

**HERE'S THE HOG**

BOURBON REMEDY CO., Lexington, Ky.

Enclosed find photo of hog that was cured of cholera with your Bourbon Hog Cholera Remedy. This hog was almost dead before using the medicine, and then was entirely cured, except loss of ears, tail, etc. The hog is owned by Mr. Sikes Ewing, of Bowling Green, Ky. He will be glad to give you a testimonial, and we can get several more if you want them.

JENKINS-SUBLETT DRUG CO., Bowling Green, Ky.

Ask Your Druggist for It.

For Sale by W. T. Brooks.

**Almost Lost His Life.**

"S. A. Stud, of Mason, Mich., will never forget his terrible exposure to a merciless storm. 'It gave me a dreadful cold,' he writes, 'that caused severe pains in my chest, so that it was hard for me to breathe. A neighbor gave me several doses of Dr. King's New Discovery which brought great relief. The doctor said, I was on the verge of pneumonia, but to continue with the Discovery. I did so and two bottles completely cured me.' Use only this quick, safe, reliable medicine for coughs, colds or any throat or lung trouble. Price 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

**DR. DOLLE'S MESSAGE TO MEN YOU CAN BE CURED BY**

16 YEARS

IN CINCINNATI

DR. C. L. DOLLE.

Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment Is Administered.

Have you treated for months and years, and been disappointed until you think that you cannot be cured? You, no doubt, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, justly giving me the reputation for cures of which I am so proud.

**Blood Diseases, Skin Diseases**  
I will give you treatment that will in a few days cure all rash, spots and every sign and symptom. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. I cure blood diseases and skin diseases so they cannot come back.

**Variocoele,** causing aching or pain in groin or back, Nervousness, Weakness, Loss of Vitality, Lack of Ambition—

My one-treatment cure is what you should have and what you will have to be cured right. Only one visit is required. I do no cutting, and you suffer no pain or trouble. All signs disappear in a few days.

**Nervous Troubles, Lost Vitality**  
My combined treatment for these troubles so common among those who have become weak and worn out, who have caused it by folly, dissipation and excesses, is remarkably good. No one believes how quickly it benefits until they have taken it. It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's just the treatment I have found so effective in treating such diseases.

**Kidney and Bladder Troubles**  
are scientifically cured by me. My methods immediately benefit you, and the majority of cases I cure come from physicians and specialists who failed.

**Piles, Fistulae**—I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

**Acute Diseases**—Itching, Burning, strong drug store remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my treatment without a cent and pay me after I cure you. I know that I can give you new life, new hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopical and analytical urinalysis FREE. I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the disease for which you desire treatment.

Hours, 9 to 4; Sundays, 4 to 1 p. m. Evenings, 7 to 9. On Monday, Wednesday and Saturday nights.

**C. L. DOLLE, M. D.**  
Over Columbia Theater 125 West St., between Fifth and Sixth Streets.

Office easy to find, as all that is necessary is to see for the Columbia Theater, and any one can find it.

**ALWAYS MASTER OF FINANCE**

How John D. Rockefeller Established His Credit in the Early Days of His Career.

Just because John D. Rockefeller has made more money than he can count without the aid of nineteen clerks and forty adding machines, not to mention a well trained corps of coupon clippers, there are many people who come forward these days with stories to show that John, now famous for his wealth, wigs and wit, was once about the cutest person that ever happened when it came to financial strategy.

According to this latest narrative, Rockefeller told a close friend—and that "close" goes both ways—one morning that he wanted to borrow \$5,000 and that he must have it in order to save his business. The friend went down town in the course of his work, and pretty soon met a big banker.

"I wish," said the banker, "if you see Mr. Rockefeller this afternoon, you would tell him that I have found a place to put that \$10,000 which he asked me to loan out for him."

The friend gasped like a goldfish, and proceeded on his way, encountering another of the town's leading bankers.

"By the way," said the banker, "when you see Rockefeller this afternoon, please tell him that I have found a man who wants to borrow that \$10,000."

The friend staggered on, and met a third banker, who repeated what the other two captains of finance had said. Then he went back and found Rockefeller.

"John," he said, in astonishment, "when I left you this morning you told me you had to borrow \$5,000, and all day bankers have been telling me that you asked them to lend out \$10,000 for you."

"Well! well!" smiled Rockefeller, "that's fine! I suppose I may safely assume now that my credit is established in this town. I'll just step out and borrow that \$5,000 I need."—Popular Magazine.

**OLD STRUCTURES IN DECAY**

Condition of Famous Leaning Towers in Italy Excite Apprehension of Antiquarians.

Reports have been current for some time concerning the safety of the Leaning Tower of Pisa, and the Italian papers announce a similar state of things with the Ghirlandina of Bologna and the Ghirlandina of Modena. The former dates from 1110, and the latter from 1224 to 1319. The Tower of Pisa, which is about 177 feet in height, is 14 feet 6 inches beyond the perpendicular. It is accentuated from the base, but diminishes half way up and onward. The inclination is said to be greater today than it was in 1817. This has been marked in later years. But there are other disquieting signs. Some of the stonework of the windows is giving way, and the steps are said to be cracking. The soil upon which Pisa's Tower was raised, a Paris contemporary points out, is "permeable and friable," and subsoil water is believed to be penetrating beyond the masonry. Architects and other experts are now engaged in a close observation. They fear that below the foundations there are some considerable voids, and they are of opinion that the inclination of the tower has increased since 1859. The commission appointed to deal with the matter concludes that there is no immediate danger, yet there must be no delay in remedying matters. The Ghirlandina is about 161 feet feet in height, with an inclination of just 14 feet. The Ghirlandina is said to be the highest of the towers, being 331 feet. It is slightly inclined toward the Cathedral, which itself is in a feeble state.

**When We Meet Our Kind.**

"Attendants in European museums look to it that no American may escape meeting his compatriots," a traveler said. "At Mme. Tussard's wax works exhibition the custodian, let me wander around alone for an hour, puzzling helplessly over British royalty, but when I got in the neighborhood of Harry Thaw he woke up. How he discovered then that I was an American I do not know; I hadn't said anything. But I coughed, and perhaps that betrayed me. Anyhow, 'That's Harry Thaw,' said he.

"I thanked him and passed on. At my heels came the guide. He followed me to the staircase. 'Crippen's down stairs,' he said. Three steps further along he hailed me again. 'And Guiteau,' he announced.

"The trio of my fellow countrymen excited no thrill of patriotic pride, but the custodian had done his part."

**Why We Have No Paris.**

There can never be in the United States a real Paris of America until we shall get ranks and orders of nobility, and that will only be when our republic shall develop into a grand imperial nation. Under a newly acquired emperor a titled class would follow as a matter of course, and the easiest way to get it would be to sell the titles. Ten million dollars would buy a dukedom, \$5,000,000 the title of count, and \$1,000,000 that of baron. In the beginning of old world nobility titles were granted by the sovereign for eminent services, but when such a system is started in a great country like ours the simplest way would be to establish an aristocracy of wealth.

Until then our great metropolitan cities will never be more than mere centers of business and capital.—New Orleans Picayune.

**"The Thirty and Nine;" Or, Why Stop With One?**

By JOHN B. M'FERRAN, Chairman Educational Committee, Louisville Commercial Club

II.

LOOKING at our educational problems from a business standpoint, we have been turning too much to what is called higher education. I am myself a believer in higher education. I mean by that the universities, colleges and high schools and would not detract from their importance in the least, but they are already liberally provided for far in advance of our common schools.

We are told by the United States bureau of education "that more than two-thirds of our boys in the United States leave school before the end of the eighth grade;" "that the average length of a boy's schooling is less than six years, and this school training before the ages of twelve to fourteen years, while the boy is too young to appreciate his loss;" "that less than one boy in four completes the grammar grades and but one boy in eight goes any further with his schooling;" "that only one boy in forty of those who enter the first year of high school completes the course in high school, public or private, or goes higher;" "that of all boys twelve to fourteen years of age who should certainly be in school less than 60 per cent are there."

From the Sage Foundation fund's reports we are told that of 100 boys who enter the first grade only fifty-five enter the fifth grade, only twenty-seven are left in the eighth grade, six in the high school and one to enter college; that only 5 per cent of the males in the nation are fitted by definite educational training for their occupations or vocations.

These facts are given on high authority, and when we remember that they apply to the country at large and that Kentucky is probably below this average, is it not lamentable? IF ONLY ONE BOY IN FORTY COMPLETES THE HIGH SCHOOL COURSE IS IT NOT VERY IMPORTANT FOR US TO GO MORE STRENUOUSLY AFTER THE OTHER "THIRTY AND NINE?"

I think at present we, educators and all, are following the old trend of looking too exclusively toward the higher education. I think our legislative bodies have illustrated this when four years ago they made it mandatory on every county in the state to build a high school within two years. There was little mandatory concerning the poor, small schools scattered throughout the counties. These "thirty and nine" poor devils will have little chance to get within sight of a high school at all, but must plod along as best they may.

It is true the same legislature allowed the fiscal court to levy a tax of 20 cents on the \$100 for school purposes in each county. It is also true that many of the counties levying this tax have used it largely in establishing a high school at the county seat or some other town, which is unfair to these "thirty and nine" who do not get to the high school.

I DO NOT WISH TO BE UNDERSTOOD AS OPPOSING HIGH SCHOOLS OR HIGHER EDUCATION—I AM IN FAVOR OF BOTH TO THE LIMIT—BUT I AM COMPLAINING THAT ONLY ONE BOY IN FORTY SHOULD HAVE THE LION'S SHARE OF THE FEAST INTENDED FOR ALL. I THINK THIS SHOWS CLEARLY THE NEED OF MORE MONEY FOR OUR SCHOOLS, SO THAT ALL MAY HAVE A FAIR SHOW.

There is, I think, another mistake that ought to be corrected as far as possible, and that relates to the pay of teachers by location or with reference to location. The cities and large towns and wealthier portions of the counties have the pick of the teachers because they pay higher salaries and the environment generally is more attractive. Thus the back districts in the counties (where there are generally more children) are compelled to get along with the cheapest and poorest teachers. These teachers, as a rule, have the minimum salaries. Now, I hold that these "thirty and nine" out in the back districts for good results need the best teachers or at least as good as the best.

This condition can be met at once by the county boards supplementing the salaries of teachers in the poor districts out of the county funds. Such action would bring immediate relief. WHY WAIT ONE YEAR OR TWO YEARS FOR LEGISLATIVE ACTION WHEN THERE IS A TEMPORARY WAY OUT OF THE DIFFICULTY PENDING IMPROVEMENT IN LEGISLATION? Think of the uplift given to the citizens of another generation even by a single term of schooling! Is it not little short of criminal to fail to apply a remedy when it is within our power?

If we cannot get funds enough for both high schools and "low" schools, is it not better to use sufficient of the county fund in this way than to put all or the bulk of it in a city or town high school which the "thirty and nine" can have but little hope to enter? Would not these "thirty and nine" by reason of their improved intelligence through these better teachers in time force the building of high schools for all?
