

GERMAN MOB ASKS KAISER TO QUIT JOB.

PARIS, October 28.—An enormous crowd assembled before the Reichstag building in Berlin yesterday, calling for the abdication of Emperor William and the formation of a republic, according to a special dispatch from Zurich to L'Information.

CONGRESS EXPECTS SPEEDY ACTION ON DEFICIENCY BILL

WASHINGTON, Oct. 28.—Congressional leaders to-day expected speedy action by the Senate and House conferees on the six-billion-dollar deficiency bill, passed late yesterday by the Senate.

So Congress is going to aim a blow at high prices. But experience has inspired no confidence in its aim in that direction.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again.

UNTIL CRIMES ARE EXPIATED, PEACE IS IMPOSSIBLE.

(By Octave Forsant, Superintendent of Schools in Rheims, France.) To have pillaged and burned villages, as I have seen, to have bombarded hospitals, poisoned springs, and, without any military justification, to have devastated whole regions and destroyed the artistic treasures of mankind; to have killed women and mutilated children, during the years when the populations were held conquered; to have cast aside, in the name of God, but with a Satanic use of science, the warrior's virtues and substituted for them, premeditated and wholesale assassination; there is the work of the German military caste.

So long as such crimes shall not have been expiated, the war must continue; so long as humanity can fear the return of similar atrocities, peace is impossible. In order to preserve, from the barbarians, the precious victories of a civilized world; in order to guarantee our children against the universal oppression of brutal force; in order to assure the rule of liberty, of justice, and of right; in order to save the world, there must be no peace until these crimes are expiated.

SINCERE GRATITUDE

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

The man who tells with pride all about the first thousand dollars he ever made it apt to be more reticent about the last thousand.

PRESIDENT'S PERSONAL REPRESENTATIVES ARRIVE IN EUROPE.

WASHINGTON, Oct. 28.—Col. E. M. House, personal representative of President Wilson and spokesman of the State department, and Admiral William S. Benson, chief of naval operations, have arrived in France to represent the United States in the consideration of Germany's plea for an armistice and peace negotiations.

Col. House is accompanied by Gordon Auchincloss, his son-in-law; Joseph G. Grew, chief of the State department's division of Western European affairs, and former Secretary of the American Embassy at Berlin, and Frank I. Cobb, of New York.

It is understood Col. House is prepared to speak for the President in any negotiations that may be conducted, concerning questions to be determined before the military men give the terms on which an armistice would be possible or for the formulation of concrete terms upon which peace may be made whenever the Germans are ready to surrender.

Admiral Benson is expected to represent the United States navy in the discussion of naval questions, as General Tasker H. Bliss represents the army on the Supreme War Council.

The fact that Colonel House left for Europe several days before President Wilson's final reply to Germany was dispatched is further proof that every step of the President's negotiations with Germany has been taken in full accord with the Entente governments. It also is taken to indicate that decision to transmit the German plea to the Allies under certain conditions was reached even before the last note from Berlin was received.

Col. House long has been recognized as the logical selection by the President to represent him in such conferences as now are to be held. Not only is he closer to the President probably than any other living man, but he is believed to be peculiarly fitted for the task at hand. He has made frequent trips to Europe since the war began in 1914, conferring with leaders in the leading belligerent nations and more than a year ago he was charged by the President with gathering data for use at the peace conference.

ASTOUNDING WORK DONE BY BIG U. S. NAVAL GUNS.

WASHINGTON, Oct. 28.—Announcement from France that American 16-inch naval guns, manned by naval gun crews, have come into action with the American army at the front disclosed that through efforts of the ordnance officials of the navy General Pershing's forces are now equipped with the most powerful and hardest hitting weapons yet used in the present war, ashore or afloat, so far as is known.

The 16-inch rifles are similar to those designed for use aboard the the newest American dreadnoughts. They are 50 caliber, more than 66 feet in length and weigh approximately 100 tons without their carriages.

Without question they are the longest range guns in use except the German super-guns, which are regarded merely as a mechanical freak.

The projectile weighs close to a ton and its bursting charge of the most powerful explosive known, is measured in hundreds of pounds against the few pounds in the German super-gun shell. The destructive effect is enormous.

ACCOUNTANTS DEMANDED

Capable men and women wanted to train at once, without interfering with their present duties, for auditing, cost production, controllers (and executive) accountancy work paying \$2,500 to \$6,000 annually at the start.

The Government is urgently calling for executive accountants and assistants by the thousands for cost investigation in the basic industries for assisting in the collection of billions of income and other war taxes. Nearly every large corporation in the country is appealing to accountancy organizations for additional accountants, to facilitate industrial expansion and calculate heavy Federal taxes—this is essential war and after-the-war work.

The demand for general accountants, auditors, cost accountants and certified public accountants is so great that the available supply is entirely exhausted; and for this reason the treasury has suggested to President Wilson that accountants be recognized as a class essential to the war, and that they not only be exempted from draft, but that some plans be worked out to discourage their voluntary enlistment and to recognize their value in industrial service.

Our organization, the largest and best equipped of its kind in the world, has been called upon to train new men and women for executive positions in the accounting field. With us you get the direct personal guidance of the largest staff of accounting and business experts, including certified public accountants and members of the American Institute of Accountants, ever organized for giving instruction in the higher accountancy field.

Thorough instruction given for the C. P. A. examination. You don't have to understand bookkeeping. We train you from the ground up. Hundreds of men whom we have helped to bigger paying positions report salary increases from one to four times what they formerly earned. State age, present employment and if possible your telephone number. All communications strictly confidential if desired. Address
