L. & N. Indicted.

The Nicholas county grand jury Saturday returned an indictment against the Louisville and Nashville railroad, charging the company failed to provide a suitable and convenient waiting room at its depot in Carlisle. The freight and passenger depots were destroyed by fire on May 16, 1911, and since that time the company has provided what has been termed as "shacks." The foundations for the new buildings have been completed and work on the passenger depot was in progress when the cold weather interfered.

Cantrill Wins Before Committee

J. Campbell Cantrill scored another victory over his opponents yesterday afternoon when the State Central Committee made a ruling upholding the Seventh District Committee in calling the primary for March 15.

Twelve out of the thirteen committeemen were present yesterday—when the meeting was called to order in the ball room of the Phoenix Hotel—eleven in person and one by proxy. Chairman Henry R. Prewitt called the meeting to order.

Chairman Prewitt, in opening the meeting, stated he wished to correct the impression that he had refused to call the committee together, the truth being that he was out of the State, and had received no request for a call.

He then called for the protests, as a basis for action and the resolutions adopted and signed by the four members of the committee at the meeting in Frankfort last Monday were presented. The resolutions bearing the signatures of C. C. Clarke, of Bourbon, W. O. Davis, of Woodford, W. P. Kimball, of Lexington, and John D. Griffin, of Frankfort, protested against the call for the primary as being illegal, unreasonable and unfair.

Resolutions for and against the call were introduced, the case argued by Judge Samuel Wilson for the protesting members, while Campbell Cantrill replied in defense of the action of the committee in session at Frankfort on January 15.

At 3:50 o'clock the committee took a vote on the matter resulting in the upholding of the action of the Seventh District Committee by a vote of 8 to 4.

Two Hurt in Wreck.

As the result of a wreck which occurred Saturday morning near New Forrest, a flag station on the Maysville Division of the Louisville and Nashville, Conductor Ed Tingle, of this city was injured about the head and shoulders and Miss Georgia Adanson, of Carlisle, lost several teeth and suffered several severe bruises.

The wreck was the result of east-bound passenger train No. 7 "side-swiping" the westbound freight which was taking the siding at New Forrest. The passenger train was in charge of Engineer E. B. Rogers and Conductor Speed Hibel, and was due to arrive in Paris at 7:22. The trains had meeting orders at that point, and the fact that a more serious wreck was prevented was due to the passenger train slowing its speed.

The freight train was entering the siding when the passenger train on the main line struck the caboose, overturning the engine of the passenger train and two freight cars loaded with merchandise.

Conductor Tingle suffered several severe bruises, which are however, not of a serious nature. He was brought to his home in this city, Miss Adanson, who is the cashier of the Bourbon Home Telephone Co. in this city, was coming from her home in Carlisle. None of the other passengers or trainmen were hurt.

A wrecking crew was sent to the scene from this city and it was several hours before the track was cleared.

Voting on Municipal Ownership.

At the Comet Theatre there is being conducted this week a vote to test the sentiment of Paris people in regard to the city owning its gas and electric plants. The contest is creating a great deal of interest owing to the fact the question of municipal ownership of the lighting plants is being agitated here, and every visitor to the Comet yesterday expressed themselves by ballot. The voting will continue throughout the week.

Will Organize State Club.

Dr. H. H. Roberts, president of the Blue Grass Automobile Club, has announced that a meeting of the secretaries of all the automobile clubs in the State will be called for Lexington on March 1, for the purpose of forming a State federation of the various clubs.

Since the introduction into the Senate of the Newcomb automobile law, which is claimed by automobile men to be unreasonable, auto clubs have been formed all over the State for the purpose of protesting against the bill, and having been formed and the various owners gotten acquainted with each other, the clubs are flourishing some of them having more than a hundred members.

It is estimated that by March 1, the number of automobile clubs will have reached at least twenty-five and these will send representatives in the person of their secretaries or president to Lexington for the purpose of forming the State organization.

The purpose of the organization will be to see that roads are kept up, that the automobile laws are enforced, that sign posts are posted at road crossings, and to look after the general welfare of the automobile people.

"Done in Exclusive Homes"

In a description of a dance Geo. Aide mentions a few of the up-to-date dances, some of which have been "done" in this section. They are as follows:

"Then She and her Friends pinned up their Garments and put Resin on their Hands and cut loose. They did the Grizzly Bear and the Mountain Goat and the Turkey Trot and the Bunny Hug and the Kangaroo Flep and the Duck Waddle and the Giraffe Watus Waggle and the Crocodile Splash and the Apache and the Comanche and the Bowers Twist and the Hula Hula Glide, etc., etc."

Madeline simply retorted that the Dances were being done in the most Exclusive Homes.

An Exclusive Home is one from which the Police are Excluded.
