

Mothers, Prepare!

When a girl becomes a woman, when a woman becomes a mother and when a woman passes through the changes of middle life, are the three periods of life when Dr. Pierce's Favorite Prescription is most needed. Many thousands would testify just as does the following:

Raphine, Va.—"I took Dr. Pierce's Favorite Prescription about two years ago during expectancy and got along fine—better than any other time. I was ill only two hours, or maybe less. I am the mother of seven children."—MRS. J. I. HALBURTON, R. F. D. 1.

Send 10c for large trial package of Favorite Prescription Tablets to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Among the First Editions!

No man really knows a woman like a book until he has tried to put her on the "shelf!"—Cartoons Magazine.

Hair Used in Building Churches.
At one time the Japanese made use of human hair in building churches. It was the custom for church-going people to give some of their hair as a free-will offering when a temple was being built. Such a structure at Tokio had the beams and rafters held in place by one of these human hair cables. Placed end on end this human hair rope measured 4,528 feet long and seven inches in diameter, no fewer than 350,000 persons contributing before sufficient quantity was obtained.

Inspiration to Home Affection.
"When a man bet on a lame horse," said Charcoal Eph, ruminatively, "hit sure do git inspirin' how he yell for laigs t' git on dat old crowbatt fo' de sake o' his wife an' chillun."—Richmond Times-Dispatch.

Proof of Good Sense.
"A man who has genuine horse sense," said Jud Tunkins, "never tries to show it off by trying to pick winners at the racetrack."

TOBACCO MAKES GOOD FERTILIZER.

In view of the current prices of commercial fertilizers and the fact that some grades of tobacco are selling for less than \$2.00 per hundred pounds, Kentucky farmers can profitably use tobacco, especially some of the dark tobaccos for fertilizing purposes, according to a reply made by Prof. George Roberts, head of the Agronomy Department of the State College of Agriculture, in response to numerous inquiries being received from farmers. A ton of tobacco fine enough for distribution would be worth about \$67.50 or \$33.75 a hundred pounds according to calculations made on certain current prices of mixed fertilizers. However, if the tobacco is to be used as a fertilizer it should only be used in connection with acid phosphate was the suggestion of Prof. Roberts.

A ton of tobacco containing the average amount of nitrogen and potash, which is four per cent. of the former and six per cent. of the latter, when mixed with 1,000 pounds of acid phosphate would make a ton of fertilizer having the following approximate composition: Nitrogen two per cent., phosphoric acid eight per cent., and potash three per cent. On the basis of certain current mixed fertilizer prices this tobacco mixture fertilizer would be worth \$50 a ton, according to Prof. Roberts.

Fireflies Make Pretty Light.
Myriads of fireflies hovering over a gentle river so swarm and cling together that they appear at one time like a luminous cloud, again like a great ball of sparks. Cloud or ball, the wonder soon breaks and thousands of the fallen insects drift with the stream while new swarms form, reform, and sparkle continuously above the water. So marvelous is the sight that a Japanese poet wrote: "Do I see only fireflies drifting with the current, or is the night itself drifting, with all its swarming stars?"

To Take Castor Oil.
The following is a good way to take castor oil without tasting it: Take a glass of ice water. Pour on the water the dose of the oil. The oil will congeal into a bolus, as it were, which will pass the lips, teeth and tongue as one mass, unaltered.

"Cold in the Head"
Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

BEFORE you buy oil for your car, consider the Five Essentials of Automobile Lubrication:

1. Your oil should reduce friction to the minimum.
2. It should leave your engine in a clean condition.
3. It should act as a compression-seal to conserve power.
4. It should not contain or form any substance injurious to the engine.
5. It should be economical in use.

No one oil can perform these Five functions for all Motors. Each motor requires an oil to suit its structure and its degree of wear. It is

The LAW of LUBRICATION

FOR EVERY MACHINE, of EVERY DEGREE of WEAR there is A SCIENTIFIC SINCLAIR OIL to SUIT its SPEED AND CONSERVE its POWER.

The correct Sinclair Oil, scientifically chosen in accordance with this Law, will perform the Five Essentials of Lubrication for your car.

We know the Law of Lubrication and how to apply it—or we will gladly present you with a copy of the Sinclair Index containing the scientific oil recommendation for YOUR car in accordance with the Law. This service is free.

PEPTO-MANGAN WILL HELP FIGHT COLDS

Make Up Your Mind To Keep Free From Colds—Get Your Blood In Good Condition

START TAKING PEPTO-MANGAN

Now Is the Time To Build Up—You Will Be Strong This Winter

Every house has a supply of fuel for winter. People know cold weather is coming. They get ready for it.

How many people get their own bodies ready for winter? Most of us go around all summer in the intense heat burning up energy, working hard all day and sometimes lying awake nights sleepless in the heat.

Winter comes along. It teaches many people totally unprepared physically. Few of us take stock of our health. Whether we will be well, healthy and strong, we often leave too much to chance.

But not everybody. Nowadays people are learning. They know this matter of enjoying good health is a thing they can help control. If you live right, eat right, get plenty of sleep, breathe fresh air and keep your blood in good condition, you will be all right.

It is so simple. If you feel a little off in health—perhaps worn out and pale—don't take chances. There is no need of it. Buy some Pepto-Mangan of your druggist. Begin taking it to-day. You can get it in liquid or tablet form. Tell your druggist which you prefer. Be certain that you get the genuine—"Gude's Pepto-Mangan." Look for the name "Gude's" on the Package. (adv)

Annual Rainfall.
The annual rainfall of the world is computed by the United States geological survey at 29,347 cubic miles, of which 6,524 cubic miles drains into the sea. Each cubic mile of the river water weighs about 4,205,650,000 tons, and averages about 420,000 tons of foreign matter, that passes to the ocean.
