Buick Fourth Without Racing Team.
Although the Buick Motor Company maintained no racing team last year, and its cars were entered in races by individual owners only, the race record shows that it ranked fourth in wins. Buick cars won twenty-eight firsts, twenty-one seconds and nineteen thirds, the record including road races, speedway events, hill climbing contests and beach races. Only three cars had a larger number of firsts, only one had a larger number of seconds and one car had more thirds. All of the cars winning more races were run by regular racing teams maintained by the manufacturers. The Buick people are justly proud of this record. One cannot help wondering what the result would have been had the company maintained a racing team.

Yerkes & Prichard, the well known vehicle dealers of Paris, are the local agents for the Buick Motor Company, in Bourbon county, and they have sold a number of this make of machines to numerous satisfied buyers in this locality. (9ap1-t)

Boost the Railroad Subscription.
Encouragement in the extreme has marked the efforts of the committee composed of Messrs. D. C. Parrish and W. O. Hinton, soliciting subscriptions to assist in the purchase of the right of way for the new L. & N. extension from Paris through North Middletown and to Goodonton to connect with the L. & E. While the committee has been laboring under difficulty since the task was undertaken, the members feel that they will succeed in the venture, and a sufficient amount will be received through subscription to purchase the right of way.

The officials of the L. & N. have given the people of Bourbon every opportunity to show their interest in the project, to be hoped they will not hesitate now that the movement to secure subscriptions has been launched.

The committee will visit the business men and public spirited citizens, whom they have not already seen in the next few days. The members of the committee being business men can only spare a part of their time in this work. Have you put your name to the subscription paper. Don't you know it would be a great help to the committee if you go to the trouble of hunting it up and subscribing.

The future of Paris depends in a great measure upon the success in getting the new line through. It would mean an increase in population, increase the business of the town, and benefit this community in a hundred other ways. Don't wait to subscribe, do it now. Below will be found a partial list of the Paris subscriptions to the fund.

Paris, Ky., March 27, 1912.
We, the undersigned, each separately agree to pay the Louisville & Nashville Railroad Company the amounts set opposite our names respectively, for the purpose of purchasing the rights-of-way for the proposed extension of the L. & N. R. through Bourbon county, Kentucky, by way of North Middletown to the coal fields of Eastern Kentucky.

Said amounts shall become due and payable when the proposed extension shall be built and in operation, provided the rights-of-way for same shall have been commenced before April 1, 1913:

Store Enthusiasm.
My son, we should lay up a stock of absurd enthusiasms in our youth or else we shall reach the end of our journey with an empty heart, for we lose a great many of them by the way.—Victor Cherbuliez.

Stevenson's Worthy Prayer.
The day returns and brings us the petty round of irritating concerns and duties. Help us to play the man, help us to perform them with laughter and kind faces; let cheerfulness abound with industry. Give us to go blithely on our business all this day, bring us to our resting beds weary and content and undishonored, and grant us in the end the gift of sleep. Amen.—Robert Louis Stevenson.

Time Told by Shadows.
Among curious clock novelties is the shadow boudoir clock. With it there is no need of getting up to strike a light or turn on the bulb. All that is necessary is to touch a button and the time is flashed on the wall, after the same fashion that signs are flashed on the sidewalk. When the owner of the clock retires he turns a night dial to the ceiling and when he presses a bulb the electric light reflects from the dial through the lens and appears, giving the correct time in shadow on the ceiling.

Released to Return to Farm.
The Cincinnati Enquirer of Sunday contained the following:
"After Samuel Oliver came here from Paris, Ky., where he left his wife on the farm, he secured a position in the tailoring establishment of C. P. Gruner. Oliver became infatuated with the red lights after dark and began 'going the pace.' In order to 'make a showing' he frequently went to the store at night and 'dolled' himself up in clothing he found there.

"The inevitable happened and Oliver was caught with some of the 'borrowed' clothing draped about his form. He was indicted on a charge of burglary and larceny. Yesterday he appeared before Judge O'Connell, with Attorney Thomas Darby, and agreed to plead guilty of petit larceny. As he had a key to the Gruner store, burglary could not be proved, and as he had not intended stealing the clothing, this was another point in his favor. His wife was here from the farm to plead for him and Judge O'Connell decided to be lenient. He as Oliver if he was willing to go back to the farm and stay there. Oliver said he was, and the Court then sentenced him to 30 days in jail and a fine of \$200 and costs, but suspended sentence so long as he returns to the Kentucky farm and stay there. Oliver declared that he had had enough of city life and would never return here, but would spend the rest of his days tilling the soil." Oliver formerly resided at Ruddle Mills, this county and is the son of S. P. Oliver, of that place.
