**A Democratic Congress.**

If the American people wish to give credit to whom credit is due, they ought to support the Democratic candidates for Congress, and thus place their stamp of approval on the record of the House of Representatives.

Since January 1, 1912, a Democratic House has passed tariff bills which would have reduced the high cost of living \$650,000,000 a year.

Every bill which in the slightest degree provided relief for the masses was vetoed by the President.

The Farmers' Free List bill, passed by the House, would have saved the people \$390,000,000 annually. This bill removed the duty from agricultural implements, of which \$36,000,000 worth were exported and only \$165,000,000 worth were imported during the last fiscal year; sewing machines, fence wire, bagging and cotton ties, lumber, shingles, meat, flour, salt, leather, shoes, etc.

Under our new tariff law a barrel of flour valued at \$4 abroad is taxed 25 per cent. ad valorem at our port, or \$1 on the barrel. This bill removed the entire tax.

Beef valued at \$5.30 per 100 pounds abroad pay a tariff tax equivalent to 25.88 per cent, or \$1.50 per 100 pounds. This bill proposed to remove this entire tax.

The Democratic wool bill proposed to reduce the average rate of duty on wool manufactures from 90.10 per cent to 48.36 per cent. President Taft's veto of this measure means that the American people will pay \$50,000,000 more for their clothes this year than they would have if President Taft had signed it.

A wool hat valued at \$1 abroad and taxed 78 cents upon its entry into the United States under the present tariff law, would have been taxed only 49 cents.

Flannel underwear valued at \$27 per dozen suits is taxed under the present law at the equivalent ad valorem rate of about 106 per cent. The Democratic bill proposed to reduce this to 49 per cent. A suit of ready made woolen clothing worth in Europe \$10 is taxed under the present law at the equivalent ad valorem rate of 75 per cent, or \$7.50. The Democratic bill proposed to reduce this tax from 75 to 49 per cent, and save the consumer \$2.60 per suit.

The cotton bill reduced the duties on cotton manufactures from 48.12 per cent to 27.06 per cent, a reduction of the tariff burdens under this schedule from not less than \$200,000,000 to about \$112,000,000 for a year.

Men's cotton half hose valued at eighty cents per dozen pairs wholesale are taxed under the present law at the equivalent ad valorem rate of about 92 per cent. The Democratic cotton bill proposed to reduce this to 40 per cent.

It proposed to reduce the tax on cotton thread from an equivalent rate of 34 per cent to 15 per cent. A suit of ready made cotton clothing valued at the foreign port at \$6 is taxed under our present law 50 per cent ad valorem, or \$3 a suit. This Democratic bill proposed to reduce this tax to 30 per cent and save the consumer \$1.20 per suit.

The bill revising the metal schedule reduced the average rate of duty on the entire schedule from 33.35 per cent to 22.42 per cent. This revision, it is estimated, would have saved the

American consumers in a twelve month period more than \$80,000,000.

The revision of the chemical schedule would have effected a saving to American consumers of about \$17,000,000 by reducing the price of all chemicals and at the same time the revenue to the Government would have been increased.

The House passed a bill providing for an excise tax on incomes, thereby transferring a considerable portion of the tax burdens to the wealthy, which are escaping their proper proportion.

The Excise Tax bill passed by the House provides for the extension of the Corporation Tax Law so as to include individuals, firms and copartnerships. It accomplishes the very desirable purpose of transferring tax burdens from those less able to carry them to the shoulders of the wealthy, who have heretofore escaped from a proper share of taxation for the support of the Government.

The present burden of indirect taxation falls upon people having incomes of less than \$2,000 per year. A man whose net earnings amount to but \$5,000 a year would under this bill pay no tax. A man earning \$10,000 per year would pay nothing on the first \$5,000 and \$50 per year on the second \$5,000.

Here is a woman who speaks from personal knowledge and long experience, viz., Mrs. P. H. Brogan, of Wilson, Pa., who says, "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale by all dealers.

**Fritzi Scheff at Lexington.**

It will be a new and novel Fritzi Scheff who will appear in "The Love Wager" at the Lexington Opera House Monday evening, October 28, for the popular prima donna this year has a role which requires her to start in the first act as a girl of 14, wearing short dresses that come only to the knees. The attractive picture thus presented when Miss Scheff comes on the stage as a hoyden with a rag doll, can better be imagined than described. Those who have seen her in the modish trained gowns of the Ru de la Paix or Fifth avenue, will not believe the transformation possible until they have actually witnessed the prima donna in her new opera.

As the course of the three acts permits her to grow up Miss Scheff appears successively in gowns more appropriate to young womanhood, and in the final act when her three younger sisters have been married and she has herself become the head of the family she wears a stunning white and gold gown which is one of the smartest of this year's frocks. All of Miss Scheff's gowns, by the way, are American made, and all of her seven costumes, including her hats, are from the same Fifth Avenue shop. This is a splendid tribute to home industry, for Miss Scheff goes abroad every summer and could no doubt pick up everything she desires in the way of clothes while doing Paris and London, but she prefers to have all of her clothes made in America.

The new opera, too, is made in America, even though it comes from Hungarian sources, for Miss Edith Ellis wrote the book, William Cary Duncan the lyrics, and the music is by the new composer, Charles J. Hambitzer, of Milwaukee. Mr. Hambitzer is of German and French descent but was born in Beloit, Wisconsin, was educated in Milwaukee, and proudly asserts that since he has never been abroad and never studied there, his music must be American.

**A WOMAN'S WISDOM.**

The worried mother wakes up to hear her baby's heavy breathing—a little cough—perhaps the croup or whooping cough. She does not want to send for the doctor when perhaps the trouble does not amount to much. Finally she thinks of that medical book her father gave her, The Common Sense Medical Adviser, by R. V. Pierce, M. D. She says "just the thing to find out what is the matter with the little dear." Two million households in this country own one—and it's to be had for only 31c. in stamps—1,000 pages in splendid cloth binding. A good family adviser in any emergency. It is for either sex. This is what many women write Dr. Pierce—in respect to his "Favorite Prescription," a remedy which has made thousands of melancholy and miserable women cheerful and happy, by curing the painful womanly diseases which undermine a woman's health and strength.

Mrs. ZUBERT AND BARE.

"My desire is to write a few lines to let you know what your valuable medicine has done for me," writes Mrs. MARGARET ZUBERT, of 323 S. Bentalon Street, Baltimore, Md. "Before the storm came to our house I was a very sick woman. I wrote you for advice which was kindly given and which made me a different woman in a short time. After taking the first bottle of 'Favorite Prescription' I began improving so that I hardly knew I was in such a condition. I did my own housework—washing and ironing, cooking, sewing, and the work of all nursed three children who had whooping cough. I hardly knew of the advent ten minutes before—so easy was it. The baby is as fat as a butter-ball. Dr. Pierce's Favorite Prescription is the best medicine for any woman to take when in this condition. I recommend it to all my friends."
