WALL PAPER TALK No. 7.

Bed Room Decoration—Little can be added to what we previously mentioned concerning the suitability of "near to nature effects" for the bed room. While simplicity is the key-note of decorative success, quite frequently this room requires decorations along the lines herein mentioned.

A panelled treatment for both walls and ceiling, the cut-out borders should be used in the larger rooms. Delicately figured and colored walls and ceilings are most appropriate in work of this character.

THE EXPRESS IS IN THIS TOWN AND IN TO STAY

FOR seventy-five years—three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The express came to Paris in 1854, and it came to stay. For 50 years it has been the right-hand of commercial Paris.

It is here to stay. The other day when reports went out that the express companies might retire from business, a protest went up. From whom this protest—the express companies? No! The merchants of the country—shippers everywhere—petitioned Congress that no action might be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington.

For seventy-five years in the past and for a good many years in the future Express Service will mean

IMPORTANCE OF HEALTHY KIDNEYS.

Paris Readers Should Learn to Keep the Kidneys Well.

The kidneys have a big work to do. All the blood in the body is pouring through the kidneys constantly to be freed of poisonous matter. It is a heavy enough task when the kidneys are well, but a cold, chill, fever or some thoughtless exposure is likely to irritate, inflame and congest the kidneys and interrupt the purifying work.

Then the aching frequently begins and is often accompanied by some irregularity of the urine—too frequent passages, sediment or retention. Thousands testify to the wonderful merit of Doan's Kidney Pills, a remedy for the kidneys only, that has been used in kidney troubles for 50 years. You will make no mistake in following this Paris citizen's advice.

Mrs. Ida Huffman, 115 Main Street, Paris, Ky., says: "We think Doan's Kidney Pills are just fine. We will confirm the statement we gave some years ago recommending them. I suffered from pains across the small of my back. Seeing Doan's Kidney Pills advertised, I got a supply at Wilson's Drug Store and gave them a trial. I was very much pleased with the results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Huffman had. Foster-Milburn Co., Props., Buffalo, N. Y.

BEEES TIE UP TRAFFIC AND STOP FACTORIES.

Students at St. Xavier's College, Cincinnati, had a joyous time Friday when they stirred up a colony of bees which had hived on a window of the institution, but the bees eventually had their revenge by stopping traffic and causing a number shoe factories to suspend operations until the ferocious attack by the insects was over.

ONLY ONE ENTIRELY SATISFACTORY.

"I have tried various colic and diarrhoea remedies but the only one that has given me entire satisfaction and cured me when I was afflicted is Chamberlain's Colic, Cholera and Diarrhoea Remedy. I recommend it to my friends at all times," writes S. N. Galloway, Stewart, S. C. For sale by all dealers.

THE HUMBLE NEEDLE IS MAN'S TINIEST TOOL.

Who made the first needle? Perhaps some clever wife, who pierced the shank of a fine fishbone to carry a thread of plant fiber or catgut.

To-day the needle is the symbol of civilization, for where you find human beings this side of barbarism you find clothes, and where clothes are there are needles.

Man is a tool using animal. And the needle is the commonest and smallest of tools.

The spider spins his web, the worm his cocoon; the man, by nature naked, weaves his outmost cuticle with this sharp, shining shaft of steel.

I have never seen the needle factories. Yet they are in my mind's eye huge, many-windowed barracks, and out of them march, day after day, the little soldiers of civilization, in silver gleaming armour, golden helmets, in companies and regiments to go to Alaska and Cape Town, to Tokyo and New York; to the hands of the mother and the sister; to the morocco case upon the mahogany dressing table of the darling of wealth, to the workbox of the wife of the people, to the dark rooms of the slaves of the sweat shops, to the pincushion of the bachelor, to the knapsack of the soldier the bundle of the pioneer, the kit of the sailor. Wherever go the animals called human there the little needle dances attendance. — Chicago News.

IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR.

Use It Like a Cold Cream and Dry Eczema Eruptions Right Up.

The moment you apply bold-sulphur to an itching or broken out skin, the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphur made into a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet, in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good pharmacist will supply an ounce of bold-sulphur cream, which should be applied to the affected parts like the ordinary cold creams. It isn't unpleasant and the prompt relief afford is very welcome, particularly when the Eczema is accompanied with torturous itching. (adv)

TWO LITTLE HEROINES.

Grace Hanigan and Helen O'Hara, seven and eleven years old, respectively, swam about near the scene of the sinking of the Empress of Ireland until they were picked up by boats.

"Learn to swim before you embark in a rowboat or liner" is the argument of the New York Tribune, based upon the experience of the two little girls.

Learning to swim is wise, of course, but many excellent swimmers were drowned when the Empress of Ireland went down. Many of those who could swim were strong men. These two little girls not only knew how to swim, but also possessed the coolness that makes heroes and heroines in times of great danger. While others who could swim as well were frightened, and swallowed water while crying for help, and while others, far stronger than they, became discouraged and gave up the struggle, these youngsters paddled away in the hope of the rescue that, as fate determined, awaited them.

We see no moral other than that to be courageous is often worth your life. Everyone is not cast in heroic mould, and heroic mould does not mean broad shoulders or manly strength.

SUNKEN LINER MAY BE RAISED.

Whether the sunken liner Empress of Ireland, on which it is now officially declared 1,024 lives were lost, is to be raised from the bottom of the St. Lawrence River to recover the hundreds of bodies in her hull, or whether she will be dynamited at pieces is expected to be decided at a conference in Montreal of Government officials and representatives of Lloyd's.

It is believed there will be great indignation if there is no attempt to recover the bodies, and to meet this demand, if possible, the Government is understood to be anxious to have the liner brought again to the surface.

CURES STUBBORN, ITCHY SKIN TROUBLES.

"I could scratch myself to pieces" is often heard from sufferers of Eczema, Tetter, Itch and similar Skin Eruptions. Don't Scratch—Stop the Itching at once with Dr. Hobson's Eczema Ointment. Its first application starts healing; the Red, Rough, Scaly, Itching Skin is soothed by the Healing and Cooling Medicines. Mrs. C. A. Einfeldt, Rock Island, Ill., after using Dr. Hobson's Eczema Ointment, writes: "This is the first time in nine years I have been free from the dreadful ailment." Guaranteed. 50c at your druggist.
