**Kentucky Crop Report.**

Reports coming to the Department of Agriculture as to the condition of crops on June 1 shows the condition of wheat to be 75.4 per cent. This is a decrease of nearly four parts from 79 per cent. since May 1. With an acreage of 83.8 and a condition of 75.4 per cent. there is not a great prospect for a wheat crop in the State this year.

Condition of rye is given as 72 per cent. The corn acreage as indicated is 52.6 per cent. of an average crop, condition of corn 81.88 per cent. The great amount of rainfall and the flood condition has prevented the sowing of a large acreage of oats, 79.7 being reported, condition of which is 90.3 per cent.

Potatoes form one of the most promising crops Kentucky has this year, the acreage being 95.3 per cent., condition 95.3 per cent. The per cent. of dark tobacco transplanted June 1, is 71.4 per cent., indicating rapid progress is being made in the planting of this crop. Burley section has transplanted only 51.1 per cent. of its crop. The recent dry weather has prevented the rapid transplanting of tobacco and the use of "setters" has been resorted to in order to get the crop out.

Both the pig and the lamb crop is a short one, indicating a crop of 88.6 per cent. of pigs and 88.7 per cent of lambs. The shortage in pigs and lambs is in great measure due to severe winter and unfavorable conditions. Poultry has also suffered in this respect. The fruit crop is not a good one. Condition of apples, 70.4 per cent.; peaches, 61.8 per cent.; pears, 72.9 per cent.; plums, 81.8 per cent.; grapes, 82.7 per cent. is reported. Blackberries are not to be so plentiful this year, only 70.2 per cent. average crop reported, with raspberries but little better, 77.1 per cent. The bluegrass is reported as showing a condition of 103.5 per cent., alfalfa 91 per cent., clover 88.4 per cent.

Some places report entire failure of clover and others an unusually good crop. The same is true of the fruit and berry crop. Failure is reported from some localities in the State and an unusually good condition in others.

**Will Not Vote for Taft.**

William Fliinn, of Pittsburg, and Gov. Glasscock, of West Virginia, Wednesday declared that even were Taft nominated, he would not receive the votes of the presidential electors from those States. Thirty out of the thirty-eight Pennsylvania electors are Roosevelt men, and all of West Virginia's eight are pledged to the Colonel. Protection of their State and local tickets was the reason given by Fliinn and Governor Glasscock for this belief.

**Six-year-old Boy Proves a Hero.**

Ernest Southerland, the six-year-old son of Garfield Southerland, of Newcastle, proved himself a real hero when he saved his two-year-old brother from death in the flames.

The youngster had been left at home with the infant while his parents and the other members of the family were out picking cherries. During their absence the house caught fire and six-year-old Ernest, despite the danger to himself, rushed in and grabbed his baby brother from the bed and carried him out to safety. Then the little fellow returned and succeeded in pulling three or four chairs and some bed clothing out of the house.

Neighbors soon arrived on the scene, but before they could do anything the building had been destroyed, with practically all of its contents.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

**Deafness Cannot be Cured**

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
