Spokane, Wash.—Spot, a big brown bird dog owned by Robert Roddas, accused of driving Beth, a cow belonging to Byron A. Wilson, into a barbed wire fence and causing its death, was acquitted by a jury in the Spokane County Superior Court, where Judge William A. Huneke presided. The jurors were out eight minutes.

The dog was a witness in its own behalf over the objections of counsel for Wilson and won instant favor by its behavior. When called Spot advanced to the jury box and extended its paw to each of the 12 jurors in turn and barked playfully until taken out of the courtroom by the bailiff. A dozen men and women also gave testimony for and against the dog, but as there were no eyewitnesses and the evidence was purely circumstantial, as Judge Huneke said in his charge, the jury gave Spot the benefit of the doubt and returned a verdict of "not guilty."

Wilson, who sought \$75 damages for the killing of his cow, may appeal the case to a higher court on technical grounds.

## Drives Mower Over Child.

Vesper, Kan.—H. Neilson, a farmer, drove a mowing machine over the body of his two-year-old son, Stanley, leaving the child with a deep cut and a piece of flesh torn out of his arm.

Mr. Neilson was at work with a big mower in a kafir corn field and did not know that the child, who had come into the field and lain down in a furrow, was anywhere near until he saw him as the mowed passed over the little body.

The sickle tore the child's dress to shreds, but although painfully hurt, the infant made no outcry and got up and walked away. The father fainted when the accident occurred.

## Chair Cord Strangles Baby.

Hopkinsville, Ky.—When Mrs. John Wade of Pembroke was called to another part of her residence to attend to some household duties, she left her infant daughter in a chair about which a cord was tied to keep the little one from falling out. On her return to the room she found the baby dead. In an effort to get to the floor the child had slipped out of the chair and the string had caught her around the neck, strangling her.
