A High Salaried Bootblack.

When Congressman Hamlin, of Missouri, was investigating the State Department he made inquiries about a certain colored man who was down on the pay roll at \$2,000 a year. He was told that this man never came around the department, except to draw his pay, for the reason that he was "detailed" to Mr. Knox' private residence.

"Where is he now?" Mr. Hamlin asked. "He is down at the Panama canal, acting as valet to Secretary Knox during the latter's tour of Central America," was the reply. "And does he have to shine the Secretary's shoes?" Mr. Hamlin asked. "Yes, I suppose that is a part of his duties," was the answer.

Eight Mules Burned.

Eight fine mules and a large quantity of feed and farming implements were lost in a fire which destroyed a big barn on the Elmendorf farm of Jas. B. Haggin, Monday. The origin of the fire is unknown. The loss was about \$5,000, covered by insurance.

Reach A Compromise.

The indictment brought by the Scott county grand jury against the Louisville & Nashville railroad for permitting a nuisance, was compromised without the necessity of going into court. At the station at Stamping Ground the waiting room permitted the white and colored passengers the same accommodations. This has now been rectified, and the indictment was dismissed.

How He Loves the Farmer.

In his travels about the country Mr. Roosevelt never loses an opportunity to tell the farmers of his affectionate regard for them. During his term in the White House a Chicago newspaper artist drew a picture of a farmer sitting before a fireplace, with his shoes off, reading one of the Roosevelt messages. The picture was entitled "His Favorite Author," and Mr. Roosevelt often said it was the best picture he ever saw.

The hatvester trust, which annually takes millions of dollars from the farmer, sells binders in Russia and South America for \$90, and the farmers of the United States are charged \$120 for the self-same binder. During the Roosevelt regime an effort was made to break up this trust, which so rankly discriminates against and overcharges the American farmer, and Mr. Roosevelt secretly suppressed that effort by ordering his Attorney General not to start a contemplated suit until he gave the word, which he never gave. Mr. Roosevelt thus aided and abetted the one trust which, more than all others combined, robs and plunders the farmer of this country.

Fixing It So They Can't Lose.

According to sworn statements filed with the Secretary of State of Pennsylvania it cost the Taft and Roosevelt managers approximately \$2,000,000 to conduct the recent primary campaign. In Alleghany county, which includes Pittsburg, the following were among the contributors to the Taft fund: James Laughlin and Henry Laughlin, of the Jones-Laughlin Steel Co., \$5,000 each; B. F. Jones, of the Jones Laughlin Steel Co.; Senator G. F. Oliver, owner of newspapers, banks and steel stocks, \$7,000; W. F. Snyder, owner of lake steamer lines which supply the steel trust with ore \$1,000; J. H. Reed, chief counsel for the Carnegie Steel Co., \$1,000; W. L. King, director of the steel trust, \$1,000; W. F. McCook, steel trust attorney, \$1,000; W. H. Rowe, president of the Pittsburg Steel Co., \$1,000; A. W. Mellon, banker and steel stock owner, \$1,000; and George Westinhouse, large user of steel, 1,000.

Endorse the Administration.

When the Democrats of Bourbon county meet in Mass Convention on to-morrow May 25, it should be their duty in this convention to endorse the present administration of State affairs. The principal issue at this convention will be the selection and instruction of delegates to the Louisville convention.

Little Interest Has Been Taken in the Convention in this county but the wave of public sentiment and support seems at the present time to be strongly in favor of Champ Clark and it is more than probable that the Bourbon delegation will be so instructed.

Whether Bourbon county should cast its vote for Clark or any other of the candidates mentioned for the nomination the endorsement of the State administration should not be overlooked, and it is with this purpose in view that the News calls the attention of the voters to the fact.

Four years ago Kentucky went Republican by a majority of 18,000 and at the last election it was returned to the Democratic fold by a majority in excess of thirty-one thousand. The present administration lead the party to victory and it was through their efforts that Republican rule was set aside. The men who put up money for the campaign and conducted an untiring canvass should be entitled to some consideration and it behooves every Democrat who has a vote in the convention Saturday to cast it for a resolution commending the administration.

There has been considerable discord in the party here of late emanating from conditions which existed in the Democratic ranks. Some few have sought to wrest the laurels for the great victory achieved last November, from those to whom they rightfully belong and assuming control will eventually lead the party to ruin. Harmony should exist where discord now prevails.

TWENTY YEARS

Makes a great difference in most women. They are troubled with "nerves" - they suffer from backache, headache, sleeplessness, a sensation of irritability or twitching, hot flashes, dizzy spells, or many other symptoms of female weakness. The local disorder and inflammation should be treated with Dr. Pierce's Lotion Tablets and the irregularity and weakness of the female system corrected and strengthened with Dr. Pierce's Favorite Prescription. The strain upon the young woman or the woman of middle age - upon the nerve and blood forming structures - may be too great for her strength. This is the time to take this restorative tonic and strength-giving nerve and regulator. For over forty years sold by druggists for women's peculiar weaknesses and distressing ailments. The one remedy so perfect in composition and so good in curative effects as to warrant its makers in printing its every ingredient on its outside wrapper. The one remedy which absolutely contains neither alcohol nor injurious or habit-forming drugs.

Mrs. Scott

Following letter selected at random from a large number of similar ones and cited merely to illustrate these remarks: "In the winter of 1908, I became greatly run down and irregular. I writes Mrs. HENRY SCOTT, of Swan Creek, Mich., Route 1, Box 42. I slowly but surely grew worse, and, at last, resolved to apply to the doctor for help. The doctor said I had inflammation, enlargement and infection for help. I was in bed eleven weeks and got no better. The doctor said I should have an operation, but to that I would not listen. My husband purchased two bottles of Dr. Pierce's Favorite Prescription. When I started to take this remedy I could not walk across the floor, but after I had taken three bottles I could feel myself gaining, so I dropped the doctor and took Dr. Pierce's Favorite Prescription. Only for it I think I would have been dead - I really believe it saved my life. I feel better now than in twenty years."
