

Notice to the Public.

It is well to anticipate the possibility of typhoid fever. Then, boil all water used for domestic purposes, and put yourself on the safe side. A ounce of prevention, etc. Presume your water supply to be bad until you know it to be good. This can only be brought out by analysis.

Council Exempts Company From Taxation.

The Bourbon Tobacco Warehouse Co., at the meeting of the city council last night was granted a permit to erect upon the tract recently purchased in Barnes Addition a two-story brick building to be used as a tobacco sale warehouse and the council by a unanimous vote exempted the company from taxation upon the property held by it for a period of five years. The petition to the council was signed by Mr. Kenney Nicholas and presented by Attorney Reubel Hatcher. The building which the company contemplates erecting will cost approximately \$20,000.

The Council meeting was presided over by Mayor-pro tem, F. P. Walker, who was selected by the board to be the chair of Mayor Hinton, whose absence was occasioned by his being a delegate to the National Democratic Convention at Baltimore.

A petition presented to the Board and signed by many prominent citizens of Paris, asked that the body reconsider its action in refusing to grant a permit to Rachel Jefferson, colored, to conduct a restaurant on Eighth street. The petition attested to the good name of the applicant and the Council granted the license by a unanimous vote.

Upon the advice of the City Attorney the matter brought before the council asking that the license required of liveymen be revoked, the committee to which had been assigned, reported that the council had no legal right to revoke the section of the ordinance providing for a tax on this line of business. The Improvement Committee reported that it had made an investigation and roughly estimated that the cost of constructing a sewer on Mt. Airy would be about \$800, but asked for more time to consider the matter. The Light Committee also failed to make a report and was granted further time.

Mrs. Willie E. Parrish was granted a permit to build a frame residence on Boone and Sixteenth streets and R. S. Savage a permit to erect an addition to a cottage in Thurston Addition.

Considerable discussion resulted upon the presentation of the bill of Dr. A. H. Keller for services as Health Officer, Councilman Parrish taking exceptions. The bill was allowed after Dr. Keller presented his claims in a brief talk to the board, Councilman Parrish opposing the motion.

Queen City Boosters Visit Paris.

Paris was captured Tuesday afternoon by one hundred and sixty members of the Cincinnati Commercial Association and for almost an hour they remained the guests of the city. The heralded coming of the Queen City business men had the effect of bringing out a number of the business men of this city to meet them at the train.

The special carrying the boosters arrived here a few minutes before four o'clock. Accompanying them was Weber's Band of eighteen pieces. The High School Band was at the depot entertained the crowd which had assembled there with several selections during the wait before the arrival of the boosters, the train being several minutes late, owing to delays along the road.

When the special arrived here a heavy shower was falling, and it was several minutes before the party could leave the depot. Headed by the two bands and a number of business men of this city, the boosters marched down Main street to the court house where a beautiful musical program was rendered by Weber's band.

The meeting held at the court house was presided over by Mr. W. O. Hinton, representing Mayor J. T. Hinton, who was absent in Baltimore. Mr. Hinton made a short speech in which he welcomed the visitors and introduced Hon. E. M. Dickson and Judge Denis Dundon who, in eloquent terms emphasized the welcome of the boosters to the Bourbon capital.

Mr. William T. Johnson introduced Mr. George F. Deitrie, president of the Commercial Association who responded to the addresses expressing a hearty appreciation of the Cincinnati business men for the hospitality and cordiality accorded them on the occasion of their first visit here. Mr. Deitrie in his address told of the advantage offered by the Queen City as a commercial center and expressed himself as being confident of closer relations between Cincinnati and Central Kentucky.

Prof. William H. Parker, of the Cincinnati University made the closing talk which was followed by a musical selection which brought to a close the program. Each of the visitors wore a badge upon which was printed in gold "This is Our Day." Cincinnati Commercial Association, June 25, 1912." and carried a white umbrella. Among the distinguished visitors were Mr. George Puchta, Assistant National Treasurer of Cincinnati, Mr. Ed. Nippert a prominent business man of that city, and a son of Mr. P. Nippert, of Paris, also Mr. Samuel Richardson, Cashier of the Citizens National Bank, who was a resident of Paris about twenty-five years ago.

The visitors left at 5:30 o'clock on their special over the L. & N. for Cincinnati, after spreading the gospel of the Queen City in four towns included in their itinerary and, after a most profitable trip.

Seek to Control Market.

Developments indicate that the Louisville Tobacco Warehouse Association is planning to secure entire control of the Lexington loose leaf market. The association had made overtures to the Fayette Tobacco Warehouse Company, of that city the only one of the warehouses left out of the combine, with the view to acquiring that plant also.

None of the officers or stockholders are discussing the matter, but from an absolutely trustworthy source it was learned that a proposition to buy was made. With the acquisition of this house the Louisville association will have entire control of the Lexington market. It is said to be the purpose of the Louisville association when the deal is fully consummated to organize a big holding company to finance and control the merger, issuing preferred and common stock to cover its holdings.

Just what the capitalization of the holding company will be has not yet been determined, but it will be not less than \$1,000,000.
