Mr. Phil Nippert, Jr., General Manager of the Paris Ice Manufacturing Co., received notice Tuesday that the Railroad Commission at Frankfort, had entered an order requiring restitution in the case of the Paris Ice Company against the Louisville & Nashville Railroad Company, and the Standard Oil Company against the same company. The Paris Ice Manufacturing Co. claimed the Louisville & Nashville railroad charged nine cents on the hundred for ice shipped from Lexington, when the rate should have been eighty-two cents on the ton. The Louisville & Nashville was ordered to return the overcharges.

CONFISCATED BOOZE EMPTIED INTO SEWER.

In the presence of a number of interested spectators, many of whom commented audibly on the woeful waste of such a supply of "nerve tonic" City Attorney Wade H. Whitley emptied into a Main street sewer a large quantity of liquor.

The wet goods formed a supply found in the possession of George Willis, alias West, colored, who was arrested by Patrolman Judy. West had a trunk and a large suit case, which proved to be the hiding place of one three-gallon tin can, and one two-gallon tin cans, both filled with whiskey. In the suit case was six quart bottles and six half-pints of beer, which Willis claimed was in transit to Jellico, Tenn., in his care. Willis is in jail awaiting appearance before the grand jury on the charge of having liquor in his possession in local option territory for unlawful purposes.

LAYING OF CORNERSTONE OF NEW CHURCH SUNDAY

The cornerstone of the new Presbyterian church, construction work on which was started on the site of the old church, at the corner of Sixth and Pleasant streets some months ago, will be laid with appropriate ceremonies, on next Sunday afternoon, May 20, at 3:30 o'clock.

The ceremonies will be most impressive, and, if the weather be propitious, there will no doubt be a large crowd present to witness the services. In case of bad weather the services will be held in the court house, where the congregation has been worshiping since the razing of the old church, which was in its time one of the most historic church edifices in the State.

The program for the ceremonies is as follows:

Rev. Dr. J. Grey McAllister, of Louisville, presiding.

Hymn—Congregation.

Invocation and Scripture Reading.

Address—Dr. F. J. Cheek, Danville, Chorus.

Address—"Our Church," Hon. E. M. Dickson, Paris.

SUMMER PERHAPS HERE?

After several weeks of unseasonably cold weather, the weather man has sent partial relief. A special message from the Weather Bureau at Washington bears the comforting assurance that summer weather is at hand. The text of the message is as follows:

"The occurrence of the summer type of pressure distribution indicates the end of the prolonged cool period east of the Rock Mountains, and warmer weather may be expected without probability of a return to unseasonable low temperature for some time to come."

Farmers and gardeners, in addition to those who have new spring clothes and low cut shoes, will welcome the return after a long vacation of summerlike days. The planting of the corn crop is already considerably retarded in certain sections by the cold days, and that portion which has been planted would be in danger of non-germination if conditions had not moderated. The warm sunshine will also check the ravages of cut worms, which have been preying on the crops over and under the ground.

LADIES' SUITS.

Harry Simon is closing out all his \$22.50 and \$25 suits, at \$14.98. (11)
