

BROKEN DOWN IN HEALTH

**Woman Tells How \$5 Worth
of Pinkham's Compound
Made Her Well.**

Lima, Ohio.—"I was all broken down in health from a displacement. One of my lady friends came to see me and she advised me to commence taking Lydia E. Pinkham's Vegetable Compound and to use Lydia E. Pinkham's Sanative Wash. I began taking your remedies and took \$5.00 worth and in two months was a well woman after three doctors said I never would stand up straight again. I was a mid-wife for seven years and I recommended the Vegetable Compound to every woman to take before birth and afterwards, and they all got along so nicely that it surely is a godsend to suffering women. If women wish to write to me I will be delighted to answer them."
—Mrs. JENNIE MOYER, 342 E. North St., Lima, Ohio.

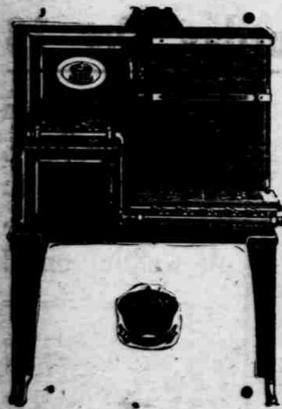

Women who suffer from displacements, weakness, irregularities, nervousness, backache, or bearing-down pains, need the tonic properties of the roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

RECOVER WALNUT LOGS FROM BOTTOM OF LAKE.

Valuable walnut logs have been recovered from the bottom of Reelfoot Lake, where they have lain since the great earthquake in 1812, which felled the trees and formed this famous lake. The logs have been shipped to an Eastern factory for the construction of airplanes and hydroplanes. The hundreds of acres of fine walnut and oak which went down when the earthquake occurred in 1812, and which are on the bottom of the lake can be seen in low water. The value of the walnut timber has been enhanced a hundred fold by demand for it in the construction of army airplane propeller blades.

THE SECOND LIBERTY LOAN OPENS WITH ZEAL.

WASHINGTON, Oct. 4.—The second Liberty Loan campaign opened Monday. For four weeks the entire nation will be a recruiting ground for money with which to carry on the war. To obtain \$3,000,000,000 in subscriptions, the minimum set by Treasury officials for the issue, a gigantic machine of many parts stands ready to be set in motion with the opening of the campaign. Fifty per cent. greater than the first Liberty Loan, the present offering is the largest the American people ever have been called upon to absorb, and for months past have been perfecting the elaborate sales and publicity mechanism which was started Monday.

Five billion dollars and 10,000,000 subscribers—that is the goal to which officials hope to drive the campaign successfully during the next four weeks. The services of virtually every industry of the nation have been enlisted to bring about this result. Hundreds of thousands of individuals, firms and corporations will unite in giving all or a part of their time in carrying the work forward.

Secretary McAdoo opened the campaign formally with a speech in Cleveland, Ohio., the first of many he will deliver in a transcontinental tour which will take him into virtually every section of the country and keep him on the road until October 26, the day before the subscription books close.

More than 26,900 banks will cooperate in floating the huge issue. These, working under the guidance of twelve Federal Reserve banks, regional headquarters for the loan, will be the Treasury's first lieutenants. The entire press of the country—daily newspapers, weekly and monthly magazines, trade papers, foreign language publications and farm papers—which contributed so largely to the success of the first issue, will work for the success of the second.

Chambers of commerce, boards of trade, manufacturers' associations and kindred organizations have pledged their active and unstinted efforts in the campaign. Patriotic societies by the score have been enlisted, as well as school children, church and school organizations, labor unions, fraternal societies and school children. Boy Scouts, veterans of the last campaign, are planning a heavier drive for the second. Women's organizations from coast to coast have been marshalled under the leadership of a Central Woman's Liberty Loan Committee headed by Mrs. W. G. McAdoo, and tens of thousands of local committees of both men and women will aid in the chief towns and cities.

The stage and screen will do their part. Leading theatrical and moving picture stars have been filmed for a special number which will be displayed in virtually every moving picture theatre in the country, while from behind the footlights of vaudeville and other theaters speakers will utilize daily the time between the acts to campaign for the loan.

A central speakers' bureau will send speakers throughout the country to tell the people what Liberty bonds are for. Local committees will supply thousands of speakers to campaign in their respective localities.

A campaign for the sale of bonds that will reach every officer and enlisted man in the army and every officer, enlisted man and civilian employee of the Marine Corps was announced by the War Department. The Navy Department also is preparing a similar campaign. October 24, designated by Secretary McAdoo as "Liberty Loan Day," probably will be made a holiday at all camps and cantonments with field day sports and music.

STOCK, CROP, ETC.

Hensel Margolen sold to an Atlanta, Ga., dealer, Monday, a general purpose horse for \$135.

Mr. W. H. Kerr, of Lexington, purchased of Jack Howard, of this county, an extra good six-year-old driving horse for \$200.

Mr. Wm. Rogers, of Bellevue, Ky., shipped a consignment of forty 200-pound hogs to Eastern markets that brought him in the sum of \$1,530.

Caywood, Smith & McClintock sold on the local market Monday thirty-eight mules at \$150 to \$225 each.

The Bluegrass Commission Co., of Lexington, purchased 116 barrels of old corn this week from Mr. J. W. Jacoby, of Hutchison, at \$9.50 per barrel.

Caywood & McClintock sold fifty feeders to Edward Prichard at nine cents per hundred pounds, and \$1.00 per head.

An acre and one-half of sweet potatoes planted by Dr. William Kenney, of Paris, on his farm near this city, made a yield of 225 bushels of excellent quality.

Mr. J. W. Calvert, of the county, purchased of John R. McDermott, manager of the Postal Telegraph office in Paris, a nice Shetland pony for which he paid \$95.

Southern buyers purchased this week of Caywood, Smith & McClintock, of this city, a mixed carload of general purpose horses and mules for plantation work in the South.

Slight frosts have been reported several days this week, but not enough to do any material damage. In fact the frosts now falling are rather helpful in drying up the corn and in ripening tobacco.

The tobacco growers of Simpson county have declined all offers to sell their crops in the barn, as many who sold last season sustained heavy losses when compared with the prices realized on the loose leaf floors.

Mr. Samuel J. Bell brought to the office of the Stanford Interior-Journal a kershaw that weighed thirty-seven pounds. It is said to have been the largest vegetable of the kind ever raised in Lincoln county.

It is said that the United States Government will need from 3,000 to 4,000 thoroughbred stallions to be used at the Government remount breeding stations as sires for getting military horses during the next three or four years.

A splendid Shorthorn heifer which was offered for sale at the Illinois State Fair was purchased by Carpenter & Ross, of Mansfield, O., for \$600. The purchase money was donated to the Red Cross work.

Growers are offered twenty cents and \$250 per acre for their tobacco around Mt. Sterling, and seven and eight cents for the leaves that fall from the stalks in the field. Some growers have refused twenty-five cents for their tobacco.

Maysville Independent: "Mr. Dan Mahar, of the Washington neighborhood, purchased a wagon load of corn from J. C. Everett & Co., local grain dealers, to feed a bunch of hogs he has on his farm. The wagon load of corn cost Mr. Mahar \$206.50. It was some price for corn, but good hogs are bringing some price also."

At the annual sales held in Lexington, Monday, by the Kentucky Sales Co., fifty-seven head of horses were disposed of for \$9,530, or an average of \$167. N. O. Rogers, of Paris, paid \$120 for Bedford General, b. c. 1, Bedford Forrest—Ceylona by General Forrest, and T. O. Allen, of Paris, purchased Judge C, b. c. 1, Lassell—Sausolito by General Forrest, for \$130.

Speculators in tobacco have been busy among the farmers and growers in Scott county. Several good sales have been made around Donerall. One crop of ten acres sold for \$3,250, and another of fourteen acres sold for \$4,000. The speculators have not been working very much in Bourbon county. The growers seem to prefer waiting for the open markets at the local houses.

**25 CENTS DESTROYS
YOUR DANDRUFF AND
STOPS FALLING HAIR**

Save Your Hair! Make It Thick,
Wavy and Beautiful—
Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

NEW INTERURBAN PROJECT NEARING COMPLETION

The directors of the Shelbyville & Frankfort Realty Company, which was organized to promote an electric line between the two cities, held another conference in Frankfort, Tuesday, with P. C. Philipp, a Philadelphia engineer, who represents an Eastern syndicate which proposes to build the road in consideration of a free right-of-way and terminal facilities in both places. An agreement on all the points at issue was practically reached, and it is expected that the contract will be signed at an early date.

Under the proposed contract, the company represented by Mr. Philipp will forfeit the franchise to be granted them unless work is begun by March 1, and continued without undue interruption until the road is completed at a date not later than January 1, 1920.
