THANKSGIVING TURKEYS TO BE WITHIN REACH OF ALL.

That the price of a Thanksgiving turkey this year will be lower than for many years is almost a certainty. Those engaged in raising turkeys report the largest crop in many years in the course of fattening for the market.

The extreme dry weather last summer just at the hatching time gave all fowls a good start on the road to maturity free from disease which usually plays havoc with the average turkey crop.

STOCK AND FARM NOTES.

—Clifton, the fast green trotting gelding owned by Ed. Bedford, of Paris, trotted a mile for his trainer, Monday, in 2:08½, out in the track away from the pole and came the last half in 1:04, last quarter in .31. This was an especially good performance, considering the slow track.

NOTICE TO STOCK OWNERS.

All persons driving live stock through the streets of Paris are required to furnish sufficient men with the herds to keep said stock from running through and damaging the yards along the streets.

Considerable complaint is made by residents of Paris about stock being allowed to run through their lawns, damaging hedges, flowers, etc.
