**Only America Can Keep These Pots Boiling**

This snapshot of an American feeding kitchen in still prostrate eastern Europe shows what America means to the otherwise helpless childhood of the war-swept nations. Funds supporting these outposts of succor and other agencies for the relief of children stricken by the disease caused by under-nutrition have run out, and that the work may not cease, depriving millions of the innocent of their only hope for life, eight great American relief organizations under the name of the European Relief Council are banding together in a joint appeal to the American conscience in their behalf. These agencies are the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Jewish Joint Distribution Committee, the Federal Council of Churches of Christ in America, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.

**AN APPEAL TO THE AMERICAN PEOPLE**

Three and one-half million children in Eastern and Central Europe have no alternative to disaster between now and next harvest except American aid. For months these most helpless sufferers in the track of war have been admitted to American feeding-stations only if tragically undernourished, and have received American medical aid only if desperately threatened by death from disease.

Winter is closing down. The money of many nations is valueless outside their own boundaries. Economic and crop conditions make famine, with its terrible train of diseases, a certain visitor until next harvest. Inevitably the helpless children will suffer most. No child can grow to health and sanity on the pitiful makeshifts for food with which millions of European adults must content themselves this winter. It is obvious that the remedy can come only from outside.

America saved 6,000,000 European children winter before last. Normal recuperation cut the need nearly in half last year, but unusual conditions have resulted in scant shrinkage of child destitution during the twelvemonth just past. The response of America must now decide whether 3,500,000 of these charges, in acute distress, shall begin to be turned away in January from more than 17,000 asylums, hospitals, clinics and feeding-stations dependent on American support. There would be no tragedy in history so sweeping or so destructive of those who can deserve no evil.

The undersigned organizations, working among every race and creed, many engaged also in other forms of relief, agree unanimously that the plight of these helpless children should have complete priority in overseas charity until the situation is met. This is an issue without politics and without religious lines. There can be no danger of pauperization, for the \$28,000,000 for child food, and the \$10,000,000 for medical service that we seek, will relieve only the critical cases. The medical supplies, of course, must be an unqualified gift, but for every American dollar used in child-feeding, the governments and communities aided furnish two dollars in the form of transportation, rent, labor, clerical help, cash contributions and such food supplies as are locally obtainable.

America has not failed in the past in great heartedness. She has never had a more poignant call than this. Contributions should be turned over to the local committees which are now being formed for this national collection, or sent to Franklin K. Lane, Treasurer, Guaranty Trust Co., New York City.

**Playing Mother and Father to His Baby Brother**

This is a common sight in Poland today, eight and ten-year-old children mothering and fathering their baby brothers and sisters. This photograph, secured by an American Jewish Relief worker at Brest-Litovsk, shows an eight-year-old boy feeding his little brother from a bowl of hot soup just secured at a feeding station supported through American funds. The relief workers found 10,000 children, mostly war orphans, living in deserted dug-outs at Brest-Litovsk.

It is to aid such waifs as these that the European Relief Council has been formed by merging the relief activities of the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A.
