**"YOU'D BETTER WATCH OUT!"**

Mayor E. B. January has requested that all citizens who know of men or women who have refused to work send their names to Mrs. Harriet Minkner, Visiting Nurse for the Bourbon County Health and Welfare League, so that when appeals come in for charity during the winter the "slackers" may be refused. This is ample warning to the "I-dont-have-to-work" class!

**FORMER ATTORNEY GENERAL TO ASSIST IN CITY SUIT**

Mr. M. M. Logan, of Frankfort, former Attorney-General of Kentucky, has been employed by Consulting Engineer W. H. Weiss, to assist City Attorney Denis Dundon in prosecuting the suit of the city of Paris against the Paris Gas & Electric Co.

Mr. Weiss employed Mr. Logan on his own initiative and at his personal expense. The former Attorney General's entry in the legal forces will make an interesting addition.

**SERV-US SYRUPS.**

A carload of Serv-Us Syrups, the kind that everybody wants, has arrived and is being distributed to retail grocers.

There is more sweetening properties in one gallon of this Syrup than in two gallons of ordinary Corn Syrup, and the flavor is delightful. Call on your grocer for it.

**GET THE GOODS. SAVE THE DIFFERENCE AT MRS. ELLIS' CASH AND CARRY STORE.**

I buy for cash and get the lowest cash prices and best cash discounts, and in selling strictly for cash I can afford to sell goods lower than the grocer who does a loose credit business, and runs an expensive delivery. Country people who drive up to my store and get the goods save the difference and do not help pay bad debts, and expensive city delivery. I pay the highest market price for butter and eggs. Look for the "red front store."

**THE MEANEST THIEF.**

Paris leads in almost everything these days, and now comes to the front with perhaps the meanest sneak thief in the State. Several nights ago this excrement on the face of nature, while the proprietors and clerks were busy, entered the restaurant of Harris & Dale, on Main street, and made away, bodily, with the big glass receptacle which had been placed there for the contributions to the Soldiers Tobacco Fund. The jar contained about \$8.50 in pennies, dimes and nickels, donated by patriotic citizens of Paris. Ray Harris says he would feel a little bit better disposed toward the unknown thief if the jar would be returned.

This is about the meanest piece of petty thievery that has come to light in Paris for many years. "Stealing coppers from a dead man's eyes" used to be the expression of the utter limit of meanness, but this case tops the wall, and then some.

**DO YOU WANT THE NEWS?**

Uncle Sam has asked THE NEWS to discontinue sending the paper to subscribers after the time paid for has expired. Many have neglected to renew their subscriptions or to pay up the arrears, and we shall be compelled to discontinue sending THE NEWS, in order to comply with the request of the United States War Industries Board. Do not blame us if you fail to get the home paper, but send us a check or a money order for the subscription price—\$2.00 per year, or \$1.00 for six months. We have absolutely no choice in the matter, but simply have to obey the Government order!

**JURORS NOT TO REPORT.**

On account of the influenza ban, which remains in force, the petit and grand jurors who have been summoned for the November term of Bourbon Circuit Court, will not be required to report. This does not mean that there will be no session of the court. Judge Stout will be here Monday, the day scheduled for the opening of court, to hear and pass upon equity cases and appearances, but there will be no jury cases. This information was given out from the Sheriff's office yesterday for the guidance of jurors, who are requested to note the above and act accordingly.

**FISCAL COURT PROCEEDINGS.**

The November term of the Bourbon Fiscal Court met in the County Court room yesterday morning, but had very little business to transact. Judge Batterton presided, with the following Justices present: Fretwell, Thomason, Burris, Stephenson, Wiggins, Shropshire and Turner.

The report of the County Road Engineer for the month of October was read and filed. A large number of claims against the county were allowed and ordered paid. County Treasurer S. E. Bedford was authorized to borrow the sum of \$5,000 for the use of the Turnpike Fund and to execute his note for same, payable Jan. 1, 1919, and bearing 6% interest from date until paid. A committee was appointed to confer with E. F. Simms in regard to repairs and expenses caused by Mr. Simms' truck destroying and damaging bridges. The sum of \$5.00 per month was ordered paid to John S. Talbott for the support of Lee Strawther.

The Court then adjourned to meet again on December 5.

**THE TURKEY MARKET**

According to local dealers, there is a shortage of turkeys in some localities, but other districts make up for this shortage and there is an average crop. The price will be good, as everything else is high.

The killing season will commence early this time on account of the heavy war movements and the congestion among the transportation companies. The United States Food Administration has issued an order that dealers should not buy any turkeys for the Thanksgiving market after November 16. The best prices will be governed by the local demand. Turkey hens must weigh eight pounds and up; gobblers, twelve pounds. Early shipments will go overseas. Those selling early will greatly aid the dealers to get out shipments on time.
