

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weakness and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small

swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease. Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

GERMANS INTRIGUING IN MEXICO AND SOUTH AMERICA

Revelation of extensive German plots in Mexico during the war, which included a proposed invasion of the United States by a German-Mexican army of 45,000 men at the same time that the Germans launched their last drive on the western front in July, 1918, was made in New York by the National Association for the Protection of American Rights in Mexico, which gave out a statement by Dr. P. B. Altendorf, formerly of the United States Military Intelligence Department, reciting his experience as an American secret service agent in that country.

Dr. Altendorf, the son of a Polish banker in Cracow, Austrian Poland abandoned a medical course in the University of Vienna at the outbreak of the war and fled to Mexico where he was offered a position as a German spy to operate against the United States by Kurt Jahnke, head of the German secret service in Mexico.

"With pretended reluctance, but with secret joy I accepted," he said, "and at once found myself in a position to render valuable service to the Allies in general and to the United States in particular."

He opened communication with the border as a volunteer worker to the Military Intelligence Department, he claims, and was later sworn in as a special agent of the Military Intelligence Department.

The association states that it has investigated his claims and that Brigadier General Marlborough Churchill, the head of the Military Intelligence Department, "spoke in terms of the highest praise of the zeal and trustworthiness of Dr. Altendorf and the great value to the services he rendered."

In addition to explaining his activities in Mexico, Dr. Altendorf warns the people of the United States against a proposed German commercial conquest of Mexico.

"Within six months after the United States ratifies the treaty of peace," he says, "Germany will have complete economical control of Mexico. Within a very few years, if they are permitted to carry out the plans they have formulated and are now executing as rapidly as they can, the Germans will be absolute economic, political and military control of Latin-America with headquarters in Mexico."

A TRAVELING MAN'S EXPERIENCE

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."
