The Man Who Pulls Teeth With His Fingers.

Mr. A. D. Brown, the man who used to pull teeth with his fingers on stock sales days at Paris, Ky., and whose work was the talk of the whole county.

Last fall this same Mr. Brown came to Paris on Court Day and advertised a medicine known as Brown's Snake Oil Liniment, and left it for sale with Chas. E. Butler & Co., druggists of Paris, Ky. Since then Mr. Butler has sold hundreds of bottles of this wonderful medicine, and makes the broad statement that it has produced more cures than any medicine that was ever sold through his drug store.

Last Court Day Mr. Brown introduced on the streets, through Mr. Butler's drug store, a medicine known as Brown's Native Herbs in Liquid Form, and a great many bottles were sold under a positive guarantee that it would cure all forms of Stomach Trouble, Constipation, Catarrh, Indigestion, Dyspepsia, Water Brash, Rheumatism, Kidney and Bladder Chills and Fever, Diseases common to Women.

Its introduction into every community has been followed by some of the most remarkable cures. Brown's Native Herbs in Liquid Form is guaranteed to cure Constipation, indigestion, and to set the stomach right. It matters not how long standing the disease may be. It at the same time tones up the entire nervous system, gives strength and vigor to those who are weak, sick and nervous. To prove all this we ask you to go and have a talk with Mr. Butler at his store, buy a bottle of the Native Herbs, and if it is not just as we recommend and advertise it, you can go back to Mr. Butler and he will give you your dollar just as cheerfully as he takes it. Brown's Native Herbs in Liquid Form and Brown's Snake Oil Liniment, remember, are sold under a positive guarantee. Try it today.

HIGHLY PROFITABLE FARMS.
 Farm management surveys are now being conducted in a good many localities in this country. In nearly all of them it has been found that from 2 to 5 per cent. of the farmers are making very handsome incomes. A study of these highly profitable farms with a view to finding wherein they differ from ordinary farms brings out some very interesting relations.

BURDENS LIFTED
 From Paris Back—Relief Proved by Lapse of Time.

Backache is a heavy burden; Nervousness, dizziness, headache; Rheumatic pains; urinary ills; All wear one out. Often effects of kidney weakness. No use to cure the symptoms, Relief is but temporary if the cause remains. If it's the kidneys, cure the cause. Doan's Kidney Pills are for kidney ills. Here's proof of their merit from this vicinity. D. M. Farley, merchant, 474 Chair Ave., Lexington, Ky., says: "I had a dull, dragging pain in my back. The action of my kidneys was irregular, especially at night. Finally, I used Doan's Kidney Pills and before long they put a stop to all these troubles. My kidneys became normal and the pains and aches left. The endorsement I gave Doan's Kidney Pills in January, 1912, still holds good. I can only repeat that they are a fine kidney medicine." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Farley had. Foster-Milburn Co., Props., Buffalo, New York. (adv)

While the highly specialized farm represents the possibility of great profit, it frequently also represents the possibility of heavy losses on account of the tremendous fluctuation in production, and consequently in prices, of the products of intensive farming. In the greater portion of the country the great mass of farmers must gain their livelihood from the ordinary field crops and the common types of live stock. The surveys clearly demonstrate the fact that in general farming the size of the farm is a very important factor. The farm should be large enough to give the working force available to the farmer a maximum of productive labor throughout the year.

WOULD SAVE VETERANS FROM PENSION "SHIVERS"

Because he wanted to save his old comrades in arms from the hands of pension "shavers," C. E. Hoge, president of the State National Bank, of Frankfort, has volunteered to redeem at their face value the May issue of Confederate pension warrants, which will be sent out in a few days by State Treasurer Thomas S. Rhea. The issue aggregates more than \$100,000. The quarterly distribution of \$30 will be paid in checks from the State Treasury; but those who have been added to the pension list since the February distribution will draw back pay at the rate of \$10 the month from the date of their application, some of them drawing pay from July, 1912, when the law went into effect. Warrants will be issued to them. The pension warrants were mailed to the pensioners last week. Accompanying each warrant were instructions to the pensioner to present the warrant at his local bank and inform the bankers that the State National Bank at Frankfort will take the warrant at its face value. In this way the pensioners will receive the full amount of their pensions at once by presenting them at their local banks.

The response of Col. Hoge to Treasurer Rhea's request for someone to cash the warrants was prompted by sentiment. Col. Hoge served during the war with Braxton's artillery in the Army of Northern Virginia, and was one of the ragged band that surrendered at Appomattox court house. He has prospered since the war, and when the case was laid before him he accepted the opportunity to do something for his comrades in arms with whom fortune has dealt less kindly. State Treasurer Rhea says he realizes that it is no slight matter for a bank to come forward with more than \$100,000 in a lump to take up these warrants, but he is determined to frustrate the operations of pension "shavers," who otherwise would do a fine business discounting pension warrants from 3 to 5 per cent.

CHANNEL TUNNEL IDEA MORE THAN CENTURY OLD

The idea of a channel tunnel has now been in the air for more than a century, but even so, it comes nowhere near record for long-considered schemes. The ship canal across the Isthmus of Corinth, which was completed in 1892, was the finish of a scheme dating back to 600 B. C., when Perlander employed Egyptian engineers to survey the isthmus. Nero actually begun work along the site of the present canal, but at his death this was abandoned and men continued to weigh up the idea for another eighteen centuries.

An apple tree belonging to S. W. Alexander, of Los Angeles county, California, is attracting considerable interest because it bore two crops in one season, and the second crop was of a different variety than the first. The apples of the first crop were light in color and of medium size, while the second edition were dark reddish in color and in no way resembling the earlier crop.

The Telephone and Good Roads

The telephone goes hand in hand with good roads. The telephone overcomes many of the obstacles of bad roads and makes it possible for the farmer and other rural residents to transact business in the city and with neighbors when the roads are impassable.

Progressive farmers are insisting upon good roads and telephones. These two agencies of modern civilization are doing more than all others toward eliminating the isolation of country life. You can have a telephone in your home at very small cost. Send a postal for our free booklet giving complete information.
