THE BLUE GRASS LEAGUE

Manager McKernan, who has been scouting for new material for the Paris Club has conveyed the information to the Paris management that he has had under his eye for several weeks two good pitchers and one outfielder of promise. Contracts have been forwarded to the new men all of whom are so confident of making good that they have agreed to assume all the expense to Paris and while here during the try-out one of the pitchers is an Indiana product, while the other and the outfielder are from Pennsylvania.

The first exhibition game of base ball will be played in Paris on Saturday, April 22, between the Paris club and Transylvania University of Lexington. A signed contract has been received by President Bacon from the Athletic Association of the University.

Manager Hogan L. Yancey, of the Lexington base ball team, has opened negotiations with the Danville, Illinois, club of the I. L. League for the purchase of Jimmy Viox. The Danville management has offered no terms as yet.

Woodward, an outfielder from Asheville, N. C., who played the last two weeks of 1910 with the Memphis Southern League team has signed to play with Lexington this year.

The Enquirer says: "Roy Golden, the Cardinal pitcher, is one of the few Clermont county, Ohio, boys in the national game. Roy goes to West Baden on March 4 to start training for the season. He has spent the winter on his father's farm near Milford and is in grand condition. It looks as if he will make good to a certainty." For two seasons Golden pitched for the Pioneers and was considered to be capable of making his mark in fast company.

Unique Will Probated.

The will of James Briscoe, the prominent farmer who died at Georgetown recently, was probated Monday. It is unique in the fact that it was drawn over thirty-five years ago, and that both the witnesses named in the document, Judge George E. Prewitt and Dr. S. F. Gano, have long since died. The executor, named W. B. Galloway, has been dead a score or more years, and Mr. Briscoe's mother, Mrs. Margaret E. James, to whom one third of his estate was devised, died over six years ago last Tuesday.

DINING FOR MRS. FORMAN

Mrs. Richard Wasson Entertains in Honor of Mother's Eighty-Third Anniversary.

PUBLIC SCHOOL IS CLOSED.

Masonic Fraternity to Produce Humorous Play on April 7—News in Millersburg.

Mrs. Richard Wasson entertained Monday with an elaborate dining in honor of her mother, Mrs. Frankie Forman, it being her eighty-third birthday. About twenty guests were present. The entertainment came in the nature of a surprise to Mrs. Forman, who resides with her daughter. She knew nothing of the good time in store until the guests began to arrive. A large cake occupied the center of the table around which was eighty-three candles. The event was a happy one and will long be remembered by all present. All wish Mrs. Forman many more anniversaries fraught with much happiness.

The public school closed last Friday. This has been one of the most successful years in its history. Mrs. Doty and Miss Hurst, who are in charge, have left nothing undone to make the school a success. They are thoroughly accomplished and have had the interest of their pupils at heart. We hope they may continue the work through many sessions to come. Mrs. Doty will open a private school in the building on Monday, March 13, for a three months' term.

The Masonic Fraternity will put on the "Ogling Owls" Friday evening, April 7, at the opera house. The cast will be made up of members of the lodge. They are now rehearsing and are doing good work. The piece is humorous and will be well received by those who attend. Further particulars later.

Mrs. F. B. Ingles, while driving to church Sunday morning had her horse to fall near the home of Mr. Chas. Martin breaking some of the leaders in his neck, so that it had to be chloroformed later. It was a valuable family horse which Mrs. Ingles has driven for several years.

THEATRICAL.

"THE CLIMAX."

There is a certain analogy in the case of the great Caruso and the heroine, Adelina, in "The Climax," which Joseph Weber is sending to the Paris Grand next Wednesday night.

The great tenor was losing his voice and an operation was necessary. For a time it was feared that music lovers throughout the world would never again hear his golden notes. Imagine the anguish of the temperamental Italian. If a man who has the world of music at his feet can suffer near to the verge of collapse, what must a woman who is striving to be a prima donna, endure when she is told that never again can she sing another note.

It is the human soul note, which has been struck by the master hand of Edward Locke, that makes "The Climax" a play which appeals to all that is good in us, and herein lies the secret of its lasting success. Last season Mr. Weber sent out five companies to meet the demand of the public to witness the play this year the demand for it is even greater, by reason of the commendation which is limited to the confines of the North American continent.

Manager Weber is sending his New York cast here with Miss Florence Weber. Reserved seat sale at Mitchell & Blakemore's Monday. Prices—Dress circle, \$1.50; parquette, \$1; balcony, 50 and 75 cents gallery, 25 and 35 cents.
